CHAPTER NO. 160

[HB 201]

AN ACT EXTENDING THE 2003 APPROPRIATION OF MONEY FROM THE COAL SEVERANCE TAX PERMANENT FUND TO THE DEPARTMENT OF JUSTICE FOR TECHNICAL, LEGAL, AND ADMINISTRATIVE ACTIVITIES FOR THE STATE OF MONTANA NATURAL RESOURCE DAMAGE ASSESSMENT AND LITIGATION; REQUIRING REPAYMENT OF THE EXPENDED AMOUNTS FROM ANY RECOVERY IN THE LITIGATION; AND PROVIDING EFFECTIVE DATES.

WHEREAS, in Chapter 283, Laws of 2003, the Legislature appropriated to the Department of Justice from the coal severance tax permanent fund a loan, in the form of a line of credit, of up to \$650,000 as needed for the biennium ending June 30, 2005, for the purpose of conducting the natural resource damage assessment and litigation and pursuing the state of Montana's natural resource damage claims and any appeals through the natural resource damage litigation program; and

WHEREAS, less than \$200,000 of this loan has been expended through January 1, 2005.

Be it enacted by the Legislature of the State of Montana:

Section 1. Extension of natural resource damage program appropriation. The remainder of the \$650,000 loan appropriated to the department of justice for the biennium ending June 30, 2005, in section 1, Chapter 283, Laws of 2003, is reappropriated to the department for the biennium ending June 30, 2007, for the purposes as set forth in Chapter 283, Laws of 2003.

Section 2. Loan agreement. The board of investments and the department of justice shall amend the existing contract pledging the amount recovered in the litigation to the repayment of the loan, which is to be deposited in the coal severance tax permanent fund. This amendment of the contract must incorporate the provisions of [section 1] but may not modify any other terms and conditions of the contract, which incorporates the requirements of Chapter 283, Laws of 2003. The continuing loan authorized in [section 1] may not be made for expenditures incurred after June 30, 2005, until the amendment of the contract required by this section has become effective.

Section 3. Three-fourths vote required. Because [section 1] appropriates money from the coal severance tax permanent fund for 2 additional years, Article IX, section 5, of the Montana constitution requires a vote of three-fourths of the members of each house of the legislature for passage.

Section 4. Effective dates. (1) Except as provided in subsection (2), [this act] is effective on passage and approval.

(2) [Section 1] is effective July 1, 2005.

CHAPTER NO. 161

[HB 206]

AN ACT RELATING TO THE DESIGNATION AND OPERATION OF CONTROLLED GROUND WATER AREAS PROVIDED FOR UNDER THE WATER USE LAWS; CLARIFYING HOW GROUND WATER MAY BE APPROPRIATED IN CONTROLLED GROUND WATER AREAS; PROVIDING FOR AN ADDITIONAL 2 YEARS TO STUDY TEMPORARY CONTROLLED GROUND WATER AREAS; REQUIRING THAT GROUND WATER STUDIES ARE UNDER DIRECTION AND CONTROL OF THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; AMENDING SECTIONS 85-2-113, 85-2-306, 85-2-322, 85-2-507, AND 85-2-508, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definition. As used in this part, “perennial flowing stream” means a stream that historically has flowed continuously during all seasons of the year, during dry as well as wet years.

Section 2. Section 85-2-113, MCA, is amended to read:

“85-2-113. Department powers and duties. (1) The department may prescribe fees or service charges for any public service rendered by the department under this chapter, including fees for the filing of applications or for the issuance of permits and certificates, for rulemaking hearings under 85-2-319, for administrative hearings conducted under this chapter, for investigations concerning permit revocation, for field verification of issued and completed permits, and for all change approvals. There may not be fees for any action taken by the department at the request of the water judge or for the issuance of certificates of existing rights.

(2) The department may adopt rules necessary to implement and carry out the purposes and provisions of this chapter. These rules may include but are not limited to rules to:

(a) govern the issuance and terms of interim permits authorizing an applicant for a regular permit under this chapter to begin appropriating water immediately, pending final approval or denial by the department of the application for a regular permit;

(b) require the owner or operator of appropriation facilities to install and maintain suitable controlling and measuring devices, except that the department may not require a meter on a water well outside of a controlled ground water area or proposed controlled ground water area unless the

maximum appropriation of the well is in excess of the limitation contained in 85-2-306(1);

(c) require the owner or operator of appropriation facilities to report to the department the readings of measuring devices at reasonable intervals and to file reports on appropriations; and

(d) regulate the construction, use, and sealing of wells to prevent the waste, contamination, or pollution of ground water.

(3) The department shall adopt rules providing for and governing temporary emergency appropriations, without prior application for a permit, necessary to protect lives or property.

(4) (a) The department shall adopt rules to require the owner or operator of an appropriation facility on a watercourse or portions of a watercourse identified as chronically dewatered by the department under 85-2-150 to acquire, install, and maintain a suitable controlling and measuring device no later than 2 years after designation of the watercourse or portions of the watercourse as chronically dewatered, except that when the department specifically finds that the installation of measuring devices along the entire watercourse or portions of the watercourse is not practicable within the 2-year deadline, it may establish a later deadline.

(b) For the purposes of subsection (4), an appropriation facility includes but is not limited to any method used to divert, impound, or withdraw water from a watercourse. Hydroelectric facilities that are using recognized methods of flow measurement, as determined by the department, are in compliance with subsection (4)."

Section 3. Section 85-2-306, MCA, is amended to read:

"85-2-306. Exceptions to permit requirements. (1) Ground water may be appropriated only by a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works or, if another person has rights in the ground water development works, with the written consent of the person with those property rights. If the person does not have a possessory interest in the real property from which the ground water may be appropriated, the person shall provide to the owner of the real property written notification of the works and the person's intent to appropriate ground water from the works. The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.

(2) *Inside the boundaries of a controlled ground water area, ground water may be appropriated only:*

(a) *according to a permit received pursuant to 85-2-508; or*

(b) *according to the requirements of an order issued pursuant to 85-2-507.*

(3) (a) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit.

(b) (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iii) If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiled a correct and complete notice with the department.

(c) A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification as necessary under ~~this~~ subsection (1). The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

~~(2)~~(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection ~~(1)~~ (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection ~~(1)~~ (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under ~~this~~ subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

~~(3)~~(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:

(a) the maximum capacity of the impoundment or pit is less than 15 acre-feet; ~~and~~

(b) the appropriation is less than 30 acre-feet a year; ~~and~~

(c) ~~the appropriation~~ is from a source other than a perennial flowing stream; ~~and~~

(d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger. ~~As used in this subsection, "perennial flowing stream" means a stream that historically has flowed continuously during all seasons of the year, during dry as well as wet years. However, within~~

(7) *Within* 60 days after constructing ~~the~~ *an* impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Upon receipt of a correct and complete application for a stockwater provisional permit, the department shall ~~then~~ automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(4)(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113.”

Section 4. Section 85-2-322, MCA, is amended to read:

“85-2-322. Hearing — order. (1) The department shall conduct a hearing on the proposed suspension or closure, or both. Notice of the hearing must be published at least once in each week for 3 successive weeks, not less than 30 days before the date of the hearing, in a newspaper of general circulation in the county or counties in which the source is located. The department shall serve by mail a copy of the notice and proposal not less than 30 days before the hearing upon each person or public agency known from the examination of the records of the department to be a claimant, appropriator, or permitholder of water in the source.

(2) The department may by order suspend action on and shall close the source and refuse to accept a class of applications if it finds on the basis of the hearing that there is substantial evidence in support of the allegations required by 85-2-321 to be contained in the proposal.

(3) As part of fulfilling the requirements of 2-4-623, the order must define the source and must state the class of applications to which the suspension or closure, or both, applies.

(4) Upon adoption of the order, the department shall refuse to accept any application for a permit under this part for the class of application for which closure is ordered under ~~this section and~~ 85-2-321 *and this section*. If the order suspends action on pending applications, the department shall notify the applicant that action on ~~his~~ *the applicant's* application is suspended.

(5) Upon notice under 85-2-307 of intent to combine the hearings under 85-2-309 with the hearings under this section, the department may suspend action on pending applications of the class until the hearing is conducted under this section and, as part of its final order, may grant, deny, or condition the applications under 85-2-306(2), 85-2-310, and 85-2-311 or continue the suspension under this section.”

Section 5. Section 85-2-507, MCA, is amended to read:

“85-2-507. Limiting withdrawals — modification of order. (1) At the time set for the hearing, the department shall proceed to hear oral and written evidence relevant to the designation or modification of the controlled ground water area presented by the bureau, the department, and any other interested party. A full record must be kept of all evidence taken at the hearing. The procedure must secure a full, fair, and orderly proceeding and permit all relevant evidence to be received. The common-law and statutory rules of evidence apply only upon stipulation of all parties.

(2) After the conclusion of the hearing, the department shall make written findings and an order. The department shall by order declare the area in

question to be a controlled ground water area if the department finds on the basis of the hearing that:

(a) the public health, safety, or welfare requires a corrective control to be adopted; and

(b) (i) there is a wasteful use of water from existing wells or undue interference with existing wells;

(ii) any proposed use or well will impair or substantially interfere with existing rights to appropriate surface water or ground water by others; or

(iii) the facts alleged in the petition, as required by 85-2-506(2), are true.

(3) The order must define the boundary of the controlled ground water area and must indicate which of the ground water aquifers located within the area in question are included within the controlled ground water area. Any number of ground water aquifers ~~which~~ *that* wholly or partially overlie one another may be included in the same controlled ground water area.

(4) The order may include *but is not limited to* the following corrective control provisions:

(a) a provision closing the controlled ground water area to further appropriation of ground water, in which event the department shall refuse to accept any applications for beneficial water use permits to appropriate ground water located within the controlled area;

(b) a provision determining a permissible total withdrawal of ground water in the controlled area by day, month, or year and permitting the department to apportion the permissible total withdrawal among the appropriators holding valid rights to the ground water in the controlled area in accordance with the relative dates of priority of the rights;

(c) a provision according preference, without reference to relative priorities, to withdrawals of ground water in the controlled area for domestic and livestock purposes first and then to withdrawals for other beneficial purposes, including but not limited to agricultural, industrial, municipal (other than domestic), and recreational purposes, in the order that the department considers advisable under the circumstances;

(d) a provision reducing the permissible withdrawal of ground water by any appropriator or well in the controlled area;

(e) when two or more wells in the controlled area are used by the same appropriator, a provision adjusting the total permissible withdrawal of ground water by the appropriator or a provision forbidding the use of one or more of the wells;

(f) a provision requiring and specifying a system of rotation of use of ground water in the controlled area;

(g) *provisions for well spacing requirements, well construction constraints, and prior department approval before well drilling, unless the well is regulated pursuant to Title 82, chapter 11;*

~~(g)~~(h) provisions making any additional requirements that are necessary to protect the public health, safety, and welfare in accordance with the intent, purposes, and requirements of this part and the laws of the state.

(5) (a) If at the conclusion of the hearing the department finds that sufficient facts are not available to designate or modify a permanent controlled ground water area, the department may by order designate the area in question to be a

temporary controlled ground water area. The order may include the corrective control provisions contained in subsection (4). A temporary controlled ground water area must be designated as such for a period not to exceed 2 years from the date of the order designating the temporary controlled ground water area. The department may, for sufficient cause, extend the time period for an additional ~~2~~ 4 years. *The time period for an extension must be in 2-year increments. The department shall find sufficient cause for each extension. For each extension in time, and in this case,* all ground water appropriators in the controlled ground water area must be notified of the extension.

(b) During the 2-year period, *and any extensions of the time period, the department shall commence* studies necessary to obtain the facts needed to assist in the designation or modification of a permanent controlled ground water area *must be commenced under the supervision and control of the department.* - Facts gathered during the study period must be presented at a hearing prior to the designation or modification of a permanent controlled ground water area. All parties appearing at the first hearing must be served notice of this hearing by mail at least 30 days prior to the date set for the hearing. The service is complete upon deposit of the notice at the post office, postage prepaid, addressed to each person on whom service is to be made. Mailing of the notice, when completed, is considered to be sufficient notice of the hearing to all persons directly affected. The department shall file in its records proof of service by its own affidavit. The hearing must be conducted by the department in the manner of the first hearing, and the department shall make written findings of fact and conclusions of law and issue an order according to the provisions set forth in subsections (1) through (4). In the event that the department does not complete the necessary study in the 2-year period or extension of the period, the temporary controlled ground water area designation will terminate at the end of the 2-year period or extension.

(6) The department may enforce the order and bring an action for an injunction in a district court of a district in which all or part of the area affected is located, in addition to all other remedies.

(7) The order of the department must be published and mailed by the department in the manner and for the length of time as prescribed by 85-2-506 for the publication and mailing of the notice of hearing, except that a copy of the written findings and order of the department must be mailed instead of a copy of the proposal and, except further, that a copy of the order, together with a copy of the written findings, must be mailed to each petitioner at the petitioner's last-known address. The department shall file a copy of the order with the county clerk of each county within which any part of the controlled ground water area lies, and the county clerk shall record the order without fee. The department shall file in its records proof of service by its own affidavit of service. Upon publication and mailing of the order as prescribed in this section, the order is final and conclusive unless an appeal from the order is taken.

(8) The department may by order suspend, modify, or revoke any order made as provided in this section upon the notice and in the manner that is reasonable under the circumstances. A copy of each suspension, modification, or revocation must be served or filed and recorded as provided for orders in subsection (7).

(9) While a matter is pending, the department may restrict further development of the subarea."

Section 6. Section 85-2-508, MCA, is amended to read:

“85-2-508. Controlled ground water areas — permits to appropriate.

(1) A person may appropriate ground water in a controlled *ground water* area ~~only~~ by:

(a) applying for and receiving a permit from the department in accordance with part 3 of this chapter; *or*

(b) *following the requirements of an order issued pursuant to 85-2-507.*

(2) The department may not grant a permit if the withdrawal would be beyond the capacity of the aquifer or aquifers in the ground water area to yield ground water within a reasonable or feasible pumping lift, ~~(in the case of pumping developments), or within a reasonable or feasible reduction of pressure, (in the case of artesian developments).~~”

Section 7. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 85, chapter 2, part 3, and the provisions of Title 85, chapter 2, part 3, apply to [section 1].

Section 8. Effective date. [This act] is effective on passage and approval.

(b) conserving water can result in cost savings for taxpayers; and

(c) energy performance contracts are a means by which local government units can achieve energy and water conservation without an initial capital outlay.

(2) It is the policy of the state of Montana to promote efficient use of energy and water resources in local government buildings and energy conservation in

vehicles by authorizing local government units to enter into energy performance contracts.

Section 2. Definitions. As used in [sections 1 through 9], the following definitions apply:

Section 3. Authority to enter into energy performance contracts. (1) A local government unit may enter into an energy performance contract with a qualified provider under the procedures provided in [section 4 or 5].

(2) Nothing in [sections 1 through 9] prevents a local government unit from contracting for conservation measures under any other legal authority.

Section 4. Selection of qualified providers for energy performance contracts. (1) A local government unit may solicit submissions of qualifications to enter into an energy performance contract and proposals for investment grade energy audits. The local government unit shall give at least 14 days' public notice of a request for qualifications and proposals. The notice must be published at least once a week for 2 consecutive weeks in a newspaper of general circulation in the area where the local government unit intends to institute the

conservation measures, and requests for proposals must be sent to at least three vendors known to be offering energy performance contracts. The notice must invite qualified providers to submit qualifications and proposals for investment grade energy audits.

(2) The local government unit shall evaluate qualifications and proposals according to the following capabilities and criteria:

(c) ability to guarantee conservation savings;

(d) management capability;

(e) ability to arrange long-term financing or to integrate existing financial resources, such as utility rebates and intercap loans, into projects; and

(f) experience with projects of similar size and scope.

(3) The local government unit shall negotiate a contract with the most qualified provider at a price that the local government unit determines fair and reasonable, taking into account the scope of the services rendered. If the local government unit is unable to negotiate a satisfactory contract with the most qualified provider, negotiations with that firm must be formally terminated and the local government unit shall select the next most qualified provider until an agreement is reached or the process is terminated.

Section 5. Alternative selection process. The department may solicit requests for qualifications and proposals for qualified providers to offer energy performance contracts to local government units. The department shall give at least 14 days' public notice of a request for qualifications and proposals. The notice must be published at least once a week for 2 consecutive weeks in at least two major daily newspapers in Montana, posted on the department's website, and sent to vendors known by the department to be offering energy performance contracts. The department shall evaluate the qualifications on the basis of the capabilities and criteria contained in [section 4(2)]. The department may then select qualified providers and negotiate energy performance contract terms with each qualified provider that may be used by a local government unit as the basis for its energy performance contract with that qualified provider without following the process provided in [section 4].

Section 6. Award of energy performance contracts. (1) A local government unit may select and negotiate with a qualified provider identified through the processes provided in [section 4 or 5].

(2) Upon selection of a qualified provider, the local government unit shall enter into a contract with the qualified provider. If this qualified provider does not employ a professional engineer licensed in the state of Montana, the qualified provider shall hire one to prepare an investment grade energy audit. The investment grade energy audit serves as the basis for the terms of an energy performance contract. The investment grade energy audit becomes the property of the local government unit.

(3) If the local government unit determines that the investment grade energy audit does not provide sufficient conservation-related cost savings, it shall pay the cost of the investment grade energy audit and decline to enter into the energy performance contract.

(4) If the local government unit determines that the investment grade energy audit provides sufficient conservation-related cost savings, it shall notify the qualified provider. The qualified provider shall provide the local government unit with plans for the proposed conservation measures that have been prepared by an engineer licensed to practice in Montana and that comply with applicable building and safety codes.

(5) Upon receipt of the information required by subsection (4), the local government unit may negotiate the conservation measures to be included in the energy performance contract and enter into the energy performance contract. The energy performance contract may include the option of payment of the costs of the investment grade energy audit and plans provided pursuant to subsection (4) through project financing.

Section 7. Term and conditions of energy performance contracts. (1)

The term of an energy performance contract must be a minimum of 3 years and may be up to the useful life of the conservation measures or 20 years, whichever is less.

(2) An energy performance contract must require the qualified provider to:

(a) guarantee the conservation-related cost savings to the extent necessary to pay for the conservation measures, including financing charges incurred over the life of the contract;

(b) monitor the reductions in energy consumption and the cost savings attributable to the conservation measures installed pursuant to the energy performance contract; and

(c) annually prepare and provide a report to the local government unit, documenting the performance of the conservation measures.

Section 8. Assistance to local governments. The department may develop model documents and provide technical assistance to local government units in the procurement of energy performance contracts and related services.

Section 9. Contracts and agreements not general obligation of local government unit. Payment obligations of a local government unit pursuant to an energy performance contract are not general obligations of the local government unit and are collectible only from conservation-related cost savings provided in the energy performance contract and other revenue, if any, pledged in the energy performance contract.

Section 10. Section 20-9-204, MCA, is amended to read:

“20-9-204. Conflicts of interests, letting contracts, and calling for bids. (1) It is unlawful for a trustee to:

(a) have any pecuniary interest, either directly or indirectly, in any contract made by the trustee while acting in that official capacity or by the board of trustees of which the trustee is a member; or

(b) be employed in any capacity by the trustee’s own school district.

(2) For the purposes of subsection (1):

(a) “pecuniary interest” does not include holding an interest of 10% or less in a corporation; *and*

(b) “contract” does not include:

(i) merchandise sold to the highest bidder at public auctions;

(ii) investments or deposits in financial institutions that are in the business of loaning or receiving money when the investments or deposits are made on a rotating or ratable basis among financial institutions in the community or when there is only one financial institution in the community; or

(iii) contracts for professional services, other than salaried services, or for maintenance or repair services or supplies when the services or supplies are not reasonably available from other sources if the interest of any board member and a determination of the lack of availability are entered in the minutes of the board meeting at which the contract is considered.

(3) Except for district needs that must be met because of an unforeseen emergency, as defined in 20-3-322(5), or as provided in ~~subsection~~ *subsections* (4) and (7) of this section, whenever the estimated cost of any building, furnishing, repairing, or other work for the benefit of the district or purchasing of supplies for the district exceeds the sum of \$25,000, the work done or the purchase made must be by contract. Each contract must be let to the lowest responsible bidder after advertisement for bids. The advertisement must be published in the newspaper that will give notice to the largest number of people of the district as determined by the trustees. The advertisement must be made once each week for 2 consecutive weeks, and the second publication must be made not less than 5 days or more than 12 days before consideration of bids. A contract not let pursuant to this section is void. The bidding requirements applicable to services performed for the benefit of the district under this section do not apply to:

(g) an accountant licensed under Title 37, chapter 50.

(4) A district may enter into a cooperative purchasing contract for the procurement of supplies or services with one or more districts. The award of a contract to a successful bidder must comply with the requirements of subsection (5). The request for bids must be advertised in a daily newspaper of general circulation in each county in which a district participating in the cooperative purchasing contract is located. The advertisement must be made once each week for 2 consecutive weeks, and the second publication must be made not less than 5 days or more than 12 days before consideration of bids.

(5) Whenever bidding is required, the contract must be awarded to the lowest responsible bidder, except that all bids may be rejected.

(6) This section may not require the board of trustees to let a contract for any routine and regularly performed maintenance or repair project or service that can be accomplished by district staff whose regular employment with the school district is related to the routine performance of maintenance for the district.

(7) *Subsection (3) does not apply to the solicitation or award of a contract for an investment grade energy audit or an energy performance contract pursuant to*

[sections 1 through 9], including construction and installation of conservation measures pursuant to the energy performance contract.”

(b) Whenever the proposed contract costs are less than \$25,000 but more than \$5,000, the board of trustees shall procure at least three informal bids, if reasonably available, from contractors licensed in Montana.

(c) Whenever the proposed contract costs are more than \$25,000, the board of trustees shall solicit formal bids and advertise once each week for at least 2 weeks in a newspaper published in each county ~~wherein~~ *in which* the area of the district lies, calling for bids to perform ~~such~~ *the* work or furnish ~~such~~ *the* supplies. Section 12. Energy performance contracts exempt. This part does not apply to solicitation and award of an investment grade energy audit or energy performance contract pursuant to [sections 1 through 9] or to the construction or installation of conservation measures pursuant to the energy performance contract.

(2) (a) From the amounts estimated in subsection (1) for each county government, the department shall deduct fiscal year 2001 county government expenditures for district courts, less reimbursements for district court expenses, and fiscal year 2001 county government expenditures for public welfare programs to be assumed by the state in fiscal year 2002.

(b) The amount estimated pursuant to subsections (1) and (2)(a) is each local government's base year component. The sum of all local governments' base year components is the base year entitlement share pool. For the purpose of calculating the sum of all local governments' base year components, the base year component for a local government may not be less than zero.

(3) (a) ~~Beginning with fiscal year 2002 and in each succeeding fiscal year, the~~ The base year entitlement share pool must be increased annually by a growth rate as provided for in this subsection (3). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year. ~~For fiscal year 2002, the growth rate is 3%. For fiscal year 2003, the growth rate is 3% for incorporated cities and towns, 1.61% for counties, and 2.3% for consolidated local governments. Beginning with calendar year 2002, by~~ By October 1 of each even-numbered year, the department shall calculate the growth rate of the entitlement share pool for each year of the next biennium in the following manner:

(i) ~~Before applying the growth rate for fiscal year 2004 to determine the fiscal year 2004 entitlement share pool, the department shall add to the fiscal year 2003 entitlement share pool the fiscal year 2003 amount of revenue actually distributed to the county from the 25-cent marriage license fee in 50-15-301 and the probation and parole fee in 46-23-1031(2)(b).~~

(ii)(i) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A) (3)(a)(i)(A).

~~(iii)~~(ii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection ~~(3)(a)(iii)(A)~~ (3)(a)(ii)(A).

(b) (i) ~~For fiscal year 2004 and subsequent fiscal years, the~~ The entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections ~~(3)(a)(ii)(B)~~ (3)(a)(i)(B) and ~~(3)(a)(iii)(B)~~ (3)(a)(ii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections ~~(3)(a)(ii)(A)~~ (3)(a)(i)(A) and ~~(3)(a)(iii)(A)~~ (3)(a)(ii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis beginning September 15, 2001.

(b) (i) ~~For fiscal year 2002, the growth amount is the difference between the fiscal year 2002 entitlement share pool and the base year entitlement share pool. For fiscal year 2002, a county may have a negative base year component. For fiscal year 2003 and each succeeding fiscal year, the~~ The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

~~(vi) For fiscal year 2002, an amount equal to the district court costs identified in subsection (2) must be added to each county government's distribution from the entitlement share pool.~~

~~(vii) For fiscal year 2002, an amount equal to the district court fees identified in subsection (1)(d) must be subtracted from each county government's distribution from the entitlement share pool.~~

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to

subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	\$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - #2	731,614
Missoula	Missoula - 1-1B & 1-1C	1,100,507
Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
Yellowstone	Billings	436,815

~~(e) The entitlement share for industrial tax increment financing districts is as follows:~~

~~(i) for fiscal years 2002 and 2003:~~

~~Missoula County~~	~~Airport Industrial~~	~~\$4,812~~
~~Silver Bow~~	~~Ramsay Industrial~~	~~597,594;~~

~~(ii) for fiscal years 2004 and 2005:~~

~~Missoula County~~	~~Airport Industrial~~	~~\$2,406~~
~~Silver Bow~~	~~Ramsay Industrial~~	~~298,797; and~~

~~(iii) \$0 for all succeeding fiscal years.~~

~~(d) The entitlement share for industrial tax increment financing districts referred to in subsection (6)(e) may not be used to pay debt service on tax increment bonds to the extent that the bonds are secured by a guaranty, a letter of credit, or a similar arrangement provided by or on behalf of an owner of property within the tax increment financing industrial district.~~

~~(e) One half of the payments provided for in subsection (6)(c) must be made by July 30, and the other half must be made in December of each year.~~

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.

~~(8) The estimates for the base year entitlement share pool in subsection (1) must be calculated as if the fees in Chapter 515, Laws of 1999, were in effect for all of fiscal year 2001.~~

(9)(8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(p) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection ~~(9)(a)~~ (8)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

~~(10)~~(9) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

~~(11)~~(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

~~(12)~~(11) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

~~(13)~~(12) A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

AN ACT PROVIDING THAT IN A CHILD ABUSE AND NEGLECT PROCEEDING, IF A MEMBER OF THE CHILD'S EXTENDED FAMILY HAS REQUESTED THAT TEMPORARY OR PERMANENT CUSTODY BE AWARDED TO THAT FAMILY MEMBER AND THE REQUEST IS DENIED, THE FAMILY MEMBER IS ENTITLED TO A WRITTEN STATEMENT OF THE REASONS FOR THE DENIAL AS ALLOWED BY CONFIDENTIALITY LAWS; AND AMENDING SECTIONS 41-3-438, 41-3-439, AND 41-3-445, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-3-438, MCA, is amended to read:

"41-3-438. Disposition — hearing — order. (1) Unless a petition is dismissed or unless otherwise stipulated by the parties pursuant to 41-3-434 or ordered by the court, a dispositional hearing must be held on every petition filed under this chapter within 20 days after an adjudicatory order has been entered under 41-3-437. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays, stipulation by the parties pursuant to 41-3-434, and unforeseen personal emergencies.

(2) (a) A dispositional order must be made after a dispositional hearing that is separate from the adjudicatory hearing under 41-3-437. The hearing process must be scheduled and structured so that dispositional issues are specifically addressed apart from adjudicatory issues. Hearsay evidence is admissible at the dispositional hearing.

(b) A dispositional hearing may follow an adjudicatory hearing in a bifurcated manner immediately after the adjudicatory phase of the proceedings if:

(i) all required reports are available and have been received by all parties or their attorneys at least 5 working days in advance of the hearing; and

(ii) the judge has an opportunity to review the reports after the adjudication.

(c) The dispositional hearing may be held prior to the entry of written findings required by 41-3-437.

(3) If a child is found to be a youth in need of care under 41-3-437, the court may enter its judgment, making any of the following dispositions to protect the welfare of the child:

(a) permit the child to remain with the child's custodial parent or guardian, subject to those conditions and limitations the court may prescribe;

(b) order the placement of the child with the noncustodial parent, superseding any existing custodial order, and dismiss the proceeding with no further obligation on the part of the department to provide services to the parent with whom the child is placed or to work toward reunification of the child with the parent or guardian from whom the child was removed in the initial proceeding;

(c) grant an order of limited emancipation to a child who is 16 years of age or older, as provided in 41-1-501;

(d) transfer temporary legal custody to any of the following:

(i) the department;

(ii) a licensed child-placing agency that is willing and able to assume responsibility for the education, care, and maintenance of the child and that is licensed or otherwise authorized by law to receive and provide care of the child; or

(iii) a relative or other individual who is recommended by the department or a licensed child-placing agency designated by the court and who is found by the court to be qualified to receive and care for the child;

(e) order a party to the action to do what is necessary to give effect to the final disposition, including undertaking medical and psychological evaluations, treatment, and counseling that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(f) order further care and treatment as the court considers in the best interests of the child that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for the proposed care and treatment. The department is the payor of last resort after all family, insurance, and other resources have been examined pursuant to 41-3-446.

(4) (a) If the court awards temporary legal custody of an abandoned child other than to the department or to a noncustodial parent, the court shall award temporary legal custody of the child to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, if:

(i) placement of the abandoned child with the extended family member is in the best interests of the child;

(ii) the extended family member requests that the child be placed with the family member; and

(b) If more than one extended family member satisfies the requirements of subsection (4)(a), the court may award custody to the extended family member who can best meet the child's needs.

(c) If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member, the department shall investigate and determine if awarding custody to the family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department's custody recommendation, the court must inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied temporary legal custody requests it to be included.

(5) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with permanency for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with a permanent plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If the court finds that reasonable efforts are not necessary pursuant to 41-3-442(1) or subsection (5) of this section, a permanency plan hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(7) If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child."

Section 2. Section 41-3-439, MCA, is amended to read:

"41-3-439. Department to give placement priority to extended family member of an abandoned child. (1) If the department has received temporary legal custody of an abandoned child pursuant to 41-3-438 or permanent legal custody pursuant to 41-3-607, the department shall give priority to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, in determining the person or persons with whom the abandoned child should be placed if:

(a) placement with the extended family member is in the best interests of the abandoned child;

(b) the extended family member has requested that the abandoned child be placed with the family member; and

(c) the department has determined that the extended family member is qualified to receive and care for the abandoned child.

(2) If more than one extended family member of the abandoned child has requested that the child be placed with the family member and all are qualified to receive and care for the child, the department may determine which extended family member to place the abandoned child with in the same manner as provided for in 41-3-438(4).

(3) This part does not affect the department's ability to assess the appropriateness of placement of the child with a noncustodial parent when abandonment has been found against only one parent.

(4) If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that the child be placed with that family member and the department denies the request, the department shall give that family member a written statement of the reasons for the denial to the extent that confidentiality laws allow."

Section 3. Section 41-3-445, MCA, is amended to read:

"41-3-445. Permanency plan hearing. (1) (a) (i) Subject to subsection (1)(b), a permanency plan hearing must be held by the court:

(A) within 30 days of a determination that reasonable efforts to provide preservation or reunification services are not necessary under 41-3-423, 41-3-438(6), or 41-3-442(1); and

(B) no later than 12 months after the initial court finding that the child has been subjected to abuse or neglect or 12 months after the child's first 60 days of removal from the home, whichever comes first.

(ii) Within 12 months of a hearing under subsection (1)(a)(i)(B) and every 12 months thereafter until the child is permanently placed in either an adoptive or a guardianship placement, the court shall conduct a hearing and make a finding whether the department has made reasonable efforts to finalize the permanency plan for the child.

(b) A permanency plan hearing is not required if the proceeding has been dismissed, the child was not removed from the home, or the child has been returned to the child's parent or guardian.

(c) The permanency plan hearing may be combined with a hearing that is required in other sections of this part if held within the time limits of that section. If a permanency plan hearing is combined with another hearing, the requirements of the court related to the disposition of the other hearing must be met in addition to the requirements of this section.

(2) At least 3 working days prior to the permanency plan hearing, the department and the guardian ad litem shall each submit a report regarding the child to the court for review. The report must address the department's efforts to effectuate the permanency plan for the child, address the options for the child's permanent placement, examine the reasons for excluding higher priority options, and set forth the proposed plan to carry out the placement decision, including specific times for achieving the plan.

(3) At least 3 working days prior to the permanency plan hearing, an attorney or advocate for a parent or guardian may submit an informational report to the court for review.

(4) The court's order must be issued within a reasonable time after the permanency plan hearing. The court shall make findings on whether the permanency plan is in the best interests of the child and whether the department has made reasonable efforts to finalize the plan. The court shall order the department to take whatever additional steps are necessary to effectuate the terms of the plan. *If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member or that a prior grant of temporary custody with that family member be made permanent, the department shall investigate and determine if awarding custody to that family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department's custody recommendation, the court must inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied custody requests it to be included.*

(5) In its discretion, the court may enter any other order that it determines to be in the best interests of the child that does not conflict with the options provided in subsection (6) and that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditures are reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(6) Permanency options include:

(a) reunification of the child with the child's parent or guardian;

(b) adoption;

(c) appointment of a guardian pursuant to 41-3-444; or

(d) long-term custody if the child is in a planned permanent living arrangement established by a preponderance of the evidence, which is reflected in specific findings by the court, that:

(i) the child is being cared for by a fit and willing relative;

(ii) the child has an emotional or mental handicap that is so severe that the child cannot function in a family setting and the best interests of the child are served by placement in a residential or group setting;

(iii) the child is at least 16 years of age and is participating in an independent living program and that termination of parental rights is not in the best interests of the child;

(iv) the child's parent is incarcerated and circumstances, including placement of the child and continued, frequent contact with the parent, indicate that it would not be in the best interests of the child to terminate parental rights of that parent; or

(v) the child meets the following criteria:

(A) the child has been adjudicated a youth in need of care;

(B) the department has made reasonable efforts to reunite the parent and child, further efforts by the department would likely be unproductive, and reunification of the child with the parent or guardian would be contrary to the best interests of the child;

(C) there is a judicial finding that other more permanent placement options for the child have been considered and found to be inappropriate or not to be in the child's best interests; and

(D) the child has been in a placement in which the foster parent or relative has committed to the long-term care and to a relationship with the child, and it is in the best interests of the child to remain in that placement.

(7) The court may terminate a planned permanent living arrangement upon petition of the birth parents or the department if the court finds that the circumstances of the child or family have substantially changed and the best interests of the child are no longer being served.”

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(d) Except as provided in subsection (9)(e), if an application does not require the preparation of an environmental impact statement and is subject to the provisions of 75-2-215, the department shall notify the applicant of its approval or denial of the application, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8).

(f) The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(g) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) (a) The department's decision on the application is not final until 15 days have elapsed from the date of the decision.

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) (a) Except as provided in subsections (12)(b) and (12)(c), an applicant who has received a written notice that its application is considered filed pursuant to subsection (8) may:

(ii) for a temporary power generation unit or units with a total electrical generating capacity of 10 megawatts or less, construct and operate the unit or units.

(b) The construction or operation of a temporary power generation unit or units described in subsection (12)(a) is not in violation of this part unless the operation of the temporary power generation unit or units continues after a department decision to deny the permit application becomes final as provided in this section.

(c) (i) A permit applicant shall discontinue construction or operation of a temporary power generation unit or units if the applicant is notified by the department in writing that the applicant has failed to submit by the department's deadline any additional information that is necessary to process the permit application.

(ii) The operation of a permit applicant's temporary power generation unit or units described in subsection (12)(a) may not violate ambient air quality standards.

(d) A permit issued under this part and pursuant to the provisions of this subsection (12) must expire no later than 2 years from the date that the department received the permit application and must require removal of the temporary power generation unit or units upon expiration of the permit unless an air quality permit for permanent operation has been issued.

(13) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

(c) require the preparation of an environmental impact statement.

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (14)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department. (Terminates July 1, 2005—sec. 4, Ch. 588, L. 2001.)

75-2-211. (Effective July 1, 2005) Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(2) Except as provided in 75-1-208(4)(b) and 75-2-234, not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to

list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application, *except as provided in subsection (13)*.

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(d) Except as provided in subsection (9)(e), if an application does not require the preparation of an environmental impact statement and is subject to the provisions of 75-2-215, the department shall notify the applicant of its approval or denial of the application, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8).

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

[HB 743]

AN ACT PROVIDING A LEGISLATIVE FINDING THAT IT IS WITHIN A LOCAL GOVERNMENT'S AUTHORITY TO ENTER INTO CERTAIN CONTRACTS; AND REPEALING SECTION 7-32-4139, MCA.

WHEREAS, in 1999, the Legislature enacted Chapter 337, Laws of 1999, providing for reimbursement of training expenses for a police officer to a city or town if the officer leaves employment within 36 months of service; and

WHEREAS, in the 2005 Legislative Session, the same protection for counties regarding the training costs of Deputy Sheriffs is being sought in House Bill No. 19; and

WHEREAS, the House Standing Committee on Local Government seeks to make a finding that the ability to include these provisions in any employment contract is within the contract authority granted to local governments and statutory authorization is unnecessary.

Be it enacted by the Legislature of the State of Montana:

Section 1. Finding — contract authority. (1) Pursuant to Article XI, section 6, of the Montana constitution, a local government unit adopting a self-government charter may exercise any power not prohibited by the constitution, law, or charter.

(2) Article XI, section 4, of the Montana constitution provides that a local government unit without self-government powers has powers provided or implied by law and that the powers of incorporated cities and towns and counties must be liberally construed.

(4) Section 7-1-2103 states that a county has the power to make contracts that may be necessary to the exercise of its powers.

(5) Section 7-1-2104 states that a county's powers can only be exercised by the board of county commissioners or by agents and officers acting under their authority or authority of law.

(6) Therefore, the legislature finds that it is within a county's contract authority to enter into any contract necessary for the exercise of its power, including but not limited to a contract for reimbursement that may require that the county be reimbursed for the cost of basic course training if an employee leaves employment before completing a reasonable period of service.

Section 2. Finding — contract authority. (1) Pursuant to Article XI, section 6, of the Montana constitution, a local government unit adopting a self-government charter may exercise any power not prohibited by the constitution, law, or charter.

(2) Article XI, section 4, of the Montana constitution provides that a local government unit without self-government powers has powers provided or implied by law and that the powers of incorporated cities and towns and counties must be liberally construed.

(3) Section 7-1-4124 states that a municipality with general powers has the power, subject to the provisions of state law, to contract with persons and to hire, direct, and discharge employees.

(4) Therefore, the legislature finds that it is within a local government's contract authority to enter into any contract necessary for the exercise of its power, including but not limited to a contract for reimbursement that may require that the local government be reimbursed for the cost of basic course training if an employee leaves employment before completing a reasonable period of service.

Section 3. Repealer. Section 7-32-4139, MCA, is repealed.

(2) Every title loan must be reduced to writing in a title loan agreement. Each title loan agreement must provide that:

(a) the title lender agrees to make a loan of money to the borrower and that the borrower agrees to give the title lender a security interest in unencumbered titled personal property owned by the borrower;

(b) the borrower consents to the title lender keeping possession of the certificate of title;

(c) (i) the borrower has the exclusive right to redeem the certificate of title by repaying the loan of money in full and by complying with the title loan agreement for an agreed period of time;

(ii) *the borrower may rescind the transaction if, by 5 p.m. of the title lender’s first business day following the day that the loan was executed, the borrower provides the title lender with cash or certified funds equaling 100% of the amount loaned to the borrower. A title lender may not charge a borrower any fee or interest if the borrower rescinds the loan as provided in this subsection (2)(c)(ii). Except as provided in this subsection (2)(c)(ii), a borrower does not have a right to rescind the loan unless the title lender agrees to the rescission.*

(d) (i) the title lender may renew the title loan for additional 30-day periods beyond the original term provided that beginning with the sixth extension or continuation, and for each subsequent extension or continuation, the borrower must reduce the principal amount by at least 10% of the original principal amount of the loan; and

(ii) if the borrower fails to reduce the principal amount as required by subsection (2)(d)(i), the title lender may at its option:

(A) declare outstanding principal and any finance charges due and payable; or

(B) solely for the purpose of calculating the finance charge, reduce the amount of the principal balance by 10%, with the understanding that that portion of the principal is still owed by the borrower but that portion of the loan may not accrue interest or finance charges after that date;

(e) when the certificate of title is redeemed, the title lender shall release its security interest in the titled personal property and return the personal property certificate of title to the borrower;

(f) (i) upon failure of the borrower to redeem the certificate of title at the end of the original 30-day agreement period or at the end of any agreed-upon 30-day renewal or subsequent renewals, the borrower shall deliver the titled personal property to the title lender at the location specified in the title loan agreement; and

(ii) the borrower shall deliver the titled personal property to the title lender in substantially the same condition that it was in at the time that the borrower entered into the loan, minus normal wear and tear;

(g) if the borrower fails to deliver the titled personal property to the title lender, the title lender must be allowed to take possession of the titled personal property;

(h) upon obtaining possession of the titled personal property, the title lender is authorized to sell the titled personal property and to convey to the buyer good title, subject to the waiting periods provided for in 31-1-820; and

(i) a borrower who does not redeem a pledged certificate of title is not personally liable to the title lender to repay principal, interest, or expenses incurred in connection with the title loan and that the title lender shall look solely to the titled personal property for satisfaction of the amounts owed under the title loan agreement.

(3) The security interest provided for in subsection (2)(a) is not perfected unless it is filed in accordance with 61-3-103.

(4) Any borrower who obtains a title loan from a title lender under false pretenses by hiding or not disclosing the existence of a valid prior lien or security interest affecting the titled personal property is personally liable to the title lender for the full amount stated in the title loan agreement, including interest and expenses incurred by the title lender in connection with the loan.

(5) (a) *A loan agreement may not contain a mandatory arbitration clause that is oppressive, unconscionable, unfair, or in substantial derogation of a borrower's rights.*

(b) *A mandatory arbitration clause that complies with the applicable standards of the American arbitration association must be presumed to not violate the provisions of subsection (5)(a)."*

(B) the nonprofit health entity maintains its operations as a nonprofit health entity and public assets or the proceeds of public assets are maintained as public assets; and

(2) (a) (i) Nothing in [sections 1 through 18] precludes the attorney general, the commissioner, or a nonprofit health entity from filing an action in district court under Title 27, chapter 8, seeking a declaration that a nonprofit health entity transaction is or is not a conversion transaction as defined in [section 1] or a declaration of whether assets of a nonprofit health entity are or are not public assets as defined in [section 1]. No other declaratory relief may be sought in a court regarding any issue arising from a transaction that is or is alleged to be a conversion transaction under [sections 1 through 18], except that a transferor or transferee may file an action in district court seeking an injunction prohibiting the attorney general or commissioner from making an unlawful disclosure of trade secrets or proprietary or other confidential information.

(ii) In an action under this subsection (2) to determine whether assets of a nonprofit health entity are or are not public assets, the presumption in [section 13(3)] applies.

(b) The commissioner or the attorney general, or both, may contract with experts as reasonably necessary to bring or defend an action pursuant to this subsection (2) and the nonprofit health entity shall pay the costs reasonably incurred by the commissioner or the attorney general for the experts' services.

(c) In an action under this subsection (2), if the court finds that the transaction is a conversion transaction subject to [sections 1 through 18] and the transaction has not been completed, the court shall enter an injunction prohibiting any further actions to complete the transaction until it has been approved by the commissioner and attorney general under [section 2].

(d) In an action under this subsection (2), if the court finds that a completed transaction was a conversion transaction that the commissioner and attorney general have not approved under [section 2], the court shall enter an injunction requiring the nonprofit health entity or any successor to the assets involved in the transaction to submit an application for review under [section 5]. (e) The court issuing the declaratory judgment retains jurisdiction to enforce any direction by the attorney general for distribution of the fair market value of public assets under this subsection (2).

(3) [Sections 1 through 18] may not be construed to make void or voidable or to require any distribution of assets with respect to any transaction or series of transactions completed before [the effective date of this act], even if that

(b) the fair market value of public assets is expended or invested with reasonable and prudent consideration of the potential risk of financial loss associated with the conversion transaction;

(c) the fair market value of the public assets of a nonprofit health entity will be distributed as provided in [section 18];

(d) no part of the public assets of the transferor inure directly or indirectly to an officer, director, or trustee of the transferor or to the transferee or an officer, director, trustee, shareholder, or employee of the transferee or to any other person that is not a foundation or nonprofit organization approved to receive the assets by the attorney general; and

(3) In determining fair market value, the attorney general may consider all relevant factors that may include but are not limited to:

(a) the value of the nonprofit health entity or an affiliate or the assets of the nonprofit health entity or affiliate that are determined as if the nonprofit health entity or affiliate had voting stock outstanding and 100% of its stock was freely transferable and available for purchase without restriction;

(2) In determining whether a conversion transaction is in the public interest, the commissioner shall consider:

(a) whether the transferor exercised due diligence in deciding to engage in a conversion transaction, selecting the transferee, and negotiating the terms and conditions of the conversion transaction;

(b) the procedures that the transferor used in making the decision, including whether appropriate expert assistance was used;

(c) whether any conflicts of interest were disclosed, including conflicts of interest of board members, executives, and experts retained by the transferor, transferee, or any other parties to the conversion transaction;

(d) whether the conversion has the likelihood of creating a significant adverse effect on the availability or accessibility of health care services or health insurance coverage in the affected community;

(e) whether the conversion transaction includes sufficient safeguards to ensure that the affected community will have continued access to affordable health care;

(f) whether any management contract under the conversion transaction is for reasonable value; and

(g) whether the conversion transaction:

(i) is equitable to the public interest, enrollees, insureds, shareholders, and certificate holders, if any, of the transferor;

(ii) is in compliance with Title 33, chapters 30 and 31;

(iii) ensures that the transferee will possess surplus in an amount sufficient to comply with the surplus required under law and provide for the security of the transferee's certificate holders, if any, and policyholders.

(3) In making the determination required under this section, the commissioner may not determine that a conversion transaction is in the public

interest unless the nonprofit health entity considered the risks of a conversion transaction, including whether a conversion transaction:

- (a) would result in inefficient economies of scale; or
- (b) would violate federal or state antitrust laws.

(4) If an agreement for the conversion of a nonprofit health entity requires payment of money, as liquidated damages or otherwise, in the event of a breach of the agreement by the nonprofit health entity, the commissioner shall determine whether and to what extent the payment by the nonprofit health entity is in the public interest.

(1) Arraignment must be conducted in open court and must consist of reading the charge to the defendant or stating to the defendant the substance of the charge and calling on the defendant to plead to the charge. The defendant must be given a copy of the charging document before being called upon to plead. For purposes of this chapter, an arraignment that is conducted by the use of two-way electronic audio-video communication, allowing all of the participants to be ~~observed and~~ heard in the courtroom by all present *and allowing the party to be seen*, is considered to be an arraignment in open court.

The defendant may waive the requirement that the defendant's counsel be in the defendant's physical presence during the two-way electronic audio-video communication.

(5) A judge may order a defendant's physical appearance in court for arraignment. In a felony case, a judge may not accept a plea of guilty or nolo contendere from a defendant ~~who is not~~ *unless the defendant is physically present in the courtroom or is appearing before the court by means of two-way electronic audio-video communication.*"

Section 2. Section 46-12-211, MCA, is amended to read:

"46-12-211. Plea agreement procedure — use of two-way electronic audio-video communication. - (b) agree that a specific sentence is the appropriate disposition of the case; or

If the agreement is of the type specified in subsection (1)(a) or (1)(b), the court may accept or reject the agreement or may defer its decision as to the acceptance or rejection until there has been an opportunity to consider the presentence report. If the agreement is of the type specified in subsection (1)(c), the court shall advise the defendant that, if the court does not accept the recommendation or request, the defendant nevertheless has no right to withdraw the plea.

(3) If the court accepts a plea agreement, the court shall inform the defendant that it will embody in the judgment and sentence the disposition provided for in the plea agreement.

(4) If the court rejects a plea agreement of the type specified in subsection (1)(a) or (1)(b), the court shall, on the record, inform the parties of this fact and advise the defendant that the court is not bound by the plea agreement, afford the defendant an opportunity to withdraw the plea, and advise the defendant that if the defendant persists in the guilty or nolo contendere plea, the disposition of the case may be less favorable to the defendant than that contemplated by the plea agreement.

(5) For purposes of this section, ~~in cases in which the defendant is charged with a misdemeanor offense,~~ a disclosure of the agreement through the use of two-way electronic audio-video communication, allowing all of the participants to be ~~observed and~~ heard in the courtroom by all present *and allowing the party speaking to be seen*, is considered to be a disclosure in open court. Audio-video communication may be used if neither party objects and the court agrees to its

(2) At any time before judgment or, except when a claim of innocence is supported by evidence of a fundamental miscarriage of justice, within 1 year after judgment becomes final, the court may, for good cause shown, permit the plea of guilty or nolo contendere to be withdrawn and a plea of not guilty substituted. A judgment becomes final for purposes of this subsection (2):

(a) when the time for appeal to the Montana supreme court expires;

(b) if an appeal is taken to the Montana supreme court, when the time for petitioning the United States supreme court for review expires; or

(c) if review is sought in the United States supreme court, on the date that that court issues its final order in the case.

(3) For purposes of this section, ~~in cases in which the defendant is charged with a misdemeanor offense,~~ an entry of a plea of guilty or nolo contendere through the use of two-way electronic audio-video communication, allowing all of the participants to be ~~observed and~~ heard in the courtroom by all present *and allowing the party speaking to be seen*, is considered to be an entry of a plea of guilty or nolo contendere in open court. Audio-video communication may be used if neither party objects and the court agrees to its use *and has informed the defendant that the defendant has the right to object to its use.* The audio-video communication must operate as provided in 46-12-201.”

Section 4. Section 46-16-123, MCA, is amended to read:

“46-16-123. Absence of defendant on receiving verdict or at sentencing. (1) In all misdemeanor cases, the verdict may be returned and the sentence imposed without the defendant being present.

(2) (a) In all felony cases, the defendant shall appear in person when the verdict is returned or the sentence is imposed unless, after the exercise of due diligence to procure the defendant’s presence, the court finds that it is in the interest of justice that the verdict be returned and the sentence be pronounced in the defendant’s absence.

(b) *For purposes of subsection (2)(a), the defendant’s appearance may be through the use of two-way electronic audio-video communication, allowing all of the participants to be heard in the courtroom by all present and allowing the party speaking to be seen. Audio-video communication may be used if neither party objects and the court agrees to its use and has informed the defendant that the defendant has the right to object to its use. The audio-video communication must operate as provided in 46-12-201.”*

Section 5. Section 46-18-102, MCA, is amended to read:

“46-18-102. Rendering judgment and pronouncing sentence — use of two-way electronic audio-video communication. (1) The judgment must be rendered in open court. For purposes of this section, ~~in cases in which the defendant is charged with a misdemeanor offense,~~ a judgment rendered through the use of two-way electronic audio-video communication, allowing all of the participants to be ~~observed and~~ heard in the courtroom by all present *and allowing the party speaking to be seen*, is considered to be a judgment rendered in open court. Audio-video communication may be used if neither party objects and the court agrees to its use *and has informed the defendant that the defendant has the right to object to its use*. The audio-video communication must operate as provided in 46-12-201.

(2) If the verdict or finding is not guilty, judgment must be rendered immediately and the defendant must be discharged from custody or from the obligation of a bail bond.

Section 6. Section 46-18-115, MCA, is amended to read:

“46-18-115. Sentencing hearing — use of two-way electronic audio-video communication. Before imposing sentence or making any other disposition upon acceptance of a plea or upon a verdict or finding of guilty, the court shall conduct a sentencing hearing, without unreasonable delay, as follows:

(1) The court shall afford the parties an opportunity to be heard on any matter relevant to the disposition, including the imposition of a sentence enhancement penalty and the applicability of mandatory minimum sentences, persistent felony offender status, or an exception to these matters.

(2) If there is a possibility of imposing the death penalty, the court shall hold a hearing as provided by 46-18-301.

If the defendant wishes to make a statement, the court shall afford the defendant a reasonable opportunity to do so. For purposes of this section, ~~in cases in which the defendant is charged with a misdemeanor offense,~~ the requirement that the court address the defendant personally may be satisfied by the use of two-way electronic audio-video communication. The audio-video communication must operate as provided in 46-12-201.

(4) (a) The court shall permit the victim to present a statement concerning the effects of the crime on the victim, the circumstances surrounding the crime, the manner in which the crime was perpetrated, and the victim’s opinion regarding appropriate sentence. At the victim’s option, the victim may present the statement in writing before the sentencing hearing or orally under oath at the sentencing hearing, or both.

(b) The court shall give copies of any written statements of the victim to the prosecutor and the defendant prior to imposing sentence.

(c) The court shall consider the victim's statement along with other factors. However, if the victim's statement includes new material facts upon which the court intends to rely, the court shall allow the defendant adequate opportunity to respond and may continue the sentencing hearing if necessary.

(5) The court shall impose sentence or make any other disposition authorized by law.

(6) In felony cases, the court shall specifically state all reasons for the sentence, including restrictions, conditions, or enhancements imposed, in open court on the record and in the written judgment."

CHAPTER NO. 225

[HB 483]

AN ACT PROHIBITING POLICE OFFICERS FROM GOING ON STRIKE; PROVIDING FOR BINDING ARBITRATION IN LABOR NEGOTIATIONS INVOLVING POLICE OFFICERS; PROVIDING PROCEDURES FOR BINDING ARBITRATION; AMENDING SECTION 7-32-4114, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Strikes by police officers prohibited. (1) It is unlawful for a police officer to strike or recognize a picket line of a labor organization while in the performance of official duties.

(2) (a) As used in this section, “strike” means an action listed in subsection (2)(b), in concerted action with others, for the purpose of inducing, influencing, or coercing a change in the conditions of employment, compensation, rights, privileges, or obligations of employment of a police officer.

(b) A police officer may not engage in the following actions in concert with others:

- (i) refusal to report for duty;
- (ii) willful absence from the police officer’s position;
- (iii) stoppage of work; or
- (iv) departure from the full, faithful, or proper performance of duties of employment.

Section 2. Mediation of disputes. (1) If after a 150-calendar day period of good faith negotiation over the terms of an agreement, or 150 days after certification or recognition of an exclusive representative, an agreement has not been signed, either or both of the parties may notify the board of personnel appeals of the status of the negotiations and of the need for a mediator. The parties may agree to request a mediator before the end of the 150-day period. The 150-day period begins when the parties meet for the first bargaining session and each party has received the other party’s initial proposal. Upon receipt of the notification, the board of personnel appeals shall appoint a mediator and notify the parties of the appointment.

(2) (a) After 15 days of mediation, either party may declare an impasse. The mediator may declare an impasse at any time during the mediation process. Written notification of an impasse must be filed with the board of personnel appeals.

(b) Within 7 days of the declaration of an impasse, each party shall submit to the mediator the final written offer of the party, including a cost summary of the offer. Within 7 days of receipt of the final offers, the mediator shall make public the final offers, including any proposed contract language and each party’s cost summary addressing those issues on which the parties have failed to reach an agreement. Each party’s proposed contract language must be titled “Final Offer”.

(c) Within 30 days after the mediator makes public the parties’ final offers, the parties may agree to and, upon agreement, shall jointly petition the board of personnel appeals to appoint a fact finder. The fact finder must be appointed as provided in 39-31-308(2).

(d) If an agreement is not reached within 30 days after the mediator makes the final offers public or, if the parties participated in fact finding, within 30 days after the receipt of the fact finder’s report, either party may petition the board of personnel appeals for binding arbitration. The petition must include a copy of each party’s “Final Offer”, as provided in subsection (2)(b).

Section 3. Binding arbitration — policy. (1) It is the policy of the state that because the right of police officers to strike is prohibited by [section 1], it is necessary to the high morale of police officers and to the efficient operation of police departments to provide an alternative, expeditious, and effective procedure for the resolution of labor disputes through binding arbitration.

(2) Binding arbitration must be scheduled by mutual agreement no earlier than 30 days following the submission of the petition seeking binding arbitration under [section 2(2)(d)].

Section 4. Selection of arbitrator — procedure — cost-sharing. (1) (a) After receipt of the petition to arbitrate under [section 2(2)(d)], the board of personnel appeals shall submit a list of five qualified, disinterested, and unbiased individuals to the parties. Each party shall alternately strike two names from the list. The order of striking names must be determined by a coin toss. The remaining individual is the arbitrator.

(b) If the parties have not designated the arbitrator and notified the board of personnel appeals of their choice within 5 days of receipt of the list, the board of personnel appeals shall appoint the arbitrator from the names on the list. However, if one of the parties strikes names from the list, as provided in subsection (1)(a), the board of personnel appeals shall appoint the arbitrator from the names remaining on the list.

(2) The arbitrator shall establish the dates, times, and places of hearings. The arbitrator may issue subpoenas. Within 14 calendar days prior to the date of a hearing, each party shall submit to the other party a written last best offer package on all unresolved mandatory subjects. The last best offer package may not be changed. The arbitrator may administer oaths and shall afford the parties the opportunity to examine and cross-examine all witnesses and to present evidence relevant to the dispute.

(3) The arbitrator shall decide the unresolved mandatory subjects contained in the last best offer package. The arbitrator shall base findings and opinions on the criteria listed in subsections (3)(a) through (3)(h). Primary consideration must be given to the criteria in subsection (3)(a). The criteria are:

- (a) the interest and welfare of the public;
- (b) the reasonable financial ability of the unit of government to meet the costs of the proposed contract, giving consideration and weight to the other services provided by the unit of government, as determined by the governing body of the unit of government;
- (c) the ability of the unit of government to attract and retain qualified personnel at the wage and benefit levels provided;
- (d) the overall compensation presently received by the police officers, including direct wage compensation, holiday pay, other paid excused time, insurance, and all other direct or indirect monetary benefits;
- (e) comparison of the overall compensation of other police officers in comparable communities with similar populations in Montana and contiguous states;
- (f) inflation as measured by the consumer price index, U.S. city average, commonly known as the cost of living;
- (g) the stipulations of the parties; and
- (h) other factors, consistent with subsections (3)(a) through (3)(g), that are traditionally taken into consideration in the determination of wages, hours, and other terms and conditions of employment. However, the arbitrator may not use other factors if, in the judgment of the arbitrator, the factors listed in subsections (3)(a) through (3)(g) provide a sufficient basis for an award.

(4) Within 30 days after the conclusion of the hearings or an additional period agreed upon by the parties, the arbitrator shall select only one of the last best offer packages submitted by the parties and shall make written findings along with an opinion and order. The opinion and order must be served on the parties and the board of personnel appeals. Service may be made by personal

delivery or by certified mail. The findings, opinion, and order must be based upon the criteria listed in subsection (3).

(5) The cost of arbitration must be borne equally by the parties.

Section 5. Arbitration decision final. Subject to Title 27, chapter 5, part 3, the decision of the arbitrator is final and is binding on the parties, and the board of personnel appeals shall issue an order containing the decision. Refusal or failure to comply with any provision of a final and binding arbitration award is an unfair labor practice. An order issued by the board of personnel appeals pursuant to this section may be enforced by either party or the board of personnel appeals in the district court for any county in which the dispute arose.

Section 6. Section 7-32-4114, MCA, is amended to read:

“7-32-4114. Restrictions on activities of ~~policemen~~ police officers. (1) Except as provided in subsection (2), a member of the police force may not hold any other office or be employed in any other department of the city or town government. *A member of the police force may not strike, as provided in [section 1].*

(2) A member of the police force of a third-class city or of a town may be employed in another department of the city or town government. However, the member may not hold political office in the city or town government.

(3) The fact that a person is an officer or member of the police department does not deprive the person's spouse or any member of the person's family of the right to participate in political activity or to hold public or political office.

(4) An officer or member of the police department may participate in political activity ~~provided that if the officer does not do so while on duty or in uniform or that it if the activity does not otherwise interfere with the performance of duties.~~

Section 7. Codification instruction. [Sections 1 through 5] are intended to be codified as an integral part of Title 39, chapter 31, and the provisions of Title 39, chapter 31, apply to [sections 1 through 5].

Section 8. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 9. Effective date. [This act] is effective July 1, 2005.

Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(g) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) (a) The department's decision on the application is not final until 15 days have elapsed from the date of the decision.

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) (a) Except as provided in subsections (12)(b) and (12)(c), an applicant who has received a written notice that its application is considered filed pursuant to subsection (8) may:

(i) for a temporary power generation unit or units with a total electrical generation capacity of not more than 125 megawatts, construct the unit or units. Operation of the unit or units may commence upon the department's issuance of a permit under this section.

(ii) for a temporary power generation unit or units with a total electrical generating capacity of 10 megawatts or less, construct and operate the unit or units.

(b) The construction or operation of a temporary power generation unit or units described in subsection (12)(a) is not in violation of this part unless the operation of the temporary power generation unit or units continues after a

department decision to deny the permit application becomes final as provided in this section.

(c) (i) A permit applicant shall discontinue construction or operation of a temporary power generation unit or units if the applicant is notified by the department in writing that the applicant has failed to submit by the department's deadline any additional information that is necessary to process the permit application.

(ii) The operation of a permit applicant's temporary power generation unit or units described in subsection (12)(a) may not violate ambient air quality standards.

(d) A permit issued under this part and pursuant to the provisions of this subsection (12) must expire no later than 2 years from the date that the department received the permit application and must require removal of the temporary power generation unit or units upon expiration of the permit unless an air quality permit for permanent operation has been issued.

(13) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

(b) are subject to the requirements of 75-2-215; or

(c) require the preparation of an environmental impact statement.

(14) (a) The board may adopt rules for issuance, modification, suspension, revocation, renewal, or creation of:

(i) general permits covering multiple similar sources; or

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (14)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department. (Terminates July 1, 2005—sec. 4, Ch. 588, L. 2001.)

75-2-211. (Effective July 1, 2005) Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(2) (a) Except as provided in 75-1-208(4)(b), ~~and 75-2-234~~, and subsections (2)(b) and (2)(c) of this section, not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(b) *Except as provided in subsection (2)(e), the owner or operator of an oil or gas well facility shall file the permit application with the department no later than January 3, 2006, or 60 days after the initial well completion date, whichever is later. For purposes of this section, the initial well completion date for an oil or gas well facility is:*

(i) *for an oil or gas well facility producing oil, the date when the first oil is produced through wellhead equipment into lease tanks from the ultimate producing interval after casing has been run; and*

(ii) *for an oil or gas well facility producing gas, the date when the oil or gas well facility is capable of producing gas through wellhead equipment from the ultimate producing interval after casing has been run.*

(c) *An owner or operator who complies with subsection (2)(b) may construct, install, or use equipment necessary to complete or operate an oil or gas well facility without a permit until the department's decision on the application is final. If the owner or operator does not comply with subsection (2)(b), the owner or operator may not operate the oil or gas well facility and is liable for a violation of this section for every day of construction, installation, or operation of the facility.*

(d) *The board shall adopt rules establishing air emission control requirements applicable to an oil or gas well facility during the time from the initial well completion date until the department's decision on the application is final.*

(e) *The provisions of subsections (2)(b) and (2)(c) do not apply to an oil or gas well facility subject to the federal air permitting provisions of 42 U.S.C. 7475 or 7503.*

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days after the department's receipt of a filed application, as provided in subsection (8), if the department prepares the environmental impact statement;

(ii) 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(d) Except as provided in subsection (9)(e), if an application does not require the preparation of an environmental impact statement and is subject to the provisions of 75-2-215, the department shall notify the applicant of its approval or denial of the application, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8).

(e) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall prepare a

single environmental review document pursuant to Title 75, chapter 1, for the permit required under this section and the license or permit required under 75-10-221 or 75-10-406 and act on the applications within the time period provided for in 75-2-215(3)(e).

(f) The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(g) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) (a) The department's decision on the application is not final until 15 days have elapsed from the date of the decision.

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

(b) are subject to the requirements of 75-2-215; or

(c) require the preparation of an environmental impact statement.

(13) (a) The board may adopt rules for issuance, modification, suspension, revocation, renewal, or creation of:

(i) general permits covering multiple similar sources; or

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (13)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department.”

Section 3. Section 75-2-218, MCA, is amended to read:

“75-2-218. Permits for operation — application completeness — action by department — application shield — review by board. (1) An application for an operating permit or renewal is not considered filed until the department has determined that it is complete. An application is complete if all fees required under 75-2-220 and all information and completed application forms required under 75-2-217 have been submitted. A complete application must contain all of the information required for the department to begin processing the application. If the department fails to notify the applicant in writing within 60 days after submittal of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed on the date of the department’s receipt of the application. The department may request additional information after a completeness determination has been made. ~~The department~~ *board* shall adopt rules that contain criteria for use in determining both when an application is complete and when additional information is required after a completeness determination has been made.

(2) Except as provided in 75-1-208(4)(b) and subsection (3) of this section, the department shall, consistent with the procedures established under 75-2-217, approve or disapprove a complete application for an operating permit or renewal and shall issue or deny the permit or renewal within 18 months after the date of filing. Failure of the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(3) The board may by rule provide for a transition schedule for both the submittal to the department of initial applications for operating permits by existing sources and action by the department on these initial permit applications. The board may require that one-third of all operating permit applications required for existing sources be submitted within the first calendar year after the adoption of rules implementing an operating permit program under 75-2-217.

(4) If an applicant submits a timely and complete application for an operating permit, the applicant’s failure to hold a valid operating permit is not a violation of 75-2-217. If an applicant submits a timely and complete application for an operating permit renewal, the expiration of the applicant’s existing operating permit is not a violation of 75-2-217. The applicant shall continue to be subject to the terms and conditions of the expired operating permit until the operating permit is renewed and is subject to the application of 75-2-217. The applicant is not entitled to the protection of this subsection if the delay in final action by the department on the application results from the applicant’s failure to submit in a timely manner information requested by the department to process the application.

(5) Except as provided in subsection (8), if the department approves or denies an application for an operating permit or the renewal, modification, or amendment of a permit under 75-2-217 and this section, any person that participated in the public comment process required under 75-2-217(7) may request a hearing before the board. The request for a hearing must be filed

within 30 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(6) (a) Except as provided in subsection (8), the department's decision on any application is not final until 30 days have elapsed from the date of the decision.

(b) Except as provided in subsection (8), the filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for an informal hearing, that:

(i) the person requesting the hearing is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the hearing.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(7) The requirements of subsections (5) and (6) also apply to any action initiated by the department to suspend, revoke, modify, or amend an operating permit issued under this section.

(8) The denial by the department of an application under 75-2-217 and this section is not subject to review by the board or judicial review if the basis for denial is the written objection of the appropriate federal agency acting pursuant to the federal Clean Air Act, 42 U.S.C. 7401, et seq.

(9) Compliance with an operating permit granted or renewed under 75-2-217 and this section is considered to be compliance with the requirements of this chapter only if the permit expressly includes those requirements or an express determination that those requirements are not applicable. This subsection does not apply to general permits provided for under 75-2-217."

Section 4. Effective date. [This act] is effective January 1, 2006.

Section 3. Section 23-2-512, MCA, is amended to read:

“23-2-512. Identifying number. (1) The owner of each motorboat, sailboat, or personal watercraft requiring numbering by this state shall file an application for number in the office of the county treasurer in the county where the motorboat, sailboat, or personal watercraft is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by a fee of \$3.50 in calendar year 2004 and, in each subsequent year, \$15.50. Any alteration, change, or false statement contained in the application renders the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner. *Validation decals verifying the identifying number for each motorboat, sailboat, or personal watercraft must be issued along with the certificate of number and must be displayed on the motorboat, sailboat, or personal watercraft.*

(2) The applicant, upon the filing of the application, shall pay to the county treasurer the fee in lieu of tax required under 23-2-517 for a motorboat 10 feet in length or longer, a sailboat 12 feet in length or longer, or a personal watercraft before the application for certification or, if applicable, recertification may be accepted by the county treasurer.

(3) *The fine for failing to display the validation decals may not be more than the cost incurred by the justice court.*

(4) *The department may give only verbal or written warnings until December 31, 2007, for failing to display validation decals in an attempt to educate the boating public.*

~~(3)~~(5) If the ownership of a motorboat, sailboat, or personal watercraft changes, a new application form with the certification fee must be filed within ~~a reasonable time~~ 40 days with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number. *New validation decals must be issued simultaneously.*

~~(4)~~(6) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

~~(5)~~(7) A certificate of number and ~~a registration validation decal~~ *decal* issued under this part are effective unless terminated or discontinued in accordance with the provisions of this part. *All motorboats, sailboats, or personal watercraft already numbered must exhibit validation decals by December 31, 2005. All validation decals expire on February 28, 2008. Validation decals must be obtained by the expiration date at any regional office of the department or through the department website and are in effect for another 3-year period ending February 28, 2011. The requirement of renewal validation decals must continue in subsequent 3-year periods, and renewal validation decals must be identified by color in accordance with the federal numbering system. Except as provided in 23-2-511(2) and subsection (5) of this section, the operation of a motorboat, sailboat, or personal watercraft is prohibited without current validation decals.*

(8) *Validation decals must be approximately 3 square inches. The validation decals must be serially numbered in accordance with the federal numbering system and must be displayed on each side of the vessel.*

~~(6)~~(9) If ownership is transferred, the purchaser shall notify the county treasurer within ~~a reasonable time~~ *40 days* of the acquisition of all or any part of the purchaser's interest, other than the creation of a security interest, in a motorboat, sailboat, or personal watercraft numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, or personal watercraft. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

~~(7)~~(10) A holder of a certificate of number shall notify the county treasurer within a reasonable time if the holder's address no longer conforms to the address appearing on the certificate and shall furnish the county treasurer with the new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

~~(8)~~(11) (a) The *identifying* number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft. The *identifying* number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible. The *identifying* number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore. Numerals, letters, or devices other than those used in connection with the identifying number issued may not be placed in the proximity of the identifying number. Numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its identifying number may not be carried in a manner

that interferes with the motorboat's, sailboat's, or personal watercraft's identification. A number other than the *identifying* number assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may not be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft. A registration decal issued under this part must be placed next to the identifying number located on the left side of a motorboat, sailboat, or personal watercraft or, if there are no sides, at the corresponding location on the left outboard side of the foredeck of the motorboat, sailboat, or personal watercraft. *The validation decal must be placed immediately aft of the registration decal on the left side and immediately aft of the identifying number on the right side of a motorboat, sailboat, or personal watercraft.*

(b) The certificate of number must be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, or personal watercraft whenever the motorboat, sailboat, or personal watercraft is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, or personal watercraft, but a rental agreement must be carried on board livery motorboats, sailboats, or personal watercraft in place of the certificate of number.

(9)(12) Fees, other than the fee in lieu of tax, collected under this section must be transmitted to the department of revenue, as provided in 15-1-504, for deposit in the state general fund.

~~(10)~~(13) An owner of a motorboat, sailboat, or personal watercraft shall within a reasonable time notify the department of justice, giving the motorboat's, sailboat's, or personal watercraft's identifying number and the owner's name if the motorboat, sailboat, or personal watercraft is transferred, lost, destroyed, or abandoned or within 60 days after a change of the state of principal use or if a motorboat becomes documented as a vessel of the United States.

(14) *The department shall reimburse the department of justice for any programming costs necessary to implement the provisions of this section that are incurred in fiscal year 2005.*

Section 4. Section 23-2-513, MCA, is amended to read:

"23-2-513. Dealer's or manufacturer's identifying number — premises — inspection — bond — judgment — temporary registration permit. (1) A dealer or manufacturer may apply directly to the department of justice for one identifying number and one or more certificates of number. A dealer's or manufacturer's identifying number *and the registration decal* must be displayed on a dealer's or manufacturer's boat while the boat is operating for a purpose related to the buying, selling, ~~or~~ exchanging, *or performance testing* of the boat by the dealer, ~~or~~ manufacturer, *or potential buyer*.

(2) The application for a dealer's or manufacturer's identifying number must include the dealer's or manufacturer's name and business address. Each dealer or manufacturer must have one identifying number assigned to the dealer's or manufacturer's business.

(3) An application for a dealer's or manufacturer's identifying number and a certificate of number must be accompanied by the following fees:

(a) for the identifying number, first certificate of number, and registration decal, \$5;

(b) for each additional certificate of number and registration decal applied for in any application, \$2.

(4) The department of justice shall issue certificates of number for the identifying number assigned to a dealer or manufacturer in the same manner as provided in 23-2-512(1) ~~and (8)~~, except that a boat may not be described in a certificate and each certificate must state that the identifying number has been assigned to a dealer or manufacturer. Pay for employees in the alternative pay and classification plan may be established and changed based on demonstrated competencies and accomplishments, on the labor market, and on other situations defined by the department.

(b) To the extent that the plan applies to employees within a collective bargaining unit, the implementation of the plan is a negotiable subject under 39-31-305.

"20-10-144. Computation of revenue and net tax levy requirements for district transportation fund budget. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate for each bus mile by the

total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by the district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted in the budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or \$100, whichever is larger, the contingency amount on the budget must be reduced to the limitation amount and used in this determination of the schedule amount; plus

(e) any estimated costs for transporting a child out of district when the child has mandatory approval to attend school in a district outside the district of residence.

(2) (a) The schedule amount determined in subsection (1) or the total transportation fund budget, whichever is smaller, is divided by 2 and is used to determine the available state and county revenue to be budgeted on the following basis:

(i) one-half is the budgeted state transportation reimbursement, ~~except that the state transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 must be 50% of the schedule amount attributed to the transportation of special education pupils; and~~

(ii) one-half is the budgeted county transportation fund reimbursement and must be financed in the manner provided in 20-10-146.

(b) When the district has a sufficient amount of fund balance for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and fund balance reappropriated must be used to reduce the county financing obligation in subsection (2)(a)(ii) and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a)(i).

(c) The county revenue requirement for a joint district, after the application of any district money under subsection (2)(b), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(a) anticipated federal money received under the provisions of 20 U.S.C. 7701, et seq., or other anticipated federal money received in lieu of that federal act;

(b) anticipated payments from other districts for providing school bus transportation services for the district;

(c) anticipated payments from a parent or guardian for providing school bus transportation services for a child;

(d) anticipated or reappropriated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4);

(e) anticipated revenue from coal gross proceeds under 15-23-703;

(f) anticipated oil and natural gas production taxes;

(g) anticipated local government severance tax payments for calendar year 1995 production;

(h) anticipated transportation payments for out-of-district pupils under the provisions of 20-5-320 through 20-5-324;

(i) school district block grants distributed under section 244, Chapter 574, Laws of 2001;

(j) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year that may be used to finance the transportation fund; and

(k) any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The transportation fund levy requirements determined in subsection (4) for each district must be reported to the county commissioners on the fourth Monday of August by the county superintendent as the transportation fund levy requirements for the district, and the levy must be made by the county commissioners in accordance with 20-9-142."

Section 1. Section 69-8-402, MCA, is amended to read:

“69-8-402. Universal system benefits programs. (1) Universal system benefits programs are established for the state of Montana to ensure continued funding of and new expenditures for energy conservation, renewable resource projects and applications, and low-income energy assistance.

(2) Beginning January 1, 1999, 2.4% of each utility’s annual retail sales revenue in Montana for the calendar year ending December 31, 1995, is established as the initial funding level for universal system benefits programs. To collect this amount of funds on an annualized basis in 1999, the commission shall establish rates for utilities subject to its jurisdiction and the governing boards of cooperatives shall establish rates for the cooperatives. These universal system benefits charge rates must remain in effect through December 31, ~~2005~~ 2009.

(a) The recovery of all universal system benefits programs costs imposed pursuant to this section is authorized through the imposition of a universal system benefits charge assessed at the meter for each local utility system customer as provided in this section.

(b) A utility must receive credit toward annual funding requirements for the utility’s internal programs or activities that qualify as universal system benefits programs, including those amortized or nonamortized portions of expenditures for the purchase of power that are for the acquisition or support of renewable energy, conservation-related activities, or low-income energy assistance, and for large customers’ programs or activities as provided in subsection (7). The department of revenue shall review claimed credits of the utilities and large customers pursuant to 69-8-414.

(c) A utility’s distribution services provider at which the sale of power for final end use occurs is the utility that receives credit for the universal system benefits programs expenditure.

(d) A customer’s distribution services provider shall collect universal system benefits funds less any allowable credits.

(e) For a utility to receive credit for low-income-related expenditures, the activity must have taken place in Montana.

(f) If a utility’s or a large customer’s credit for internal activities does not satisfy the annual funding provisions of subsection (2), then the utility shall make a payment to the universal system benefits fund established in 69-8-412 for any difference.

(3) Cooperative utilities may collectively pool their statewide credits to satisfy their annual funding requirements for universal system benefits programs and low-income energy assistance.

(4) A utility’s transition plan must describe how the utility proposes to provide for universal system benefits programs, including the methodologies, such as cost-effectiveness and need determination, used to measure the utility’s level of contribution to each program.

(5) A utility’s minimum annual funding requirement for low-income energy and weatherization assistance is established at 17% of the utility’s annual universal system benefits funding level and is inclusive within the overall universal system benefits funding level.

(a) A utility must receive credit toward the utility’s low-income energy assistance annual funding requirement for the utility’s internal low-income energy assistance programs or activities.

(b) If a utility's credit for internal activities does not satisfy its annual funding requirement, then the utility shall make a payment for any difference to the universal low-income energy assistance fund established in 69-8-412.

(6) An individual customer may not bear a disproportionate share of the local utility's funding requirements, and a sliding scale must be implemented to provide a more equitable distribution of program costs.

(7) (a) A large customer:

(i) shall pay a universal system benefits programs charge with respect to the large customer's qualifying load equal to the lesser of:

(A) \$500,000, less the large customer credits provided for in this subsection (7); or

(B) the product of 0.9 mills per kilowatt hour multiplied by the large customer's total kilowatt hour purchases, less large customer credits with respect to that qualifying load provided for in this subsection (7);

(ii) must receive credit toward that large customer's universal system benefits charge for internal expenditures and activities that qualify as a universal system benefits programs expenditure, and these internal expenditures must include but not be limited to:

(A) expenditures that result in a reduction in the consumption of electrical energy in the large customer's facility; and

(B) those amortized or nonamortized portions of expenditures for the purchase of power at retail or wholesale that are for the acquisition or support of renewable energy or conservation-related activities.

(b) Large customers making these expenditures must receive a credit against the large customer's universal system benefits charge, except that any of those amounts expended in a calendar year that exceed that large customer's universal system benefits charge for the calendar year must be used as a credit against those charges in future years until the total amount of those expenditures has been credited against that large customer's universal system benefits charges.

(8) A public utility shall prepare and submit an annual summary report of the public utility's activities relating to all universal system benefits programs to the commission, the department of revenue, and the energy and telecommunications interim committee provided for in 5-5-230. A cooperative utility shall prepare and submit annual summary reports of activities to the cooperative utility's respective local governing body, the statewide cooperative utility office, and the energy and telecommunications interim committee. The statewide cooperative utility office shall prepare and submit an annual summary report of the activities of individual cooperative utilities, including a summary of the pooling of statewide credits, as provided in subsection (3), to the department of revenue and the energy and telecommunications interim committee. The annual report of a public utility or of the statewide cooperative utility office must include but is not limited to:

(a) the types of internal utility and customer programs being used to satisfy the provisions of this chapter;

(b) the level of funding for those programs relative to the annual funding requirements prescribed in subsection (2); and

(c) any payments made to the statewide funds in the event that internal funding was below the prescribed annual funding requirements.

(9) A utility or large customer filing for a credit shall develop and maintain appropriate documentation to support the utility's or the large customer's claim for the credit.

(10) (a) A large customer claiming credits for a calendar year shall submit an annual summary report of its universal system benefits programs activities and expenditures to the department of revenue and to the large customer's utility. The annual report of a large customer must identify each qualifying project or expenditure for which it has claimed a credit and the amount of the credit. Prior approval by the department of revenue or the utility is not required, except as provided in subsection (10)(b).

(b) If a large customer claims a credit that the department of revenue disallows in whole or in part, the large customer is financially responsible for the disallowance. A large customer and the large customer's utility may mutually agree that credits claimed by the large customer be first approved by the utility. If the utility approves the large customer credit, the utility may be financially responsible for any subsequent disallowance."

CHAPTER NO. 265

[SB 478]

AN ACT PROVIDING THAT AN EMERGENCY ADMINISTRATIVE RULE MAY NOT BE USED TO IMPLEMENT AN ADMINISTRATIVE BUDGET REDUCTION; SPECIFICALLY INCLUDING PROVIDERS OF SERVICES UNDER CONTRACTS WITH THE STATE AS AN AFFECTED CLASS OF PERSONS FOR PURPOSES OF A STATEMENT OF THE PROBABLE ECONOMIC IMPACT OF A RULE ON AFFECTED CLASSES OF PERSONS; AMENDING SECTIONS 2-4-303 AND 2-4-405, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-303, MCA, is amended to read:

"2-4-303. Emergency or temporary rules. (1) (a) If an agency finds that an imminent peril to the public health, safety, or welfare requires adoption of a rule upon fewer than 30 days' notice and states in writing its reasons for that finding, it may proceed upon special notice filed with the committee, without prior notice or hearing or upon any abbreviated notice and hearing that it finds practicable, to adopt an emergency rule. The rule may be effective for a period not longer than 120 days, after which a new emergency rule with the same or substantially the same text may not be adopted, but the adoption of an identical rule under 2-4-302 is not precluded. Because the exercise of emergency rulemaking power precludes the people's constitutional right to prior notice and participation in the operations of their government, it constitutes the exercise of extraordinary power requiring extraordinary safeguards against abuse. An emergency rule may be adopted only in circumstances that truly and clearly constitute an existing imminent peril to the public health, safety, or welfare that cannot be averted or remedied by any other administrative act. The sufficiency of the reasons for a finding of imminent peril to the public health, safety, or welfare is subject to judicial review upon petition by any person. The matter must be set for hearing at the earliest possible time and takes precedence over all other matters except older matters of the same character. The sufficiency of

the reasons justifying a finding of imminent peril and the necessity for emergency rulemaking must be compelling and, as written in the rule adoption notice, must stand on their own merits for purposes of judicial review. The dissemination of emergency rules required by 2-4-306 must be strictly observed and liberally accomplished.

(b) *An emergency rule may not be used to implement an administrative budget reduction.*

(2) A statute enacted or amended to be effective prior to October 1 of the year of enactment or amendment may be implemented by a temporary administrative rule, adopted before October 1 of that year, upon any abbreviated notice or hearing that the agency finds practicable, but the rule may not be filed with the secretary of state until at least 30 days have passed since publication of the notice of proposal to adopt the rule. The temporary rule is effective until October 1 of the year of adoption. The adoption of an identical rule under 2-4-302 is not precluded during the period that the temporary rule is effective.”

Section 2. Section 2-4-405, MCA, is amended to read:

“2-4-405. Economic impact statement. (1) Upon written request of the appropriate administrative rule review committee based upon the affirmative request of a majority of the members of the committee at an open meeting, an agency shall prepare a statement of the economic impact of the adoption, amendment, or repeal of a rule as proposed. The agency shall also prepare a statement upon receipt by the agency or the committee of a written request for a statement made by at least 15 legislators. If the request is received by the committee, the committee shall give the agency a copy of the request, and if the request is received by the agency, the agency shall give the committee a copy of the request. As an alternative, the committee may, by contract, prepare the estimate. Except to the extent that the request expressly waives any one or more of the following, the requested statement must include and the statement prepared by the committee may include:

(a) a description of the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule;

(b) a description of the probable economic impact of the proposed rule upon affected classes of persons, *including but not limited to providers of services under contracts with the state*, and quantifying, to the extent practicable, that impact;

(c) the probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenue;

(d) an analysis comparing the costs and benefits of the proposed rule to the costs and benefits of inaction;

(e) an analysis that determines whether there are less costly or less intrusive methods for achieving the purpose of the proposed rule;

(f) an analysis of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why they were rejected in favor of the proposed rule;

(g) a determination as to whether the proposed rule represents an efficient allocation of public and private resources; and

(h) a quantification or description of the data upon which subsections (1)(a) through (1)(g) are based and an explanation of how the data was gathered.

(2) A request to an agency for a statement or a decision to contract for the preparation of a statement must be made prior to the final agency action on the rule. The statement must be filed with the appropriate administrative rule review committee within 3 months of the request or decision. A request or decision for an economic impact statement may be withdrawn at any time.

(3) Upon receipt of an impact statement, the committee shall determine the sufficiency of the statement. If the committee determines that the statement is insufficient, the committee may return it to the agency or other person who prepared the statement and request that corrections or amendments be made. If the committee determines that the statement is sufficient, a notice, including a summary of the statement and indicating where a copy of the statement may be obtained, must be filed with the secretary of state for publication in the register by the agency preparing the statement or by the committee, if the statement is prepared under contract by the committee, and must be mailed to persons who have registered advance notice of the agency's rulemaking proceedings.

(4) This section does not apply to rulemaking pursuant to 2-4-303.

(5) The final adoption, amendment, or repeal of a rule is not subject to challenge in any court as a result of the inaccuracy or inadequacy of a statement required under this section.

(6) An environmental impact statement prepared pursuant to 75-1-201 that includes an analysis of the factors listed in this section satisfies the provisions of this section."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-105, MCA, is amended to read:

"16-4-105. Limit on retail beer licenses — wine license amendments — limitation on use of license — exceptions. (1) Except as otherwise provided by law, a license to sell beer at retail or beer and wine at retail, in accordance with the provisions of this code and the rules of the department, may be issued to any person, firm, or corporation that is approved by the department as a person, firm, or corporation qualified to sell beer, except that:

(a) the number of retail beer licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of the cities and towns must be determined on the basis of population prescribed in 16-4-502 as follows:

(i) in incorporated towns of 500 inhabitants or less and within a distance of 5 miles from the corporate limits of the towns, not more than one retail beer license;

(ii) in incorporated cities or incorporated towns of more than 500 inhabitants and not over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of the cities or towns, one retail beer license for every 500 inhabitants;

(iii) in incorporated cities of over 2,000 inhabitants and within a distance of 5 miles from the corporate limits of the cities, four retail beer licenses for the first 2,000 inhabitants, two additional retail beer licenses for the next 2,000 inhabitants or major fraction of 2,000 inhabitants, and one additional retail beer license for every additional 2,000 inhabitants;

(b) the number of the inhabitants in incorporated cities and incorporated towns, exclusive of the number of inhabitants residing within a distance of 5 miles from the corporate limits of the cities or towns, governs the number of retail beer licenses that may be issued for use within the cities and towns and within a distance of 5 miles from the corporate limits of the cities and towns. If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail beer licenses that may be issued for use in both the incorporated municipalities and within a distance of 5 miles from their respective corporate limits must be determined on the basis of the combined populations of both municipalities and may not exceed the limitations in this section. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town must be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of the city or town.

(c) retail beer licenses of issue on March 7, 1947, and retail beer licenses issued under 16-4-110 that are in excess of the limitations in this section are renewable, but new licenses may not be issued in violation of the limitations;

(d) the limitations do not prevent the issuance of a nontransferable and nonassignable retail beer license to an enlisted persons', noncommissioned officers', or officers' club located on a state or federal military reservation on May 13, 1985, or to a post of a nationally chartered veterans' organization or a lodge of a recognized national fraternal organization if the veterans' or fraternal organization has been in existence for a period of 5 years or more prior to January 1, 1949;

(e) the number of retail beer licenses that the department may issue for use at premises situated outside of any incorporated city or incorporated town and outside of the area within a distance of 5 miles from the corporate limits or for use at premises situated within any unincorporated area must be determined by the department in its discretion, except that a retail beer license may not be issued for any premises so situated unless the department determines that the issuance of the license is required by public convenience and necessity pursuant to 16-4-203. Subsection (3) does not apply to licenses issued under this subsection (1)(e). The owner of the license whose premises are situated outside of an incorporated city or town may offer gambling, regardless of when the license was issued, if the owner and premises qualify under Title 23, chapter 5, part 3, 5, or 6.

(2) A person holding a license to sell beer for consumption on the premises at retail may apply to the department for an amendment to the license permitting the holder to sell wine as well as beer. The department may issue an amendment if it finds, on a satisfactory showing by the applicant, that the sale of wine for consumption on the premises would be supplementary to a restaurant or prepared-food business. Except for beer and wine licenses issued pursuant to 16-4-420, a person holding a beer and wine license may sell wine for consumption on or off the premises. Nonretention of the beer license, for whatever reason, means automatic loss of the wine amendment license.

(3) (a) Except as provided in subsections (1)(e) and (3)(b), a license issued pursuant to this section after October 1, 1997, must have a conspicuous notice that the license may not be used for premises where gambling is conducted.

(b) Subsection (3)(a) does not apply to licenses issued under this section if the department received the application before October 1, 1997. For the purposes of this subsection (3)(b), the application is received by the department

before October 1, 1997, if the application's mail cover is postmarked by the United States postal service before October 1, 1997, or if the application was consigned to a private courier service for delivery to the department before October 1, 1997. An applicant who consigns an application to a private courier shall provide to the department, upon demand, documentary evidence satisfactory to the department that the application was consigned to a private courier before October 1, 1997.

(4) A license issued under subsection (1)(e) that becomes located within 5 miles of an incorporated city or town because of annexation after [the effective date of this act] may not be transferred to another location within the city quota area for 5 years from the date of the annexation."

Section 2. Section 16-4-201, MCA, is amended to read:

"16-4-201. All-beverages license quota. (1) Except as otherwise provided by law, a license to sell liquor, beer, and table wine at retail, (an all-beverages license), in accordance with the provisions of this code and the rules of the department may be issued to any person who is approved by the department as a fit and proper person to sell ~~such~~ alcoholic beverages, except that the number of all-beverages licenses that the department may issue for premises situated within incorporated cities and incorporated towns and within a distance of 5 miles from the corporate limits of ~~such~~ those cities and towns ~~shall must~~ be determined on the basis of population prescribed in 16-4-502 as follows:

If two or more incorporated municipalities are situated within a distance of 5 miles from each other, the total number of retail licenses that may be issued for use in both of ~~such~~ the municipalities and within a distance of 5 miles from their respective corporate limits ~~shall must~~ be determined on the basis of the combined populations of both of ~~such~~ the municipalities and may not exceed the ~~foregoing~~ limitations in subsection (1) or this subsection. The distance of 5 miles from the corporate limits of any incorporated city or incorporated town ~~shall must~~ be measured in a straight line from the nearest entrance of the premises proposed for licensing to the nearest corporate boundary of the city or town.

(3) Retail all-beverages licenses of issue on March 7, 1947, and all-beverages licenses issued under 16-4-209, which are in excess of the ~~foregoing~~ limitations ~~shall in subsections (1) and (2) must~~ be renewable, but no new licenses may not be issued in violation of ~~such~~ the limitations.

WHEREAS, numerous studies have found that tobacco smoke is a major contributor to indoor air pollution and that breathing secondhand smoke, also known as environmental tobacco smoke, is a cause of disease in healthy nonsmokers, including diseases such as heart disease, stroke, respiratory disease, and lung cancer; and

WHEREAS, the National Cancer Institute determined in 1999 that secondhand smoke is responsible for the early deaths of up to 65,000 Americans annually; and

WHEREAS, The National Toxicology Program of the U.S. Department of Health and Human Services has listed secondhand smoke as a known carcinogen; and

WHEREAS, a study of hospital admissions for acute myocardial infarction in Helena, Montana, before, during, and after a local ordinance eliminating

smoking in workplaces and public places was in effect, has determined that laws to enforce smoke-free workplaces and public places may be associated with a reduction in morbidity from heart disease; and

WHEREAS, the U.S. Surgeon General has determined that the simple separation of smokers and nonsmokers within the same air space may reduce, but does not eliminate, the exposure of nonsmokers to secondhand smoke; and

WHEREAS, the Environmental Protection Agency has determined, as of the introduction date of this bill, that secondhand smoke cannot be reduced to safe levels in businesses by high rates of ventilation and that air cleaners, which are only capable of filtering the particulate matter and odors in smoke, do not eliminate the known toxins in secondhand smoke; and

WHEREAS, it has been determined by the Centers for Disease Control and Prevention that the risk of acute myocardial infarction and coronary heart disease associated with exposure to tobacco smoke is nonlinear at low doses, increasing rapidly with relatively small doses, such as those received from secondhand smoke or actively smoking one or two cigarettes a day; and

WHEREAS, the Centers for Disease Control and Prevention warns that all patients at increased risk of coronary heart disease or with known coronary artery disease should avoid all indoor environments that permit smoking; and

WHEREAS, numerous economic analyses examining restaurant and hotel receipts and controlling for economic variables have shown either no difference or a positive economic impact after enactment of laws requiring workplaces to be smoke-free; and

WHEREAS, smoking is a potential cause of fires, and cigarette and cigar burns and ash stains on merchandise and fixtures cause economic damage to businesses; and

WHEREAS, creation of smoke-free workplaces is sound economic policy and provides the maximum level of employee health and safety.

- (viii) possession of explosives as defined in 45-8-335;
- (ix) criminal distribution of dangerous drugs as defined in 45-9-101;
- (x) criminal possession of dangerous drugs as defined in 45-9-102(4) ~~and (5) through (6)~~;
- (xi) criminal possession with intent to distribute as defined in 45-9-103(1);
- (xii) criminal production or manufacture of dangerous drugs as defined in 45-9-110;
- (xiii) use of threat to coerce criminal street gang membership or use of violence to coerce criminal street gang membership, as defined in 45-8-403;
- (xiv) escape as defined in 45-7-306;
- (xv) attempt, as defined in 45-4-103, of or accountability, as provided in 45-2-301, for any of the acts enumerated in subsections (1)(b)(i) through (1)(b)(xiv).

(2) The county attorney shall file with the district court a petition for leave to file an information in district court if the youth was 17 years of age at the time the youth committed an offense listed under subsection (1).

(3) The district court shall grant leave to file the information if it appears from the affidavit or other evidence supplied by the county attorney that there is probable cause to believe that the youth has committed the alleged offense. Within 30 days after leave to file the information is granted, the district court shall conduct a hearing to determine whether the matter must be transferred back to the youth court, unless the hearing is waived by the youth or by the youth's counsel in writing or on the record. The hearing may be continued on request of either party for good cause. The district court may not transfer the case back to the youth court unless the district court finds, by a preponderance of the evidence, that:

- (a) a youth court proceeding and disposition will serve the interests of community protection;

(6) If a youth is found guilty in district court of an offense enumerated in subsection (1), the court shall sentence the youth pursuant to 41-5-2503 and Titles 45 and 46. A youth who is sentenced to the department or a state prison must be evaluated and placed by the department in an appropriate juvenile or adult correctional facility. The department shall confine the youth in an institution that it considers proper, including a state youth correctional facility under the procedures of 52-5-111. However, a youth under 16 years of age may not be confined in a state prison facility. During the period of confinement, school-aged youth with disabilities must be provided an education consistent with the requirements of the federal Individuals With Disabilities Education Act, 20 U.S.C. 1400, et seq.

(7) If a youth's case is filed in the district court and remains in the district court after the transfer hearing, the youth may be detained in a jail or other adult detention facility pending final disposition of the youth's case if the youth is kept in an area that provides physical separation from adults accused or convicted of criminal offenses."

(2) The fund is financed with:

(a) funds transferred from the orphan share account pursuant to 75-10-743; and

(3) The fund must be invested by the board of investments pursuant to Title 17, chapter 6, part 2, and the earnings from the investment must be credited to the principal of the fund until the year 2018.

(4) The annual earnings on the fund for the year 2018 and for each succeeding year may be appropriated for the purposes of subsection (1).

(1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and, *except as provided in subsections (10) and (11)*, must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-751 and, ~~except as provided in subsection (10)~~, to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsection (8), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until

all remedial actions, except for operation and maintenance, are completed at a facility.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(7) If sufficient money remains in the orphan share fund on June 29, 2003, \$999,000 must be transferred to the general fund.

(8) If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(9) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

(b) (i) *The board of investments shall monitor the long-term or perpetual water treatment permanent trust fund provided for in [section 1] to determine when the amount of money in the long-term or perpetual water treatment permanent trust fund will be sufficient, with future earnings, to provide a fund balance of \$19.3 million on January 1, 2018.*

(ii) *When the board of investments makes the determination, pursuant to subsection (11)(b)(i), the board of investments shall notify the department and certify to the department the amount of money, if any, that must be transferred during the fiscal year in which the board of investments makes its determination, pursuant to subsection (11)(b)(i), in order to provide a fund balance of \$19.3 million on January 1, 2018.*

(iii) *In the fiscal year that the board of investments makes its determination and notifies the department, the department shall transfer only the amount certified by the board of investments, if any, and may not make additional transfers during subsequent fiscal years."*

CHAPTER NO. 282

[HB 721]

AN ACT ESTABLISHING THE MONTANA DRUG OFFENDER ACCOUNTABILITY AND TREATMENT ACT; RECOGNIZING A JURISDICTIONAL BASIS FOR STATE COURTS TO IMPLEMENT A VOLUNTARY DRUG OFFENDER ACCOUNTABILITY AND TREATMENT PROGRAM FOR QUALIFYING DRUG OFFENDERS; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Legislature recognizes that a critical need exists in this state for the criminal justice system to reduce the incidence of substance abuse and the crimes resulting from it; and

WHEREAS, requiring that accountability and rehabilitating treatment, in addition to or in place of conventional and expensive incarceration, will promote public safety and the welfare of individuals involved, reduce the burden on the general fund, and benefit the common welfare of this state; and

WHEREAS, state courts already have the jurisdiction to implement drug treatment courts via the inherent power of each respective court; and

WHEREAS, the goals of this legislation include but are not limited to reducing recidivism, reducing substance abuse, increasing the personal, familial, and societal accountability of drug offenders to productive, law-abiding, and taxpaying citizens, and reducing the costs of incarceration.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 9] may be cited as the “Drug Offender Accountability and Treatment Act”.

Section 2. Purpose. The purpose of [sections 1 through 9] is to recognize that state courts have a jurisdictional basis to implement drug treatment courts to reduce recidivism and restore drug offenders to being productive, law-abiding, and taxpaying citizens.

Section 3. Definitions. As used in [sections 1 through 9], the following definitions apply:

(1) “Assessment” means a diagnostic evaluation to determine whether and to what extent a person is a drug offender under [sections 1 through 9] and would benefit from the provisions of [sections 1 through 9].

(2) “Continuum of care” means a seamless and coordinated course of substance abuse education and treatment designed to meet the needs of drug offenders as they move through the criminal justice system and beyond, maximizing self-sufficiency.

(3) “Drug” includes:

(a) a controlled substance, which is a drug or other substance for which a medical prescription or other legal authorization is required for purchase or possession;

(b) an illegal drug, which is a drug whose manufacture, sale, use, or possession is forbidden by law; or

(c) a harmful substance, which is a misused substance otherwise legal to possess, including alcohol.

(4) “Drug offender” means a person charged with a drug-related offense or an offense in which substance abuse is determined to have been a significant factor in the commission of an offense.

(5) “Drug treatment court” means a court established by a court pursuant to [sections 1 through 9] implementing a program of incentives and sanctions intended to assist a participant to end the participant’s addiction to drugs and to cease criminal behavior associated with drug use and addiction.

(6) “Drug treatment court coordinator” means an individual who, under the direction of the drug treatment court judge, is responsible for coordinating the establishment, staffing, operation, evaluation, and integrity of the drug treatment court.

(7) “Drug treatment court team” means a group of individuals appointed by the drug treatment court that may consist of the following members:

- (a) the judge, which may include a magistrate or other hearing officer;
 - (b) the prosecutor;
 - (c) the public defender or defense attorney;
 - (d) a law enforcement officer;
 - (e) the drug treatment court coordinator;
 - (f) a probation and parole officer;
 - (g) substance abuse treatment providers;
 - (h) a representative from the department of public health and human services; and
 - (i) any other person selected by the drug treatment court.
- (8) "Memorandum of understanding" means a written document setting forth an agreed-upon procedure.
- (9) "Recidivism" means any arrest for a serious offense that results in the filing of a charge and can carry a sentence of 1 or more years;
- (10) "Staff meeting" means the meeting before a drug offender's appearance in drug treatment court in which the drug treatment court team discusses a coordinated response to the drug offender's behavior.
- (11) "Substance abuse" means the illegal or improper consumption of a drug as defined in this section.
- (12) "Substance abuse treatment" means a program designed to provide prevention, education, and therapy directed toward ending substance abuse and preventing a return to substance use.

Section 4. Drug treatment court structure. (1) Each judicial district or court of limited jurisdiction may establish a drug treatment court under which drug offenders may be processed to address an identified substance abuse problem as a condition of pretrial release, pretrial diversion under 46-16-130, probation, incarceration, parole, or other release from a detention or correctional facility.

(2) Participation in drug treatment court is voluntary and is subject to the consent of the prosecutor, defense attorney, and the court pursuant to a written agreement.

(3) A drug treatment court may grant reasonable incentives under a written agreement if the court finds that a drug offender is performing satisfactorily in drug treatment court, is benefiting from education, treatment, and rehabilitation, has not engaged in criminal conduct, and has not violated the terms and conditions of the agreement. Reasonable incentives may include but are not limited to:

- (a) graduation certificates;
- (b) early graduation;
- (c) fee reduction or waiver of fees;
- (d) record expungement of the underlying case; or
- (e) reduced contact with a probation officer.

(4) The court may impose reasonable sanctions under the agreement, including incarceration or rejection from the drug treatment court, if the court finds that the drug offender is not performing satisfactorily in drug treatment

court, is not benefiting from education, treatment, or rehabilitation, has engaged in conduct rendering the offender unsuitable for the program, has otherwise violated the terms and conditions of the agreement, or is for any reason unable to participate. Sanctions may include:

- (a) a short-term jail sentence;
- (b) fines;
- (c) extension of time in the program;
- (d) peer review;
- (e) geographical restrictions;
- (f) termination; or
- (g) contempt of court.

(5) Upon successful completion of drug treatment court, a drug offender's case must be disposed of by the judge in the manner prescribed by the agreement and by the applicable policies and procedures adopted by the drug treatment court. This may include but is not limited to pretrial diversion under 46-16-130, dismissal of criminal charges, probation, deferred sentencing, suspended sentencing, or a reduced period of incarceration. A drug offender who successfully completes the program may be given credit for the time the offender served in the drug treatment program by the judge upon disposition.

(6) Each local jurisdiction that intends to establish a drug treatment court or to continue the operation of an existing drug treatment court shall establish a local drug treatment court team.

(7) The drug treatment court team shall, when practicable, conduct a staff meeting prior to each drug treatment court session to discuss and provide updated information regarding drug offenders. After determining the offender's progress or lack of progress, the drug treatment court team shall agree on the appropriate incentive or sanction to be applied. If the drug treatment court team cannot agree on the appropriate action, the court shall make the decision based on information presented in the staff meeting.

(8) The provisions of [sections 1 through 9] apply only to offenders who qualify for participation based on qualifications established by each drug treatment court. The provisions of [sections 1 through 9] do not apply to drug offenders who have been convicted of a sexual or violent offense, as defined in 46-23-502. [Sections 1 through 9] do not confer a right or expectation of a right to participate in a drug treatment court and do not obligate a drug treatment court to accept any offender. The establishment of a drug treatment court may not be construed as limiting the discretion of a prosecutor to act on any criminal case that the prosecutor considers advisable to prosecute. Each drug treatment court judge may establish rules and may make special orders and necessary rules that do not conflict with rules adopted by the Montana supreme court.

(9) Each drug offender shall contribute to the cost of substance abuse treatment in accordance with [section 7(2)].

(10) A drug treatment court coordinator is responsible for the general administration of a drug treatment court under the direction of the drug treatment court judge.

(11) The supervising agency shall timely forward information to the drug treatment court concerning the drug offender's progress and compliance with any court-imposed terms and conditions.

(12) A department of corrections probation and parole officer may participate in a drug treatment court team if authorized by the department. The department may authorize participation if it determines, in its discretion, that the caseloads of local probation and parole officers permit participation. If necessitated by a change in caseloads, the department may withdraw authorization for participation by its probation and parole officers in a drug treatment court. The department of corrections may not authorize its probation and parole officers to supervise a participant of a drug treatment court program who has not been convicted of a felony offense and committed to the supervision of the department.

Section 5. Treatment and support services. (1) As part of a diagnostic assessment, each jurisdiction shall establish a system to ensure that drug offenders are placed into a clinically approved substance abuse treatment program. To accomplish this, the program conducting the individual assessment shall make specific recommendations to the drug treatment court team regarding the type of treatment program and durations necessary so that a drug offender's individualized needs are addressed. The assessments and recommendations must be based upon objective medical diagnostic criteria. Treatment recommendations accepted by the court, pursuant to [sections 1 through 9] must be considered to be reasonable and necessary.

(2) An adequate continuum of care for drug offenders must be established in response to [sections 1 through 9].

(3) The drug treatment court shall, when practicable, ensure that one agency may not provide both assessment and treatment services for the drug treatment court to avoid potential conflicts of interest or the appearance that a diagnostic assessment agency might benefit by determining that an offender is in need of the particular form of treatment that the agency provides.

(4) A drug treatment court making a referral for substance abuse treatment shall refer the drug offender to a program that is licensed, certified, or approved by the court.

(5) The court shall determine which treatment programs are authorized to provide the recommended treatment to drug offenders. The relationship between the treatment program and the court must be governed by a memorandum of understanding, which must include the timely reporting of the drug offender's progress or lack of progress to the drug treatment court.

(6) Offenders must be provided with adequate support services and aftercare.

(7) The length of stay in treatment must be determined by the drug treatment court team based on individual needs and accepted practices.

Section 6. Drug testing. (1) The drug treatment court team shall ensure fair, accurate, and reliable drug testing procedures.

(2) A drug offender must be ordered to submit to frequent, random, and observed drug testing to monitor abstinence.

(3) The results of all drug tests must be provided to the drug treatment court team as soon as practicable but, in the event of a positive drug test, not later than 7 days from the test.

(4) Anyone in receipt of drug test results shall maintain the information in confidentiality.

(5) A drug offender is responsible for costs, pursuant to [section 7(2)].

Section 7. Funding. (1) There is a drug treatment court federal resources account in the federal special revenue fund that is administered by the office of the supreme court administrator. Any federal money received for funding drug treatment courts must be deposited in the drug treatment court federal resources account and may be used only for purposes of [sections 1 through 9]. The money in the fund may not be transferred at the end of each year but must remain deposited to the credit of the drug treatment court federal resources account.

(2) A drug offender shall pay the total cost or a reasonable portion of the cost to participate. The cost paid by a drug offender may not exceed \$300 a month. The costs assessed must be compensatory and not punitive in nature and must take into account the drug offender's ability to pay. Upon a showing of indigency, the drug treatment court may reduce or waive costs under this subsection (2). Any fees received by the court from an offender are not court costs, charges, or fines.

(3) Funding must be provided from the drug treatment court federal resources account or other available resources for a period of 5 years from [the effective date of this act] to research the impact of Montana drug treatment courts on recidivism and money saved as a result of implementing [sections 1 through 9].

(4) All federal funds received from grants for purposes of funding drug treatment courts must be exhausted before money is spent from other appropriations for that purpose.

(5) [Sections 1 through 9] do not prohibit drug treatment court teams from obtaining supplemental funds.

(6) [Sections 1 through 9] do not supplant funds currently utilized by drug treatment courts.

Section 8. Statutory construction. The provisions of [sections 1 through 9] must be construed to effectuate its remedial purposes.

Section 9. Enforcement. A violation of [sections 1 through 9] must be referred to the appropriate court or other responsible governing body for resolution.

Section 10. Codification instruction. [Sections 1 through 9] are intended to be codified as an integral part of Title 46, chapter 1, and the provisions of Title 46, chapter 1, apply to [sections 1 through 9].

Section 11. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 12. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 13. Effective date. [This act] is effective on passage and approval.

(f) If two or more ballots are folded or stuck together to look like a single ballot, they must be laid aside until the count is complete. The counting board shall compare the count with the pollbooks, and if a majority believes that the ballots folded together were voted by one elector, the ballots must be rejected *and handled as provided in 13-13-243*; otherwise they must be counted.

(2) For nonpaper ballots, the counting board shall prepare for the official count in a manner prescribed by the secretary of state pursuant to 13-17-211.”

(2) To implement the provisions of subsection (1)(f), the secretary of state shall adopt rules setting a benchmark performance standard that must be met in tests by each voting system prior to approval under 13-17-101. The standard must be based on commonly accepted industry standards for readily available technologies.”

Section 18. Section 13-17-212, MCA, is amended to read:

CHAPTER NO. 288

[HB 22]

AN ACT PROVIDING THE FINDINGS AND PURPOSE OF IMPLEMENTING A WATER ADJUDICATION FEE; PROVIDING BENCHMARKS AND ACTION, INCLUDING ELIMINATION OF THE FEE, THAT MUST BE TAKEN IF BENCHMARKS ARE NOT MET BY THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; ALLOWING THE REEXAMINATION, PRIOR TO THE ISSUANCE OF A FINAL DECREE, OF CLAIMS IN BASINS THAT WERE VERIFIED; DEFINING “OWNER” FOR PURPOSES OF THE WATER ADJUDICATION FEE; ESTABLISHING WATER ADJUDICATION FEES; PROVIDING THAT THE FEE DOES NOT APPLY TO FEDERAL WATER RIGHTS AND INDIAN RESERVED AND ABORIGINAL CLAIMS TO WATER; PROVIDING THAT THE DEPARTMENT OF REVENUE COLLECT THE FEE ON BEHALF OF THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; REQUIRING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO ASSIGN ANY UNPAID FEES TO THE DEPARTMENT OF REVENUE FOR COLLECTION; PROVIDING THAT A LIEN MAY BE PLACED ON A WATER RIGHT IF THE FEE IS NOT PAID AFTER COLLECTION EFFORTS; ESTABLISHING A WATER ADJUDICATION ACCOUNT; ESTABLISHING THE AMOUNT OF REVENUE ALLOCATED EACH YEAR FROM THE ACCOUNT; PROVIDING THAT THE FEE MAY NOT BE ASSESSED ONCE \$31 MILLION HAS BEEN DEPOSITED IN THE ADJUDICATION ACCOUNT; REQUIRING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION AND THE WATER COURT TO REPORT TO THE ENVIRONMENTAL QUALITY COUNCIL AND THE APPLICABLE LEGISLATIVE APPROPRIATION SUBCOMMITTEES; PROVIDING THE PROCESS FOR EXAMINATION OF CLAIMS IN VERIFIED BASINS PRIOR TO THE ISSUANCE OF A FINAL DECREE; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 15-1-216, 85-2-231, AND 85-2-237, MCA; AN PROVIDING AN EFFECTIVE DATE AND A TERMINATION DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Findings — purpose. (1) The purpose of [sections 1 through 10] is to generate revenue to adequately fund Montana’s water adjudication program to:

- (a) complete claims examination and the initial decree phase;
 - (b) reexamine claims in basins that were verified and were not subject to the supreme court examination rules when the water court has received a petition and issued an order pursuant to [section 9] or the water court has issued an order on its own initiative; and
 - (c) ensure that the product of the adjudication is enforceable decrees.
- (2) With adequate funding, it is realistic and feasible for the department to complete claims examination and reexamination of verified basins for which the water court has received a petition and issued an order pursuant to [section 9] or the water court has issued an order on its own initiative by June 30, 2015. It is also realistic and feasible for the water court to issue a preliminary or temporary preliminary decree by June 30, 2020, for all basins in Montana.
- (3) It is essential to preserve the trust that the water users of Montana have placed in the legislature by ensuring that the revenue generated by the water adjudication fee established in [section 5] is used only for the purpose of adjudicating Montana's water rights.

Section 2. Benchmarks — action taken if not met. (1) The completion of initial claims examination is of a higher priority than reexamination of claims that were subject to the verification process unless the chief water judge issues an order making reexamination a higher priority, as provided in subsection (3)(b).

(2) There are approximately 57,000 water right claims that were filed pursuant to 85-2-212 that must be examined. There are approximately 98,000 claims that were verified that may be reexamined using the supreme court examination rules if the water court receives a petition and issues an order as provided in [section 9] or the water court issues an order on its own initiative.

(3) (a) The water court shall prioritize basins for the purpose of claims examination and reexamination by the department.

(b) The chief water judge has the authority to order that reexamination be completed for a certain basin in a higher priority than claims examination. If the chief water judge issues an order requiring the department to reexamine claims rather than examining claims, the number of claims that were reexamined must be counted against the amount of claims that the department is required to examine for that period.

(4) (a) The cumulative benchmarks that are provided in subsection (4)(b) must be met. If the benchmarks are not met, the fee contained in [section 5] that is attached to a water right for the purpose of funding the adjudication may not be assessed the following even-numbered year. All claims must be examined by June 30, 2015.

(b) The cumulative benchmarks are as follows:

Date	Total Number of Claims Examined
December 31, 2006	8,000
December 31, 2008	19,000
December 31, 2010	31,000
December 31, 2012	44,000
June 30, 2015	57,000

Section 3. Definitions. For the purposes of [sections 1 through 10], the following definitions apply:

(1) “Calculated volume” means the feasible volume given the flow rate and period of use.

(2) “Person” means an individual, corporation, partnership, association, firm, or other legal entity.

(3) “Water right” means a legal right to the beneficial use of water as recorded in the centralized water recording system by a water court decree, provisional permit, ground water certificate, filed exempt right, Powder River declaration, statement of claim, stockwater permit, temporary provisional permit, or 1962 to 1973 ground water filings as recorded with the department or that portion of a water reservation that has been put to beneficial use. This definition applies only to the use of the term for the purposes of assessing the fee and [sections 1 through 10].

Section 4. Owner. (1) For the purposes of giving notice or imposing a fee, as provided for in [section 5], “owner”, as used in [sections 5 and 6] and this section, means the first enumerated entity on a water right.

(2) The owner is responsible for collecting the proportionate share of any fee from the other entities enumerated on the water right.

Section 5. Water adjudication fees — exceptions. (1) (a) Except as provided in subsection (1)(c), a water adjudication fee is authorized and directed to be imposed by the department of revenue on all water rights.

(b) Except as provided in [section 2], [section 7], and subsections (1)(c) and (10) of this section, an owner shall pay a biennial fee for the purpose of funding Montana’s water adjudication based on the fees established in subsections (4) through (7) of this section.

(c) The water adjudication fee may not be imposed on federal water rights and tribal reserved and aboriginal claims to water.

(2) The water adjudication fee is due on January 31 of even-numbered years. The penalty and interest provisions contained in 15-1-216 apply to late payments of the fee.

(3) (a) Subject to subsection (3)(b), the department of revenue may withhold revenue equal to the actual cost of collecting the water adjudication fee.

(b) The department of revenue may not withhold more than 5% of the revenue generated.

(5) If the water judge is satisfied that the report of the water master meets the requirements for the preliminary decree and is satisfied with the conclusions contained in the report, the water judge shall adopt the report as the preliminary decree. If the water judge is not satisfied, the water judge may recommit the report to the master with instructions or modify the report and issue the preliminary decree.

(i) within the basin for which the decree was entered; *or*

(ii) in other basins that are hydrologically connected to sources within the basin for which the decree was entered.

(5) ~~No~~ *An* objection may *not* cause a reopening and review of a claim unless the objection is filed with the appropriate water court within 180 days after the issuance of the order under subsection (1). This period of time may, for good cause shown, be extended by the water judge for up to two 90-day periods if an application for extension is made within the original 180-day period or any extension of it.

(6) The water judge shall provide notice to the claimant of any timely objection to the claim and, after further reasonable notice to the claimant, the objector or objectors, and other interested persons, set the matter for hearing. The water judge may conduct individual or consolidated hearings, and any hearing must be conducted according to the Montana Rules of Civil Procedure. On an order of the water judge, a hearing may be conducted by a water master, who shall prepare a report of the hearing as provided in Rule 53(e), Montana Rules of Civil Procedure.

(7) The water judge shall, on the basis of any hearing held on the matter, take action as warranted from the evidence, including dismissal of the objection or modification of the portion of the decree describing the contested claim.

(8) An order or decree modifying a previously issued final decree as a result of procedures described in this section may be appealed in the same manner as provided for an appeal taken from a final order of a district court.

(9) An order or decree modifying a previously issued preliminary decree as a result of procedures described in this section may be appealed under 85-2-235 when the preliminary decree has been made a final decree.

(10) *An order requiring the department to examine a basin that was initially verified is limited to the types of claims in the basin that were identified in the petition as provided in [section 9] or the types of claims identified in an order that the water court issued on its own initiative."*

Section 15. Contingent voidness. If at least \$2 million is not appropriated in a line item for each fiscal year from state sources other than the water adjudication account provided for in [section 7], for the purposes of funding Montana's water adjudication program, then [this act] is void.

Section 16. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

Section 17. Effective date. [This act] is effective July 1, 2005.

Notice may include publication in a newspaper of general circulation at a reasonable time before the bid opening.

(3) Bids must be opened publicly at the time and place designated in the invitation for bids. Each bidder *and any member of the public* has the right to be present, either in person or by agent, when the bids are opened and has the right to examine and inspect all bids: *after they are opened and reviewed by the procurement officer for release, subject to the same limitations specified in 18-4-304(4) for competitive sealed proposals.*

(4) The amount of each bid and other relevant information as may be specified by rule, together with the name of each bidder, must be recorded. The record must be open to public inspection.

(5) After the time of award, all bids and bid documents must be open to public inspection in accordance with the provisions of ~~2-6-102~~ and are subject to the requirements of subsection (4) *18-4-126.*

~~(8)~~(9) When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers, to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.”

~~(2) Information furnished by a bidder or offeror pursuant to this section may not be disclosed outside of the department or the purchasing agency without prior written consent by the bidder or offeror.”~~

Section 7. Section 18-4-312, MCA, is amended to read:

“18-4-312. Bid and contract performance security. (1) For state contracts for the procurement of services or of supplies, the department may in its discretion require:

(2) (a) If security is required under subsection (1), the following types of security may be required to be deposited with the state:

Bid and contract security requirements must be included in the invitations for bids or requests for proposals.

(4) If a bidder or offeror to whom a contract is awarded fails or refuses to enter into the contract or provide contract performance security, as required by the invitation for bid or request for proposal, after notification of award, the department may, in its discretion, require the bidder *or offeror* to forfeit the bid security to the state and become immediately liable on the bid security, but not in excess of the sum stated in the security. The liability of the bidder or offeror, the maker of the security or bid bond, or the liability on the bid bond or other security may not exceed the amount specified in the invitation for bid or request for proposal.

AN ACT ESTABLISHING RECIPROCAL TIME LIMITS FOR HEALTH INSURANCE CLAIM FILING, CLAIM REIMBURSEMENTS, AND CLAIM AUDITS; SETTING A TIME LIMIT FOR HEALTH INSURANCE ISSUERS TO SEEK REIMBURSEMENT OR AN OFFSET OF A CLAIM AND PROVIDING EXCEPTIONS TO THE TIME LIMIT; REQUIRING AN AGREEMENT TO USE CURRENT CLAIM PAYMENTS TO OFFSET PAST OVERPAYMENTS OR INVALID PAYMENTS; AMENDING SECTION 33-22-101, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Reciprocal limitations on claim filing and claim audits — time limit for reimbursements or offsets — exceptions. (1) Except as provided in subsection (3), (4), or (5), if a health insurance issuer limits the time in which a health care provider or other person is required to submit a claim for payment, the health insurance issuer has the same time limit following payment of the claim to perform any review or audit for reconsidering the validity of the claim and requesting reimbursement for payment of an invalid claim or overpayment of a claim.

(2) Except as provided in subsection (3), (4), or (5), if a health insurance issuer does not limit the time in which a health care provider or other person is required to submit a claim for payment, a health insurance issuer may not request reimbursement or offset another claim payment for reimbursement of an invalid claim or overpayment of a claim more than 12 months after the payment of an invalid or overpaid claim.

(3) Regardless of the period allowed by a health insurance issuer for submission of claims for payment, a health insurance issuer may perform a review or audit to reconsider the validity of a claim and may request reimbursement for an invalid or overpaid claim within 12 months from the date upon which the health insurance issuer received notice of a determination, adjustment, or agreement regarding the amount payable with respect to a claim by:

- (a) medicare;
- (b) a workers' compensation insurer;
- (c) another health insurance issuer or group health plan;
- (d) a liable or potentially liable third party; or

(4) (a) The time limitations on the health insurance issuer in subsections (1) and (2) do not commence running until the time specified in subsection (4)(b) if a health insurance issuer pays a claim in which the health insurance issuer:

(i) suspects the health care provider or claimant of insurance fraud related to the claim; and

(ii) has reported evidence of fraud related to the claim to the commissioner pursuant to 33-1-1205.

(b) The time limitation commences running on the date that the commissioner determines that insufficient evidence of fraud exists.

(5) The time limitations on the health insurance issuer in subsections (1) and (2) do not commence running until the health insurance issuer has actual knowledge of an invalid claim, claim overpayment, or other incorrect payment if the health insurance issuer has paid a claim incorrectly because of an error, misstatement, misrepresentation, omission, or concealment, other than insurance fraud, by the health care provider or other person. Regardless of the date upon which the health insurance issuer obtains actual knowledge of an invalid claim, claim overpayment, or other incorrect payment, this subsection does not permit the health insurance issuer to request reimbursement or to offset another claim payment for reimbursement of the claim more than 24 months after payment of the claim.

Section 2. Offset agreement. A health insurance issuer may not collect a claim overpayment or other reimbursement by offsetting another claim payment made to a health care provider or other person unless the health care provider or other person has previously authorized the health insurance issuer in writing to recover an overpayment or other reimbursement by offsetting a future claim payment.

CHAPTER NO. 297

[SB 104]

AN ACT PROVIDING A GRADUATED DRIVER’S LICENSING PROGRAM, WITH MOTOR VEHICLE OPERATION RESTRICTIONS, FOR PERSONS UNDER 18 YEARS OF AGE; AMENDING SECTIONS 61-5-106 AND 61-5-111, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The purpose of [sections 1 through 5] is to create a graduated driver’s licensing program that will allow persons under 18 years of age to progressively develop and improve their driving skills in the safest possible environment and that will improve highway safety by reducing the disproportionately high incidence of motor vehicle accidents involving minors.

Section 2. Prerequisites for issuance of driver’s license to minor. (1) The department may issue a driver’s license, subject to the restrictions of [section 3], to a person under 18 years of age if the person:

(a) has held an instruction permit or traffic education learner's license for a period of not less than 6 months;

(b) has passed a road test or a skills test, as provided in 61-5-110;

(c) presents written certification from the person's parent or legal guardian that states that the person has had at least 50 hours of driving experience, 10 of which were at night, during which the person was supervised by a parent, a legal guardian, or a person at least 18 years of age, with the consent of the parent or legal guardian, who had a valid driver's license; and

(d) presents written certification from the person's parent or legal guardian that states that, during the 6-month period immediately preceding application for a driver's license, the person has not been convicted of a traffic violation or convicted of or adjudicated for an offense involving the use of alcohol or drugs and the person has no pending traffic, alcohol, or drug citations.

(2) If a parent or a legal guardian for a person under 18 years of age cannot certify that the person has a 6-month conviction-free record for traffic, alcohol, and drug violations and no pending traffic, alcohol, or drug citations, the department may extend the person's instruction permit or traffic education learner's license for an additional 1-year period or until the person's 18th birthday, whichever occurs first.

(3) (a) The requirements of subsections (1)(a) through (1)(c) do not apply to a person under 18 years of age who has been licensed in another state for at least 6 months and surrenders a valid driver's license from that state.

(b) The requirements of subsection (1)(c) do not apply to a person under 18 years of age who, at the time of application for a driver's license, is an enrollee of a job corps program located in Montana. The department may require the applicant to provide current documentation of the applicant's job corps program enrollment status.

Section 3. First year restrictions on driver's license issued to minor.

(1) A driver's license issued to a person who is under 18 years of age is subject to the following restrictions for 1 year from the date of issuance of the license or until the person is 18 years of age, whichever occurs first:

(a) A restricted licensee may not operate a motor vehicle, required by 61-9-409 to be equipped with seatbelts, unless each occupant of the motor vehicle is wearing a seatbelt, as defined in 61-13-102, or is properly restrained, as required under 61-9-420. The number of motor vehicle occupants may not exceed the number of seatbelts with which the motor vehicle is equipped.

(b) A restricted licensee may not operate a motor vehicle between the hours of 11 p.m. and 5 a.m. unless the restricted licensee is:

(i) accompanied by a licensed driver who is 18 years of age or older or, if the restricted licensee is operating a motorcycle, the restricted licensee is under the immediate and proximate visual supervision of a licensed driver who is 18 years of age or older and who is riding with the licensee and is operating a separate motorcycle or other motor vehicle;

(ii) driving to the restricted licensee's place of employment from the restricted licensee's residence, is returning to the restricted licensee's residence from the restricted licensee's place of employment, or is driving in the course and scope of employment;

(iii) driving from the restricted licensee's residence to a school-sponsored event at a school attended by the restricted licensee, including any site for

school-provided transportation to and from the event, or is returning from the event or site to the restricted licensee's residence;

(iv) driving from the restricted licensee's residence to an event sponsored by a religious organization or is returning from the event to the restricted licensee's residence;

(v) driving for a purpose related to a medical emergency, fire emergency, or law enforcement-related emergency;

(vii) an emancipated minor; or

(viii) driving under a specific authorization for a specific purpose from the restricted licensee's parent or legal guardian. A peace officer may verify the authorization by contacting the parent or legal guardian.

(c) (i) For the first 6 months of the 1-year restriction period, a restricted licensee may not operate a motor vehicle with more than one passenger who is under 18 years of age unless:

(A) the restricted licensee is supervised by a licensed driver who is at least 18 years of age; or

(B) the additional passengers under 18 years of age are members of the restricted licensee's family.

(ii) For the second 6 months of the 1-year restriction period, a restricted licensee may not operate a motor vehicle with more than three passengers who are under 18 years of age unless:

curriculum information regarding the dangers of physical and cognitive distractions while driving.

(2) To reduce the risks for novice drivers, the department shall include in its publications intended for novice drivers information concerning the dangers of physical and cognitive distractions while driving, including but not limited to mental inattentiveness because of stress, fatigue, heightened emotion, conversation with passengers, stereo or climate control adjustment, food and drink, use of electronic devices, and personal grooming.

determine the applicant's eligibility status and shall test the applicant's eyesight. The department may also require the applicant to submit to a knowledge and skills test if:

(2) “Cluster development” means a subdivision with lots clustered in a group of five or more lots that is designed to concentrate building sites on smaller lots in order to reduce capital and maintenance costs for infrastructure through the use of concentrated public services and utilities, while allowing other lands to remain undeveloped.

(4) “Division of land” means the segregation of one or more parcels of land from a larger tract held in single or undivided ownership by transferring or contracting to transfer title to or possession of a portion of the tract or properly filing a certificate of survey or subdivision plat establishing the identity of the segregated parcels pursuant to this chapter. The conveyance of a tract of record or an entire parcel of land that was created by a previous division of land is not a division of land.

(5) “Examining land surveyor” means a registered land surveyor appointed by the governing body to review surveys and plats submitted for filing.

(6) “Final plat” means the final drawing of the subdivision and dedication required by this chapter to be prepared for filing for record with the county clerk and recorder and containing all elements and requirements set forth in this chapter and in regulations adopted pursuant to this chapter.

(13) ~~"Registered land surveyor" means a person licensed in conformance with Title 37, chapter 67, to practice surveying in the state of Montana. "Public utility" has the meaning provided in 69-3-101, except that for the purposes of this chapter, the term includes county or consolidated city and county water or sewer districts as provided for in Title 7, chapter 13, parts 22 and 23.~~

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 4], the following definitions apply:

(1) (a) “Capital improvements” means improvements, land, and equipment with a useful life of 10 years or more that increase or improve the service capacity of a public facility.

(b) The term does not include consumable supplies.

(2) “Connection charge” means the actual cost of connecting a property to a public utility system and is limited to the labor, materials, and overhead involved in making connections and installing meters.

(3) “Development” means construction, renovation, or installation of a building or structure, a change in use of a building or structure, or a change in the use of land when the construction, installation, or other action creates additional demand for public facilities.

(4) “Governmental entity” means a county, city, town, or consolidated government.

(5) (a) “Impact fee” means any charge imposed upon development by a governmental entity as part of the development approval process to fund the

additional service capacity required by the development from which it is collected. An impact fee may include a fee for the administration of the impact fee not to exceed 5% of the total impact fee collected.

(b) The term does not include:

(i) a charge or fee to pay for administration, plan review, or inspection costs associated with a permit required for development;

(ii) a connection charge;

(iii) any other fee authorized by law, including but not limited to user fees, special improvement district assessments, fees authorized under Title 7 for county, municipal, and consolidated government sewer and water districts and systems, and costs of ongoing maintenance; or

(iv) onsite or offsite improvements necessary for new development to meet the safety, level of service, and other minimum development standards that have been adopted by the governmental entity.

(6) "Proportionate share" means that portion of the cost of capital system improvements that reasonably relates to the service demands and needs of the project. A proportionate share must take into account the limitations provided in [section 2].

(7) "Public facilities" means:

(a) a water supply production, treatment, storage, or distribution facility;

(b) a wastewater collection, treatment, or disposal facility;

(c) a transportation facility, including roads, streets, bridges, rights-of-way, traffic signals, and landscaping;

(d) a storm water collection, retention, detention, treatment, or disposal facility or a flood control facility;

(e) a police, emergency medical rescue, or fire protection facility; and

(f) other facilities for which documentation is prepared as provided in [section 2] that have been approved as part of an impact fee ordinance or resolution by:

(i) a two-thirds majority of the governing body of an incorporated city, town, or consolidated local government; or

(ii) a unanimous vote of the board of county commissioners of a county government.

Section 2. Calculation of impact fees — documentation required — ordinance or resolution — requirements for impact fees. (1) For each public facility for which an impact fee is imposed, the governmental entity shall prepare and approve documentation that:

(a) describes existing conditions of the facility;

(b) establishes level of service standards;

(c) forecasts future additional needs for service for a defined period of time;

(d) identifies capital improvements necessary to meet future needs for service;

(e) identifies those capital improvements needed for continued operation and maintenance of the facility;

(f) makes a determination whether one service area or more than one service area is necessary to establish a correlation between impact fees and benefits;

(g) makes a determination whether one service area or more than one service area for transportation facilities is needed to establish a correlation between impact fees and benefits;

(h) establishes the methodology and time period over which the governmental entity will assign the proportionate share of capital costs for expansion of the facility to provide service to new development within each service area;

(i) establishes the methodology that the governmental entity will use to exclude operations and maintenance costs and correction of existing deficiencies from the impact fee;

(j) establishes the amount of the impact fee that will be imposed for each unit of increased service demand; and

(k) has a component of the budget of the governmental entity that:

(i) schedules construction of public facility capital improvements to serve projected growth;

(ii) projects costs of the capital improvements;

(iii) allocates collected impact fees for construction of the capital improvements; and

(iv) covers at least a 5-year period and is reviewed and updated at least every 2 years.

(2) The data sources and methodology supporting adoption and calculation of an impact fee must be available to the public upon request.

(3) The amount of each impact fee imposed must be based upon the actual cost of public facility expansion or improvements, or reasonable estimates of the cost, to be incurred by the governmental entity as a result of new development. The calculation of each impact fee must be in accordance with generally accepted accounting principles.

(4) The ordinance or resolution adopting the impact fee must include a time schedule for periodically updating the documentation required under subsection (1).

(5) An impact fee must meet the following requirements:

(a) The amount of the impact fee must be reasonably related to and reasonably attributable to the development's share of the cost of infrastructure improvements made necessary by the new development.

(b) The impact fees imposed may not exceed a proportionate share of the costs incurred or to be incurred by the governmental entity in accommodating the development. The following factors must be considered in determining a proportionate share of public facilities capital improvements costs:

(i) the need for public facilities capital improvements required to serve new development; and

(ii) consideration of payments for system improvements reasonably anticipated to be made by or as a result of the development in the form of user fees, debt service payments, taxes, and other available sources of funding the system improvements.

(c) Costs for correction of existing deficiencies in a public facility may not be included in the impact fee.

(d) New development may not be held to a higher level of service than existing users unless there is a mechanism in place for the existing users to make improvements to the existing system to match the higher level of service.

(e) Impact fees may not include expenses for operations and maintenance of the facility.

Section 3. Collection and expenditure of impact fees — refunds or credits — mechanism for appeal required. (1) The collection and expenditure of impact fees must comply with [sections 1 through 4]. The collection and expenditure of impact fees must be reasonably related to the benefits accruing to the development paying the impact fees. The ordinance or resolution adopted by the governmental entity must include the following requirements:

(a) Upon collection, impact fees must be deposited in a special proprietary fund, which must be invested with all interest accruing to the fund.

(b) A governmental entity may impose impact fees on behalf of local districts.

(c) If the impact fees are not collected or spent in accordance with the impact fee ordinance or resolution or in accordance with [section 2], any impact fees that were collected must be refunded to the person who owned the property at the time that the refund was due.

(2) All impact fees imposed pursuant to the authority granted in [sections 1 through 4] must be paid no earlier than the date of issuance of a building permit if a building permit is required for the development or no earlier than the time of wastewater or water service connection or well or septic permitting.

(3) A governmental entity may recoup costs of excess capacity in existing capital facilities, when the excess capacity has been provided in anticipation of the needs of new development, by requiring impact fees for that portion of the facilities constructed for future users. The need to recoup costs for excess capacity must have been documented pursuant to [section 2] in a manner that demonstrates the need for the excess capacity. [Sections 1 through 4] do not prevent a governmental entity from continuing to assess an impact fee that recoups costs for excess capacity in an existing facility. The impact fees imposed to recoup the costs to provide the excess capacity must be based on the governmental entity's actual cost of acquiring, constructing, or upgrading the facility and must be no more than a proportionate share of the costs to provide the excess capacity.

(4) Governmental entities may accept the dedication of land or the construction of public facilities in lieu of payment of impact fees if:

(a) the need for the dedication or construction is clearly documented pursuant to [section 2];

(b) the land proposed for dedication for the public facilities to be constructed is determined to be appropriate for the proposed use by the governmental entity;

(c) formulas or procedures for determining the worth of proposed dedications or constructions are established as part of the impact fee ordinance or resolution; and

(d) a means to establish credits against future impact fee revenue has been created as part of the adopting ordinance or resolution if the dedication of land or construction of public facilities is of worth in excess of the impact fee due from an individual development.

(5) Impact fees may not be imposed for remodeling, rehabilitation, or other improvements to an existing structure, or rebuilding a damaged structure, unless there is an increase in units that increase service demand as described in [section 2 (1)(j)]. If impact fees are imposed for remodeling, rehabilitation, or other improvements to an existing structure or use, only the net increase between the old and new demand may be imposed.

(6) [Sections 1 through 4] do not prevent a governmental entity from granting refunds or credits:

(i) that it considers appropriate and that are consistent with the provisions of [section 2] and this chapter; or

(ii) in accordance with a voluntary agreement, consistent with the provisions of [section 2] and this chapter, between the governmental entity and the individual or entity being assessed the impact fees.

(7) An impact fee represents a fee for service payable by all users creating additional demand on the facility.

(8) An impact fee ordinance or resolution must include a mechanism whereby a person charged an impact fee may appeal the charge if the person believes an error has been made.

Section 4. Impact fee advisory committee. (1) A governmental entity that intends to propose an impact fee ordinance or resolution shall establish an impact fee advisory committee.

(2) An impact fee advisory committee must include at least one representative of the development community and one certified public accountant. The committee shall review and monitor the process of calculating, assessing, and spending impact fees.

(3) The impact fee advisory committee shall serve in an advisory capacity to the governing body of the governmental entity.

Section 5. Transition. A general powers local government that is imposing impact fees adopted on or before [the effective date of this act] shall bring those fees into compliance with [this act] by October 1, 2006.

Section 6. Codification instruction. [Sections 1 through 4] are intended to be codified as an integral part of Title 7, chapter 6, and the provisions of Title 7, chapter 6, apply to [sections 1 through 4].

Section 7. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 8. Effective date. [This act] is effective on passage and approval.

Section 9. Applicability. (1) [This act] applies only to the portion of an impact fee ordinance or resolution enacted or amended by a self-governing local government on or after [the effective date of this act].

(2) Except when an impact fee ordinance or resolution is amended as provided in subsection (1), nothing in [this act] may be construed to affect any portion of an ordinance or resolution enacted prior to [the effective date of this act].

Section 3. Short title. [Sections 3 through 19] may be cited as the “Airport Compatibility Act”.

Section 4. Legislative finding and purpose. The legislature finds that tall trees and structures and certain types of development located in the vicinity of airports endanger the lives and property of users of the airport and of occupants of land in its vicinity. The legislature also finds that the location of tall trees and structures and certain types of development near airports reduce the area available for landing, taking off, and maneuvering aircraft and increase the likelihood of legal action against a local government for noise nuisance, thus destroying the utility of the airports and the public investment in them. It is the purpose of [sections 3 through 19] to promote the public health, safety, and general welfare by the delineation of an airport affected area and by the development of compatible noise, height, and land use regulations to control airport hazards. The prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and in which political subdivisions may acquire land or property interests.

Section 5. Definitions. (1) Except as provided in subsection (2)(b), the definitions in 67-1-101 apply to [sections 3 through 19].

(2) In [sections 3 through 19], the following definitions also apply:

(a) “Airport affected area” means the land and space above the ground surface of an airport in the proximity of the airport, the use of which may be affected by the airport’s existence, including the areas described in 14 CFR, part 77.

(b) “Governing body” means a city commission, town council, county commission, or the commissioners of a municipal or regional airport authority.

Section 6. Designation of airport affected area — regulations required — maps and descriptions required — public hearing required — effect of designation. (1) Subject to the provisions of subsection (5), a governing body of a political subdivision that owns or controls an NPIAS airport or that has an airport affected area for an NPIAS airport within its territorial limits or a joint board established pursuant to [section 7] shall, by ordinance or resolution, exercising its police power:

(a) designate an airport affected area within 1 year of [the effective date of this act];

(b) concurrently adopt regulations for the airport affected area that comply with [section 8]; and

(c) administer and enforce the regulations that are adopted.

(2) A governing body of a political subdivision that owns or controls a non-NPIAS airport or that has an airport affected area for a non-NPIAS airport within its territorial limits or a joint board established pursuant to [section 7] may, by ordinance or resolution, exercising its police power, designate an airport affected area. If the governing body or joint board makes the designation, it shall concurrently adopt regulations for the airport affected area that may comply with [section 8] and shall administer and enforce the regulations.

(3) The airport affected area may not be less than 10,000 feet from the thresholds of each runway or less than 1 mile wide on each side of each runway unless evaluations for a specific runway show that the accident data justifies a lesser area. A greater area may be regulated as an airport affected area if:

(a) studies have been conducted in accordance with 14 CFR, part 150, maps of the area have been prepared, and a program has been approved by the federal aviation administration; or

(b) the governing body intends to protect imaginary surfaces as provided in 14 CFR, part 77.

(4) The designation must be accompanied by maps and legal descriptions of the airport affected area. The maps must be filed with the clerk and recorder of each affected county and with the clerk of each affected city or town.

(5) (a) Before a governing body designates an airport affected area and adopts or amends regulations governing the airport affected area, the governing body shall hold at least one public hearing.

(b) The notice of the public hearing must be published as provided in 7-1-2121 if the governing body is a county commission or the commissioners of a regional airport authority and as provided in 7-1-4127 if the governing body is a city commission, town council, or the commissioners of a municipal airport authority.

(6) After the designation of an airport affected area, a person may not recover from a local government, an airport authority, an airport operator, or an airport owner damages caused by noise, fumes, vibrations, light, or any other effects from normal and anticipated normal airport operations.

Section 7. Joint airport affected area regulation board authorized — may adopt regulations. (1) If an airport affected area is located outside of the jurisdictional area of the governing body of the political subdivision that owns or controls the airport, the governing body of the political subdivision that owns or controls the airport and the governing body of the political subdivision within which the airport affected area is located may by ordinance or resolution create a joint airport affected area regulation board.

(2) The joint board may adopt, administer, and enforce airport affected area regulations, as provided in [section 6], subject to the provisions of [section 8].

(3) The joint board must have two members appointed by the governing body of each political subdivision participating in its creation, and a presiding officer must be elected by a majority of the members appointed. The members of the joint board who are appointed shall select an additional at-large member who resides in the county in which the airport is located.

(4) If, in the judgment of the governing body of the political subdivision that owns or controls an airport, the governing body of the political subdivision that contains the airport affected area has failed to adopt or enforce reasonably

adequate airport affected area regulations for the airport affected area and if the governing body of the political subdivision that contains the airport affected area has refused to join in creating a joint board under this section, the governing body of the political subdivision that owns or controls the airport may adopt, administer, and enforce airport affected area regulations for the airport affected area. The regulations adopted by the governing body of the political subdivision that owns or controls the airport prevail if a conflict arises between regulations adopted by that governing body and the governing body of the political subdivision that contains the airport affected area.

Section 8. Airport affected area regulations — contents. (1) Subject to the provisions of [section 11], regulations adopted for the airport affected area must be reasonable, be designed to promote the public health, safety, and general welfare, and, for an NPIAS airport, at a minimum, give consideration to:

(a) the safety of airport users and persons and property in the vicinity of the airport;

(b) the character of the flying operations conducted or expected to be conducted at the airport;

(c) the nature of the terrain;

(d) the future development of the airport; and

(e) federal aviation administration recommendations for the aeronautical surfaces necessary for safe flying operations.

(2) Airport affected area regulations may:

(a) designate the airport or airports that are subject to the regulations, with a description of existing and future runways and approaches;

(b) define the terms used in the regulations based on the definitions provided in Title 67 and 14 CFR, part 77;

(c) describe the airport affected area by referencing maps and describing existing airport hazards and natural terrain that intrude into the airport affected area;

(d) designate and describe zones within the airport affected area, along with the height limitations for structures and trees within each zone, considering local conditions and needs, as well as the notice requirements and obstructions standards provided in 14 CFR, part 77;

(e) show the contours for decibel levels of 65 YDNL or greater on the maps that designate an airport affected area, if a study has been conducted pursuant to 14 CFR, part 150, and require that information to be considered by anyone who builds within the airport affected area;

(f) specify permitted and conditional uses within each zone of the airport affected area by addressing:

(i) incompatible land uses, such as uses for residences, schools, hospitals, day-care centers, or other concentrations of people indoors or outdoors;

(ii) the land uses that are considered incompatible with certain noise levels, as provided in 14 CFR, part 150;

(iii) bird attractants such as solid waste disposal sites and lagoons;

(iv) sources of electromagnetic radiation that may interfere with electronic navigational aids;

(v) lights other than navigational aids that glare upward or shine on or in the direction of the airport; and

(vi) the national transportation safety board's accident investigation data in the vicinity of airports and specific accident data for a particular airport, if that information is available;

(g) define nonconforming uses, measures to be taken to mitigate the nonconforming uses, and the expiration of the uses in accordance with [sections 3 through 19];

(h) provide for an inventory of existing land uses, structures, and trees within the airport affected area;

(i) expand on the permit system provided pursuant to [section 14] for changes to existing land uses, including changes that affect structures or trees, and for new land uses, structures, or trees;

(j) subject to the provisions of [section 17], provide a variance procedure from the literal application of the regulations, including the conditions for granting a variance; and

(k) establish or designate local boards, commissions, or agents to administer and adjudicate interpretations of the regulations.

Section 9. State lands. When an airport affected area lies partially or entirely on state-owned lands, the department of natural resources and conservation shall administer the affected lands in conformance with the airport affected area regulations adopted by the local governing body.

Section 10. Procedure for developing or amending regulations — assistance from existing boards or zoning commissions. (1) In adopting, amending, and repealing airport affected area regulations under [sections 3 through 19], a governing body or a joint airport affected area regulation board may request the assistance of existing planning boards or zoning commissions.

(2) If a political subdivision does not have an existing planning board or zoning commission to assist with recommendations for airport affected area regulations, the governing body may:

(a) request that an existing airport board recommend the boundaries of the airport affected area and the various zones to be established and the regulations that will govern the airport affected area; or

(b) act without assistance of an airport board, planning board, or zoning commission.

(3) If a governing body or joint airport affected area regulation board uses a separate airport board, planning board, or zoning commission to assist the governing body or joint board in designating the airport affected area and establishing regulations to govern the airport affected area, the airport board, planning board, or zoning commission shall make a preliminary report and hold public hearings on the report before submitting its final report to the governing body or joint board. The governing body or joint board may not hold a public hearing or take action on the regulations until it has received the final report from the airport board, planning board, or zoning commission.

Section 11. Prior nonconforming uses. (1) All regulations adopted under [sections 3 through 19] must be reasonable and may not require the removal or alteration of any structure or tree or require cessation or alteration of a use that is lawfully in existence when the regulations become effective. Those

structures, trees, or uses must be treated as prior nonconforming structures, trees, or uses that may remain or continue, but regulations may prohibit their expansion or their reconstruction or replacement following destruction or substantial damage. For the purposes of this section, "substantial damage" has occurred when 80% or more of a structure or tree is deteriorated or decayed or has been torn down or destroyed.

(2) The regulations may require that trees in place at the time that the regulations take effect be maintained by the political subdivision, at its expense, at heights attained at that time.

(3) The regulations may require the owner of structures or trees to permit the political subdivision, at its expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of an airport hazard.

(4) Land in existing residential subdivisions or platted for residential subdivision at the time that regulations are adopted may continue to be used for residential purposes, subject to notification provided to property owners that the lots are within an adopted airport affected area.

Section 12. Acquisition of property rights when regulations not sufficient. The political subdivision within which a property or nonconforming use is located or the political subdivision owning the airport or served by the airport may acquire, by purchase, grant, or condemnation pursuant to Title 70, chapter 30, an air right, aviation easement, or other estate or interest in the property or nonconforming structure or use that is necessary to effectuate the purposes of [sections 3 through 19]. The governing body of the political subdivision may acquire an interest when:

(1) it is desirable to remove, lower, or otherwise terminate a nonconforming structure or use;

(2) the necessary approach protection cannot, because of constitutional limitations, be provided by airport affected area regulations under [sections 3 through 19]; or

(3) it appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport affected area regulations.

Section 13. Regulations relative to zoning ordinances. (1) Subject to the provisions of subsections (2) and (3), if a governing body has adopted a zoning ordinance or resolution, any regulations adopted under [sections 3 through 19] may be made a part of the zoning ordinance or resolution and may be administered and enforced in connection with it.

(2) The zoning ordinance or resolution may not limit the effectiveness or scope of the regulations adopted pursuant to [sections 3 through 19].

(3) When a conflict exists between the regulations adopted pursuant to [sections 3 through 19] and any zoning ordinances or resolutions applicable to the same area that the regulations are intended to govern, the more stringent limitation or requirement prevails.

Section 14. Permit system. (1) The regulations adopted pursuant to [sections 3 through 19] must provide for a permit system for erecting new structures or trees, changing uses of land or structures, and substantially altering, repairing, or replacing existing structures or replacing existing trees within the airport affected area.

(2) A permit may not be granted that would allow the establishment of an airport hazard or that would allow a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of the designation of the airport affected area and the regulations adopted to protect the airport affected area.

(3) A permit granted pursuant to [sections 3 through 19] may require the owner of a structure or tree to allow the governing body, at the owner's expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of an airport hazard.

Section 15. Enforcement. The governing body or its designated agent or agency is responsible for enforcing the regulations adopted pursuant to [sections 3 through 19]. The regulations must provide for an enforcement officer and an appeal process from the decision of the enforcement officer, who may be an existing employee of the local government.

Section 16. Appeals. (1) The governing body that designated the airport affected area shall act as an airport appeals board or appoint an airport appeals board that functions in the same manner as a board of adjustment provided for in Title 76, chapter 2. If the governing body appoints an airport appeals board, the board must have at least three members.

(2) The provisions of 76-2-223 and 76-2-225 through 76-2-228 apply to the governing body of a county or an airport appeals board appointed by that governing body and the provisions of 76-2-323 and 76-2-325 through 76-2-328 apply to the governing body of a municipality or an airport appeals board appointed by that governing body when considering grievances relating to regulations, variances, or permits.

(3) If a governing body has appointed a board of adjustment under the provisions of 76-2-221 through 76-2-228 or 76-2-321 through 76-2-328, the governing body may designate the members of that board as the airport appeals board, in which case the terms of the members for the purposes of [sections 3 through 19] are concurrent with their terms as members of the board of adjustment.

Section 17. Variance. (1) A person intending to erect or increase the height of a structure, permit the growth of a tree, or use property in a manner that is not in accordance with the requirements of the regulations adopted pursuant to [sections 3 through 19] may apply to the governing body or an enforcement officer appointed for this purpose by the governing body for a variance from the regulations.

(2) If an enforcement officer has been appointed by the governing body, the decision of the officer is final unless it is appealed to either the governing body or the airport appeals board, if one exists.

(3) A variance must be granted when a literal application or enforcement of the regulations would result in substantial practical difficulty or unnecessary hardship and when the variance would not be contrary to the public interest.

(4) A variance must be granted for a nonconforming use when there is no immediate hazard to safe flying operations or to persons and property in the vicinity of the airport and when the noise or vibrations from normal and anticipated normal airport operations would not be likely to cause damage to structures.

(5) A variance granted under this section may require the owner of a structure or tree to allow the political subdivision, at the owner's expense, to

install, operate, and maintain the lights and markers necessary to warn pilots of the presence of an airport hazard.

(6) A person who builds a structure pursuant to a variance from the airport affected area regulations or who takes or buys property in an airport affected area for which a variance has been granted is on notice that the airport existed before the variance was granted and that normal and anticipated normal operations of the airport will result in noise, vibrations, and fumes being projected over the property. A person using a structure built pursuant to a variance may not collect damages from a governing body or local government or from an airport authority, airport operator, or airport owner for interference with the enjoyment of that structure caused by noise, vibrations, and fumes from normal and anticipated normal airport operations.

Section 18. Penalty. A person who violates the provisions of [sections 3 through 19] or the regulations adopted under [section 8] is subject to a civil penalty and a criminal penalty. The civil penalty is a fine of \$100 for each day that the violation is not remedied after the governing body has given notification of the violation and held a hearing on the violation. The criminal penalty is a fine of \$500, pursuant to 45-2-104.

Section 19. Injunction. A local governing body may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of [sections 3 through 19] or the regulations adopted pursuant to [sections 3 through 19].

Section 20. Section 67-10-102, MCA, is amended to read:

“67-10-102. Acquisition and establishment of airports and landing fields. (1) Counties, cities, and towns may, either individually or by the joint action of a county and one or more of the cities and towns within the county, acquire by gift, deed, purchase, or condemnation pursuant to Title 70, chapter 30, land for airport or landing field purposes. The local governments may use the land to establish, construct, own, control, lease, equip, improve, operate, and regulate airports or landing fields for the use of airplanes and other aircraft.

(2) In addition, a county, city, or town may exercise the authority granted by this section by acting jointly with one or more counties, with one or more cities, with one or more towns, or with any combination of counties, cities, or towns. A multijurisdictional airport is not required to be located, in whole or in part, within the limits of each subdivision participating in the joint venture.”

Section 21. Section 67-10-202, MCA, is amended to read:

“67-10-202. Creation of board — funding — rules. However, bonds may not be issued until the proposition has been submitted to the qualified electors and approved by a majority vote, except as provided in subsection (4).

(4) For the purpose of establishing a reserve fund to resurface, overlay, or improve existing runways, taxiways, and ramps, the governing bodies may set up annual reserve funds in their annual budget if:

CHAPTER NO. 302

[SB 290]

AN ACT REQUIRING CERTAIN WATER AND SANITATION INFORMATION TO BE SUBMITTED WITH A PRELIMINARY PLAT FOR LOCAL SUBDIVISION REVIEW; REQUIRING THE INFORMATION TO CONFORM WITH RULES AND STANDARDS ADOPTED AND PUBLISHED BY THE DEPARTMENT OF ENVIRONMENTAL QUALITY AND THE BOARD OF ENVIRONMENTAL REVIEW; PROHIBITING A GOVERNING BODY FROM REQUIRING ADDITIONAL WATER AND SANITATION INFORMATION UNLESS CERTAIN PROCEDURES ARE FOLLOWED; REQUIRING A GOVERNING BODY TO COLLECT PUBLIC COMMENT ON THE WATER AND SANITATION INFORMATION AND REQUIRING THE SUBDIVIDER TO FORWARD THE INFORMATION AND PUBLIC COMMENT ON PROPOSED SUBDIVISIONS TO THE APPROPRIATE REVIEWING AUTHORITY; ALLOWING A GOVERNING BODY TO CONDITION APPROVAL ON APPROVAL BY THE DEPARTMENT OF ENVIRONMENTAL QUALITY OR ON CERTAIN WATER AND SANITATION INFORMATION BEING PROVIDED; PROHIBITING A GOVERNING BODY FROM CONDITIONALLY APPROVING OR DENYING A PROPOSED SUBDIVISION UNLESS THE DECISION IS BASED ON REGULATIONS THAT THE GOVERNING BODY IS AUTHORIZED TO ENFORCE; ALLOWING THE DEPARTMENT OF ENVIRONMENTAL QUALITY TO ADOPT RULES TO CLARIFY THE INFORMATION REQUIRED TO BE SUBMITTED; AND AMENDING SECTIONS 76-3-504, 76-3-511, 76-3-601, 76-3-604, 76-3-608, 76-4-104, AND 76-4-125, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-3-504, MCA, is amended to read:

"76-3-504. Subdivision regulations — contents. (1) The subdivision regulations adopted under this chapter must, at a minimum:

(a) except as provided in 76-3-210, 76-3-509, or 76-3-609(3), require the subdivider to submit to the governing body an environmental assessment as prescribed in 76-3-603;

(b) establish procedures consistent with this chapter for the submission and review of subdivision plats;

(c) prescribe the form and contents of preliminary plats and the documents to accompany final plats;

(d) provide for the identification of areas that, because of natural or human-caused hazards, are unsuitable for subdivision development and prohibit subdivisions in these areas unless the hazards can be eliminated or overcome by approved construction techniques;

(e) prohibit subdivisions for building purposes in areas located within the floodway of a flood of 100-year frequency, as defined by Title 76, chapter 5, or determined to be subject to flooding by the governing body;

(f) prescribe standards for:

(i) the design and arrangement of lots, streets, and roads;

(ii) grading and drainage;

(iii) subject to the provisions of 76-3-511, water supply and sewage and solid waste disposal that, ~~at a minimum,~~ meet the:

(A) regulations adopted by the department of environmental quality under 76-4-104; *for subdivisions that will create one or more parcels containing less than 20 acres; and*

(B) *standards provided in 76-3-604 and [section 4] for subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres; and*

(iv) the location and installation of utilities;

(g) provide procedures for the administration of the park and open-space requirements of this chapter;

(h) provide for the review of preliminary plats by affected public utilities and those agencies of local, state, and federal government having a substantial interest in a proposed subdivision. A utility or agency review may not delay the governing body's action on the plat beyond the time limits specified in this chapter, and the failure of any agency to complete a review of a plat may not be a basis for rejection of the plat by the governing body.

(i) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(i) reserve all or a portion of the appropriation water rights owned by the owner of the land to be subdivided and transfer the water rights to a single entity for use by landowners within the subdivision who have a legal right to the water and reserve and sever any remaining surface water rights from the land;

(ii) if the land to be subdivided is subject to a contract or interest in a public or private entity formed to provide the use of a water right on the subdivision lots, establish a landowner's water use agreement administered through a single entity that specifies administration and the rights and responsibilities of landowners within the subdivision who have a legal right and access to the water; or

(iii) reserve and sever all surface water rights from the land;

(j) except as provided in this subsection, require the subdivider to establish ditch easements in the subdivision that are in locations of appropriate topographic characteristics and sufficient width, to allow the physical placement and unobstructed maintenance of open ditches or belowground pipelines for the delivery of water for irrigation to persons and lands legally entitled to the water under an appropriated water right or permit of an irrigation district or other private or public entity formed to provide for the use of the water right on the subdivision lots; are a sufficient distance from the centerline of the ditch to allow for construction, repair, maintenance, and inspection of the ditch; and prohibit the placement of structures or the planting of vegetation other than grass within the ditch easement without the written permission of the ditch owner. Establishment of easements pursuant to this subsection (1)(j) is not required if:

(i) the average lot size is 1 acre or less and the subdivider provides for disclosure, in a manner acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable; or

(ii) the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the

preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

(k) require the subdivider, unless otherwise provided for under separate written agreement or filed easement, to file and record ditch easements for unobstructed use and maintenance of existing water delivery ditches, pipelines, and facilities in the subdivision that are necessary to convey water through the subdivision to lands adjacent to or beyond the subdivision boundaries in quantities and in a manner that are consistent with historic and legal rights;

(l) require the subdivider to describe, dimension, and show utility easements in the subdivision on the final plat in their true and correct location. The utility easements must be of sufficient width to allow the physical placement and unobstructed maintenance of utility facilities for the provision of utility services within the subdivision.

(2) In order to accomplish the purposes described in 76-3-501, the subdivision regulations adopted under 76-3-509 and this section may include provisions that are consistent with this section that promote cluster development.”

Section 2. Section 76-3-511, MCA, is amended to read:

“76-3-511. Local regulations no more stringent than state regulations or guidelines. (1) Except as provided in subsections (2) through (4) or unless required by state law, a governing body may not adopt a ~~rule~~ *regulation* under 76-3-501 or 76-3-504(1)(f)(iii) that is more stringent than the comparable state regulations or guidelines that address the same circumstances. The governing body may incorporate by reference comparable state regulations or guidelines.

(2) The governing body may adopt a ~~rule~~ *regulation* to implement 76-3-501 or 76-3-504(1)(f)(iii) that is more stringent than comparable state regulations or guidelines only if the governing body makes a written finding, after a public hearing and public comment and based on evidence in the record, that:

(a) the proposed local standard or requirement protects public health or the environment; and

(b) the local standard or requirement to be imposed can mitigate harm to the public health or environment and is achievable under current technology.

(3) The written finding must reference information and peer-reviewed scientific studies contained in the record that forms the basis for the governing body’s conclusion. The written finding must also include information from the hearing record regarding the costs to the regulated community that are directly attributable to the proposed local standard or requirement.

(4) (a) A person affected by a ~~rule~~ *regulation* of the governing body adopted after January 1, 1990, and before April 14, 1995, that that person believes to be more stringent than comparable state regulations or guidelines may petition the governing body to review the ~~rule~~ *regulation*. If the governing body determines that the ~~rule~~ *regulation* is more stringent than comparable state regulations or guidelines, the governing body shall comply with this section by either revising the ~~rule~~ *regulation* to conform to the state regulations or guidelines or by making the written finding, as provided under subsection (2), within a reasonable period of time, not to exceed 12 months after receiving the petition. A petition under this section does not relieve the petitioner of the duty

to comply with the challenged ~~rule~~ *regulation*. The governing body may charge a petition filing fee in an amount not to exceed \$250.

(b) A person may also petition the governing body for a ~~rule~~ *regulation* review under subsection (4)(a) if the governing body adopts a ~~rule~~ *regulation* after January 1, 1990, in an area in which no state regulations or guidelines existed and the state government subsequently establishes comparable regulations or guidelines that are less stringent than the previously adopted governing body ~~rule~~ *regulation*."

Section 3. Section 76-3-601, MCA, is amended to read:

"76-3-601. Submission of preliminary plat for review — water and sanitation information required. (1) Except when a plat is eligible for summary review pursuant to 76-3-505, the subdivider shall present to the governing body or to the agent or agency designated by the governing body the preliminary plat of the proposed subdivision for local review. The preliminary plat must show all pertinent features of the proposed subdivision and all proposed improvements *and must be accompanied by the preliminary water and sanitation information required under [section 4]*.

(2) (a) When the proposed subdivision lies within the boundaries of an incorporated city or town, the preliminary plat must be submitted to and approved by the city or town governing body.

(b) When the proposed subdivision is situated entirely in an unincorporated area, the preliminary plat must be submitted to and approved by the governing body of the county. However, if the proposed subdivision lies within 1 mile of a third-class city or town, within 2 miles of a second-class city, or within 3 miles of a first-class city, the county governing body shall submit the preliminary plat to the city or town governing body or its designated agent for review and comment. If the proposed subdivision is situated within a rural school district, as described in 20-9-615, the county governing body shall provide an informational copy of the preliminary plat to school district trustees.

(c) If the proposed subdivision lies partly within an incorporated city or town, the proposed plat must be submitted to and approved by both the city or town and the county governing bodies.

(d) When a proposed subdivision is also proposed to be annexed to a municipality, the governing body of the municipality shall coordinate the subdivision review and annexation procedures to minimize duplication of hearings, reports, and other requirements whenever possible.

(3) The provisions of 76-3-604, 76-3-605, 76-3-608 through 76-3-610, and this section do not limit the authority of certain municipalities to regulate subdivisions beyond their corporate limits pursuant to 7-3-4444."

Section 4. Water and sanitation information to accompany preliminary plat. (1) Except as provided in subsection (2), the subdivider shall submit to the governing body or to the agent or agency designated by the governing body the information listed in this section for proposed subdivisions that will include new water supply or wastewater facilities. The information must include:

(a) a vicinity map or plan that shows:

(i) the location, within 100 feet outside of the exterior property line of the subdivision and on the proposed lots, of:

(A) flood plains;

- (B) surface water features;
 - (C) springs;
 - (D) irrigation ditches;
 - (E) existing, previously approved, and, for parcels less than 20 acres, proposed water wells and wastewater treatment systems;
 - (F) for parcels less than 20 acres, mixing zones identified as provided in subsection (1)(g); and
 - (G) the representative drainfield site used for the soil profile description as required under subsection (1)(d); and
- (ii) the location, within 500 feet outside of the exterior property line of the subdivision, of public water and sewer facilities;
- (b) a description of the proposed subdivision's water supply systems, storm water systems, solid waste disposal systems, and wastewater treatment systems, including whether the water supply and wastewater treatment systems are individual, shared, multiple user, or public as those systems are defined in rules published by the department of environmental quality;
 - (c) a drawing of the conceptual lot layout at a scale no smaller than 1 inch equal to 200 feet that shows all information required for a lot layout document in rules adopted by the department of environmental quality pursuant to 76-4-104;
 - (d) evidence of suitability for new onsite wastewater treatment systems that, at a minimum, includes:
 - (i) a soil profile description from a representative drainfield site identified on the vicinity map, as provided in subsection (1)(a)(i)(G), that complies with standards published by the department of environmental quality;
 - (ii) demonstration that the soil profile contains a minimum of 4 feet of vertical separation distance between the bottom of the permeable surface of the proposed wastewater treatment system and a limiting layer; and
 - (iii) in cases in which the soil profile or other information indicates that ground water is within 7 feet of the natural ground surface, evidence that the ground water will not exceed the minimum vertical separation distance provided in subsection (1)(d)(ii);
 - (e) for new water supply systems, unless cisterns are proposed, evidence of adequate water availability:
 - (i) obtained from well logs or testing of onsite or nearby wells;
 - (ii) obtained from information contained in published hydrogeological reports; or
 - (iii) as otherwise specified by rules adopted by the department of environmental quality pursuant to 76-4-104;
 - (f) evidence of sufficient water quality in accordance with rules adopted by the department of environmental quality pursuant to 76-4-104;
 - (g) a preliminary analysis of potential impacts to ground water quality from new wastewater treatment systems, using as guidance rules adopted by the board of environmental review pursuant to 75-5-301 and 75-5-303 related to standard mixing zones for ground water, source specific mixing zones, and nonsignificant changes in water quality. The preliminary analysis may be based on currently available information and must consider the effects of overlapping mixing zones from proposed and existing wastewater treatment systems within

and directly adjacent to the subdivision. Instead of performing the preliminary analysis required under this subsection (1)(g), the subdivider may perform a complete nondegradation analysis in the same manner as is required for an application that is reviewed under Title 76, chapter 4.

(2) A subdivider whose land division is excluded from review under 76-4-125(2) is not required to submit the information required in this section.

(3) A governing body may not, through adoption of regulations, require water and sanitation information in addition to the information required under this section unless the governing body complies with the procedures provided in 76-3-511.

Section 5. Section 76-3-604, MCA, is amended to read:

“76-3-604. Review of preliminary plat. (1) The governing body or its designated agent or agency shall review the preliminary plat to determine whether it conforms to the provisions of this chapter and to rules prescribed or adopted pursuant to this chapter.

(2) The governing body shall approve, conditionally approve, or disapprove the preliminary plat within 60 working days of its presentation unless the subdivider consents to an extension of the review period.

(3) If the governing body disapproves or conditionally approves the preliminary plat, it shall forward one copy of the plat to the subdivider accompanied by a letter over the appropriate signature stating the reason for disapproval or enumerating the conditions that must be met to ensure approval of the final plat.

(4) (a) *The governing body shall collect public comment submitted at a hearing or hearings regarding the information presented pursuant to [section 4] and shall make any comments submitted or a summary of the comments submitted available to the subdivider within 30 days after conditional approval or approval of the subdivision application and preliminary plat.*

(b) *The subdivider shall, as part of the subdivider’s application for sanitation approval, forward the comments or the summary provided by the governing body to the:*

(i) *reviewing authority provided for in Title 76, chapter 4, for subdivisions that will create one or more parcels containing less than 20 acres; and*

(ii) *local health department or board of health for proposed subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres.*

(5) (a) *For a proposed subdivision that will create one or more parcels containing less than 20 acres, the governing body may require approval by the department of environmental quality as a condition of approval of the final plat.*

(b) *For a proposed subdivision that will create one or more parcels containing 20 acres or more, the governing body may condition approval of the final plat upon the subdivider demonstrating, pursuant to [section 4], that there is an adequate water source and at least one area for a septic system and a replacement drainfield for each lot.”*

Section 6. Section 76-3-608, MCA, is amended to read:

“76-3-608. Criteria for local government review. (1) The basis for the governing body’s decision to approve, conditionally approve, or disapprove a subdivision is whether the preliminary plat, applicable environmental

assessment, public hearing, planning board recommendations, or additional information demonstrates that development of the subdivision meets the requirements of this chapter. A governing body may not deny approval of a subdivision based solely on the subdivision's impacts on educational services.

(2) The governing body shall issue written findings of fact that weigh the criteria in subsection (3), as applicable.

(3) A subdivision proposal must undergo review for the following primary criteria:

(a) except when the governing body has established an exemption pursuant to subsection (7) of this section or except as provided in 76-3-505 and 76-3-509, the effect on agriculture, agricultural water user facilities, local services, the natural environment, wildlife and wildlife habitat, and public health and safety;

(b) compliance with:

(i) the survey requirements provided for in part 4 of this chapter;

(ii) the local subdivision regulations provided for in part 5 of this chapter; and

(iii) the local subdivision review procedure provided for in this part;

(c) the provision of easements for the location and installation of any planned utilities; and

(d) the provision of legal and physical access to each parcel within the subdivision and the required notation of that access on the applicable plat and any instrument of transfer concerning the parcel.

(4) The governing body may require the subdivider to design the subdivision to reasonably minimize potentially significant adverse impacts identified through the review required under subsection (3). The governing body shall issue written findings to justify the reasonable mitigation required under this subsection (4).

(5) (a) In reviewing a subdivision under subsection (3) and when requiring mitigation under subsection (4), a governing body may not unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of the plat.

(b) When requiring mitigation under subsection (4), a governing body shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

(6) (a) When a minor subdivision is proposed in an area where a growth policy has been adopted pursuant to chapter 1 and the proposed subdivision will comply with the growth policy, the subdivision is exempt from the review criteria contained in subsection (3)(a) but is subject to applicable zoning regulations.

(b) In order for a growth policy to serve as the basis for the exemption provided by this subsection (6), the growth policy must meet the requirements of 76-1-601.

(7) The governing body may exempt subdivisions that are entirely within the boundaries of designated geographic areas from the review criteria in subsection (3)(a) if all of the following requirements have been met:

(a) the governing body has adopted a growth policy pursuant to chapter 1 that:

- (i) addresses the criteria in subsection (3)(a);
 - (ii) evaluates the effect of subdivision on the criteria in subsection (3)(a);
 - (iii) describes zoning regulations that will be implemented to address the criteria in subsection (3)(a); and
 - (iv) identifies one or more geographic areas where the governing body intends to authorize an exemption from review of the criteria in subsection (3)(a); and
- (b) the governing body has adopted zoning regulations pursuant to chapter 2, part 2 or 3, that:
- (i) apply to the entire area subject to the exemption; and
 - (ii) address the criteria in subsection (3)(a), as described in the growth policy.

(8) A governing body may conditionally approve or deny a proposed subdivision as a result of the water and sanitation information provided pursuant to [section 4] or public comment received pursuant to 76-3-604 on the information provided pursuant to [section 4] only if the conditional approval or denial is based on existing subdivision, zoning, or other regulations that the governing body has the authority to enforce."

Section 7. Section 76-4-104, MCA, is amended to read:

"76-4-104. Rules for administration and enforcement. (1) The department shall, subject to the provisions of 76-4-135, adopt reasonable rules, including adoption of sanitary standards, necessary for administration and enforcement of this part.

(2) The rules and standards must provide the basis for approving subdivisions for various types of public and private water supplies, sewage disposal facilities, storm water drainage ways, and solid waste disposal. The rules and standards must be related to:

- (a) size of lots;
- (b) contour of land;
- (c) porosity of soil;
- (d) ground water level;
- (e) distance from lakes, streams, and wells;
- (f) type and construction of private water and sewage facilities; and
- (g) other factors affecting public health and the quality of water for uses relating to agriculture, industry, recreation, and wildlife.

(3) (a) Except as provided in subsection (3)(b), the rules must provide for the review of subdivisions by a local department or board of health, as described in Title 50, chapter 2, part 1, if the local department or board of health employs a registered sanitarian or a registered professional engineer and if the department certifies under subsection (4) that the local department or board is competent to conduct the review.

(b) (i) Except as provided in 75-6-121 and subsection (3)(b)(ii) of this section, a local department or board of health may not review public water supply systems, public sewage systems, or extensions of or connections to these systems.

(ii) A local department or board of health may be certified to review subdivisions proposed to connect to existing municipal water and wastewater

systems previously approved by the department if no extension of the systems is required.

(4) The department shall also adopt standards and procedures for certification and maintaining certification to ensure that a local department or board of health is competent to review the subdivisions as described in subsection (3).

(5) The department shall review those subdivisions described in subsection (3) if:

(a) a proposed subdivision lies within more than one jurisdictional area and the respective governing bodies are in disagreement concerning approval of or conditions to be imposed on the proposed subdivision; or

(b) the local department or board of health elects not to be certified.

(6) The rules must further provide for:

(a) providing the reviewing authority with a copy of the plat or certificate of survey subject to review under this part and other documentation showing the layout or plan of development, including:

(i) total development area; and

(ii) total number of proposed dwelling units and structures requiring facilities for water supply or sewage disposal;

(b) adequate evidence that a water supply that is sufficient in terms of quality, quantity, and dependability will be available to ensure an adequate supply of water for the type of subdivision proposed;

(c) evidence concerning the potability of the proposed water supply for the subdivision;

(d) adequate evidence that a sewage disposal facility is sufficient in terms of capacity and dependability;

(e) standards and technical procedures applicable to storm drainage plans and related designs, in order to ensure proper drainage ways;

(f) standards and technical procedures applicable to sanitary sewer plans and designs, including soil testing and site design standards for on-lot sewage disposal systems when applicable;

(g) standards and technical procedures applicable to water systems;

(h) standards and technical procedures applicable to solid waste disposal;

(i) criteria for granting waivers and deviations from the standards and technical procedures adopted under subsections (6)(e) through (6)(h);

(j) evidence to establish that, if a public water supply system or a public sewage system is proposed, provision has been made for the system and, if other methods of water supply or sewage disposal are proposed, evidence that the systems will comply with state and local laws and regulations that are in effect at the time of submission of the preliminary or final plan or plat; and

(k) evidence to demonstrate that appropriate easements, covenants, agreements, and management entities have been established to ensure the protection of human health and state waters and to ensure the long-term operation and maintenance of water supply, storm water drainage, and sewage disposal facilities.

(7) If the reviewing authority is a local department or board of health, it shall notify the department of its recommendation for approval or disapproval of the subdivision not later than 50 days from its receipt of the subdivision application. The department shall make a final decision on the subdivision within 10 days after receiving the recommendation of the local reviewing authority, but not later than 60 days after the submission of a complete application, as provided in 76-4-125.

(8) Review and certification or denial of certification that a division of land is not subject to sanitary restrictions under this part may occur only under those rules in effect when a complete application is submitted to the reviewing authority, except that in cases in which current rules would preclude the use for which the lot was originally intended, the applicable requirements in effect at the time the lot was recorded must be applied. In the absence of specific requirements, minimum standards necessary to protect public health and water quality apply.

(9) The reviewing authority may not deny or condition a certificate of subdivision approval under this part unless it provides a written statement to the applicant detailing the circumstances of the denial or condition imposition. The statement must include:

- (a) the reason for the denial or condition imposition;
- (b) the evidence that justifies the denial or condition imposition; and
- (c) information regarding the appeal process for the denial or condition imposition.

(10) *The department may adopt rules that provide technical details and clarification regarding the water and sanitation information required to be submitted under [section 4].*

Section 8. Section 76-4-125, MCA, is amended to read:

"76-4-125. Review of subdivision application — land divisions excluded from review. (1) Except as provided in subsection (2), an application for review of a subdivision must be submitted to the reviewing authority. The review by the reviewing authority must be as follows:

(a) At any time after the developer has submitted an application under the Montana Subdivision and Platting Act, the developer shall present a subdivision application to the reviewing authority. The application must include preliminary plans and specifications for the proposed development, whatever information the developer feels necessary for its subsequent review, *any public comments or summaries of public comments collected as provided in 76-3-604(4)*, and information required by the reviewing authority. Subdivision fees assessed by the reviewing authority must accompany the application. If the proposed development includes onsite sewage disposal facilities, the developer shall notify the designated agent of the local board of health prior to presenting the subdivision application to the reviewing authority. The agent may conduct a preliminary site assessment to determine whether the site meets applicable state and local requirements.

(b) Except as provided in 75-1-208(4)(b), the department shall make a final decision on the proposed subdivision within 60 days after the submission of a complete application and payment of fees to the reviewing authority unless an environmental impact statement is required, at which time this deadline may be increased to 120 days. The reviewing authority may not request additional information for the purpose of extending the time allowed for a review and final

decision on the proposed subdivision. If the department approves the subdivision, the department shall issue a certificate of subdivision approval indicating that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction.

(2) A subdivision excluded from the provisions of chapter 3 must be submitted for review according to the provisions of this part, except that the following divisions or parcels, unless the exclusions are used to evade the provisions of this part, are not subject to review:

- (a) the exclusions cited in 76-3-201 and 76-3-204;
 - (b) divisions made for the purpose of acquiring additional land to become part of an approved parcel, provided that water or sewage disposal facilities may not be constructed on the additional acquired parcel and that the division does not fall within a previously platted or approved subdivision;
 - (c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule;
 - (d) divisions located within jurisdictional areas that have adopted growth policies pursuant to chapter 1 or within first-class or second-class municipalities for which the governing body certifies, pursuant to 76-4-127, that adequate storm water drainage and adequate municipal facilities will be provided; and
 - (e) subject to the provisions of subsection (3), a remainder of an original tract created by segregating a parcel from the tract for purposes of transfer if:
 - (i) the remainder is served by a public or multiple-user sewage system approved before January 1, 1997, pursuant to local regulations or this chapter; or
 - (ii) the remainder is 1 acre or larger and has an individual sewage system that was constructed prior to April 29, 1993, and, if required when installed, was approved pursuant to local regulations or this chapter.
- (3) Consistent with the applicable provisions of 50-2-116(1)(i), a local health officer may require that, prior to the filing of a plat or a certificate of survey subject to review under this part for the parcel to be segregated from the remainder referenced in subsection (2)(e)(ii), the remainder include acreage or features sufficient to accommodate a replacement drainfield."

Section 9. Codification instruction. [Section 4] is intended to be codified as an integral part of Title 76, chapter 3, part 6, and the provisions of Title 76, chapter 3, part 6, apply to [section 4].

The pilot program may be used for no more than 50 persons with developmental disabilities, as selected by the department.

(6) The department shall monitor the use of the individual waiver accounts and provide a report to the legislature on the feasibility and desirability of establishing accounts for other persons with developmental disabilities cared for in a community-based program. The report must be made to the legislature as provided in 5-11-210.

CHAPTER NO. 306

[HB 396]

AN ACT ALLOWING PUPILS OF PUBLIC AND NONPUBLIC SCHOOLS TO CARRY AND SELF-ADMINISTER PRESCRIBED ASTHMA MEDICATION; PROVIDING DEFINITIONS; REQUIRING DOCUMENTATION; PROVIDING FOR NOTICE TO THE PARENTS OR GUARDIANS THAT THE SCHOOL DISTRICT MAY NOT INCUR LIABILITY FOR ANY INJURY ARISING OUT OF THE SELF-ADMINISTRATION OF MEDICATION UNLESS THE ACT OR OMISSION IS THE RESULT OF GROSS NEGLIGENCE, WILLFUL AND WANTON CONDUCT, OR AN INTENTIONAL TORT; PROVIDING AN EXEMPTION FOR YOUTH CORRECTIONAL FACILITIES; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Self-administration of asthma medication. (1) As used in this section, the following definitions apply:

(a) "Anaphylaxis" means a systemic allergic reaction that can be fatal in a short time period and is also known as anaphylactic shock.

(b) "Asthma" means a chronic disorder or condition of the lungs that requires lifetime, ongoing, medical intervention.

(c) "Medication" means a medicine, including inhaled bronchodilators, inhaled corticosteroids, and autoinjectable epinephrine, prescribed by a licensed physician as defined in 37-3-102, a physician assistant-certified who has been authorized to prescribe asthma medications as provided in 37-20-404, or an advanced practice registered nurse with prescriptive authority as provided in 37-8-202(5).

(d) "Self-administration" means a pupil's discretionary use of the asthma medication prescribed for the pupil.

(2) A school, whether public or nonpublic, shall permit the self-administration of medication by a pupil with asthma if the parents or guardians of the pupil provide to the school:

(a) written authorization, acknowledging and agreeing to the liability provisions in subsection (4), for the self-administration of medication;

(b) a written statement from the pupil's physician, physician assistant-certified, or advanced practice registered nurse containing the following information:

(i) the name and purpose of the medication;

(ii) the prescribed dosage; and

(iii) the time or times at which or the special circumstances under which the medication is to be administered;

(c) documentation that the pupil has demonstrated to the health care practitioner and the school nurse, if available, the skill level necessary to administer the medication as prescribed; and

(d) documentation that the pupil's physician, physician assistant-certified, or advanced practice registered nurse has formulated a written treatment plan for managing asthma or anaphylaxis episodes of the pupil and for medication use by the pupil during school hours.

(3) The information provided by the parents or guardians must be kept on file in the office of the school nurse or, in the absence of a school nurse, the school's administrator.

(4) The school district or nonpublic school and its employees and agents are not liable as a result of any injury arising from the self-administration of medication by the pupil unless an act or omission is the result of gross negligence, willful and wanton conduct, or an intentional tort. The parents or guardians of the pupil must be given a written notice and sign a statement acknowledging that the school district or nonpublic school may not incur liability as a result of any injury arising from the self-administration of medication by the pupil and that the parents or guardians shall indemnify and hold harmless the school district or nonpublic school and its employees and agents against any claims, except a claim based on an act or omission that is the result of gross negligence, willful and wanton conduct, or an intentional tort.

(5) The permission for self-administration of medication is effective for the school year for which it is granted and must be renewed each subsequent school year or, if the medication dosage, frequency of administration, or other conditions change, upon fulfillment of the requirements of this section.

(6) If the requirements of this section are fulfilled, a pupil with asthma may possess and use the pupil's medication:

- (a) while in school;
- (b) while at a school-sponsored activity;
- (c) while under the supervision of school personnel;
- (d) before or after normal school activities, such as while in before-school or after-school care on school-operated property; or
- (e) while in transit to or from school or school-sponsored activities.

(7) If provided by the parent or guardian and in accordance with documents provided by the pupil's physician, physician assistant-certified, or advanced practice registered nurse, backup medication must be kept at a pupil's school in a predetermined location or locations to which the pupil has access in the event of an asthma or anaphylaxis emergency.

(8) Youth correctional facilities are exempt from this section and shall adopt policies related to access and use of asthma medications.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 20, chapter 5, part 4, and the provisions of Title 20, chapter 5, part 4, apply to [section 1].

Section 3. Two-thirds vote required. Because [section 1] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

Section 4. Effective date. [This act] is effective July 1, 2005.

Approved April 20, 2005

(4) For grant projects for which the department of natural resources and conservation also has recommended a loan, the authorization for the loan is contained in House Bill No. 8.

(5) To the entities listed in this section, this appropriation constitutes a valid obligation of these funds for purposes of encumbering the funds within the 2007 biennium pursuant to 17-7-302.

Section 2. Conditions of grants. Disbursement of funds under [sections 1 through 4] for grants is subject to the following conditions that must be met by project sponsors:

(1) approval of a scope of work and budget for the project by the department of natural resources and conservation. Changes in the project scope of work or budget that reduce the public or natural resource benefits as presented in department reports and applicant testimony to the 59th legislature will result in the proportional reduction in grant amount.

(2) documented commitment of other funds required for project completion;

(3) satisfactory completion of conditions described in the recommendation section of the project narrative in the renewable resource grant and loan program project recommendations and biennium report submitted to the 59th legislature for the 2007 biennium or, in the case of emergency applications, conditions specified at the time of written notification of approved grant authority;

(4) execution of a grant agreement with the department; and

(5) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the grant as evidenced from the application to the department or from the proposal to the legislature.

Section 3. Conditions for grants. Notwithstanding the conditions described in [section 2], grant funds are disbursed in the order of priority listed in [section 1] as resource indemnity trust account interest income revenue is received. A project approved by [section 1] is not entitled to receive grant funds that are not collected and allocated to the renewable resource grant and loan program state special revenue account.

Section 4. Appropriations established. (1) For any entity of state government that receives a grant under [sections 1 through 3], an appropriation is established for the amount of the grant listed in [section 1(3)]. Grants to state entities from prior biennia are reauthorized for completion of contract work.

(2) Any funds in excess of the amount appropriated for grants under [sections 1 through 3] are available for appropriation for authorized purposes from the renewable resource grant and loan program state special revenue account.

Section 5. Review of previously authorized grants. Recipients of renewable resource grants authorized by previous legislatures that have not completed startup conditions must be notified by the department of natural resources and conservation that the legislature, at the next regular session, will review renewable resource grants to determine if the commitment of the renewable resource grant should be withdrawn.

Section 6. Fund transfer. At the beginning of fiscal year 2007, the amount of \$600,000 is transferred from the state general fund to the renewable resource grant and loan program state special revenue account established in 85-1-604 for the purpose of making grants.

Section 7. Section 85-1-604, MCA, is amended to read:

“85-1-604. Renewable resource grant and loan program state special revenue account created — revenue allocated — limitations on appropriations from account. (1) There is a renewable resource grant and loan program state special revenue account within the state special revenue fund established in 17-2-102.

(2) Except to the extent that they are required to be credited to the renewable resource loan debt service fund pursuant to 85-1-603, there must be paid into the renewable resource grant and loan program state special revenue account:

(a) the interest income of the resource indemnity trust fund as provided in and subject to the conditions of 15-38-202;

(b) the excess of the coal severance tax proceeds allocated by 85-1-603 to the renewable resource loan debt service fund above debt service requirements as provided in and subject to the conditions of 85-1-619; and

(c) any fees or charges collected by the department pursuant to 85-1-616 for the servicing of loans, including arrangements for obtaining security interests.

(3) Appropriations may be made from the renewable resource grant and loan program state special revenue account for:

(a) grants for designated projects *and the activities authorized in 85-1-602(1)(a)*; and

(b) administrative expenses, including salaries and expenses for personnel and equipment, office space, and other expenses necessarily incurred in the administration of the grant and loan program. The expenses under this subsection (3)(b) may be funded before funding of projects.

(4) *For the biennium beginning July 1, 2005, appropriations may be made from the renewable resource grant and loan program state special revenue account for administrative expenses, including salaries and expenses for personnel and equipment, office space, and other expenses necessarily incurred in natural resource-related programs.”*

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 3. Coal severance tax bonds authorized. (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions in 85-1-605, to fund emergency loans, as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 7]. The board of examiners is authorized to issue coal severance tax bonds in an amount not to exceed \$7,236,264, of which \$4,909,000 is to be used to finance the projects approved in [sections 1 and 2], \$1,669,422 is to be used to finance additional loans in lieu of grants listed in House Bill No. 6, and up to \$657,842 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources and conservation for financing the projects identified in [sections 1 and 2] and may be used as authorized in 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the legislature in a subsequent session provides for a lower

interest rate, in which case the rate must be reduced to the rate specified by the legislature.

(2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the renewable resource grant and loan program state special revenue account.

(4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

Section 4. Conditions of loans. (1) Disbursement of funds under [sections 1 through 7] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource grant and loan program project evaluations and recommendations report for the biennium;

(d) execution of a loan agreement with the department; and

(e) accomplishment of other specific requirements considered necessary by the department to accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 5. Private and discount purchase of loans. Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local government entities.

Section 6. Appropriation established. For any entity of state government that receives a loan under [sections 1 through 7], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

Section 7. Creation of state debt — appropriation of coal severance tax — bonding provisions. (1) Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 3].

(2) The legislature, through the enactment of [sections 1 through 7] by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 7] and the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

Section 8. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 90-4-605, MCA, is amended to read:

“90-4-605. Preparation of energy conservation program. (1) The department shall ~~work with state agencies to~~ identify buildings that have a potential for energy savings, based on age, energy use, function, and condition of the building. *Upon request of the department, a state agency shall provide the department with information necessary to allow the department to comply with this requirement.*

(2) Based on the criteria in subsection (1) and on the feasibility of leveraging other funds, such as federal and utility energy conservation program money, the department shall select certain facilities for indepth energy analyses to identify the technical and financial feasibility of making energy conservation improvements to the facilities.

(3) Upon completion of the energy analyses, the department shall identify estimated costs and savings to the state based on these analyses. If the estimated savings are determined to be greater than the bond payment costs for a particular project, the department shall notify the department of administration. Upon receipt of the notification, the department of administration shall implement a design and construction project using bond proceeds for the costs of the project.

- (4) The department shall compile a report that must include the following:
 - (a) a listing of contacts between the department and other state agencies;
 - (b) a summary of the department's review of agency requests and a selection of projects for indepth analysis;
 - (c) a summary of the energy analyses conducted by the department, including the estimated cost of each proposed project and the estimated energy cost savings of each proposed project; and
 - (d) a listing of additional projects under consideration, for which energy analyses have not been conducted.
- (5) The department shall submit the report required by subsection (4) to the governor before September 1 of each even-numbered year."

Section 2. Bond authorization — appropriation. (1) The board of examiners may, pursuant to 90-4-611, issue and sell bonds of the state in an aggregate principal amount not to exceed \$3.75 million for fiscal years 2006 and 2007 for the projects approved in [section 3] and to fulfill the duties imposed by 90-4-605 and 90-4-607, as provided in [section 4]. The bonds are general obligations for which the full faith and credit and taxing powers of the state are pledged for payment of the principal and interest on the bonds. The bonds must be issued as provided by Title 17, chapter 5, part 8.

(2) The proceeds of the bonds, other than any premiums and accrued interest received, must be deposited in the energy conservation program account established by 90-4-612. Premiums and accrued interest must be deposited in the debt service fund established in 17-2-102. Proceeds of bonds deposited in the energy conservation program account may be used to pay the costs of issuing the bonds, to fulfill the duties authorized by 90-4-605 and 90-4-607, and to fund the projects approved in [section 3]. For the purposes of 17-5-803 and 17-5-804, the energy conservation program account constitutes a capital projects account. The bond proceeds are appropriated to and must be available to the department of environmental quality and may be used for the purposes authorized in this section without further budgetary authorization.

Section 3. Approval of energy conservation projects. (1) Pursuant to Title 90, chapter 4, part 6, the legislature approves for fiscal years 2006 and 2007 the following energy conservation projects:

- (a) Mitchell building, phase II and capitol energy projects, department of administration, Helena, Montana;
- (b) Miles City headquarters building, department of fish, wildlife and parks, Miles City, Montana;

(k) wood-fired boiler, university of Montana-western, Dillon, Montana.

(2) In addition to the energy conservation projects referred to in subsection (1), the department of environmental quality may expend funds appropriated under [section 4] to respond to energy saving opportunities. Energy saving opportunities include coordination of energy improvement projects with the long-range building program capital improvement projects.

(3) For purposes of this section, "energy saving opportunities" means opportunities to improve energy use that will provide significant energy and cost savings to the state and that will be technically infeasible or uneconomical if the department of environmental quality is delayed in providing the necessary funds until specific legislative approval can be obtained.

(4) If the costs of the projects authorized in subsections (1) and (2) are substantially below the bond amount authorized in [section 2], the department of environmental quality may fund projects that would be proposed as part of the state building energy conservation package for fiscal years 2008 and 2009.

Section 4. Appropriation of bond proceeds. The amount of \$400,000 is appropriated from bond proceeds authorized by Chapter 50, Laws of 1999, Chapter 240, Laws of 2001, Chapter 497, Laws of 2003, and [section 2] to the department of environmental quality in order to fulfill its duties under 90-4-605 and 90-4-607. This appropriation is a biennial appropriation for the 2007 biennium only.

(3) As its own formal act or through an act of a board of stewards of a race meet, the board may suspend or revoke any license issued by the department to a licensee and assess a fine, not to exceed \$1,000, against a licensee who violates any of the provisions of this chapter or any rule or order of the board. (1) For the purpose of encouraging the breeding in this state of valuable registered horses, at least one race each day at each race meet must be limited to horses bred in this state unless, in the board’s judgment, there is an insufficient number of Montana-bred horses for the race. If in the opinion of the board sufficient competition cannot be had among this class of horses, the race may be eliminated for the day and a substitute race provided instead. Races with exclusively Montana-bred horses must be run for 20% higher purses than races in comparable conditions that are not run with exclusively Montana-bred horses.

(2) The licensee conducting the race meet shall pay a sum equal to 10% of the first money of every purse won by a horse bred in this state to the breeder of the horse within 30 days of the end of the race meet. Only the money contributed by the licensee conducting the race meet may be considered in computing the bonus.

(3) Three percent of exotic wagering on a simulcast race must be deposited in ~~the board’s agency fund account~~ *a state special revenue account. Those funds are statutorily appropriated to the board as provided in 17-7-502.* The board shall then distribute all funds collected under this subsection to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry.”

(2) Each licensee conducting the parimutuel system for a simulcast race meet shall distribute all funds deposited with the licensee in any pool for the simulcast race meet, less an amount that in the case of exotic wagering on these races may not exceed 26%, unless the signal originator percentage is higher, in which case the Montana simulcast licensee may adopt the same percentage withheld as the place where the signal originated, and that in all other of these races may not exceed 20% of the total deposits plus the odd cents of all redistribution to be based on each dollar deposited exceeding a sum equal to the next lowest multiple of 10, known as “breakage”.

(3) Each licensee conducting a parimutuel system for a simulcast race meet shall deduct 1% of the total amount wagered on the race meet and deposit it in ~~the board’s agency fund~~ *a state special revenue account. The funds deposited are statutorily appropriated to the board as provided in 17-7-502.* The board shall then distribute all funds collected under this subsection to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry.”

Section 6. Section 23-4-304, MCA, is amended to read:

“23-4-304. Gross receipts — department’s percentage — collection and allocation. (1) (a) The licensee shall pay to the department within 5 days following receipt by the licensee 1% of the gross receipts of each day’s parimutuel betting at each race meet. At the end of each race meet the licensee

If the report shows the underpayments to be in excess of the overpayments, the balance must be paid to the department. Money paid to the department may be used for the expenses incurred in carrying out this chapter. The licensee shall, at the same time, pay to the department all funds collected under 23-4-202(4)(d) on exotic wagering on races. These funds must be deposited in ~~the board's agency fund~~ *a state special revenue* account. The board shall then distribute all funds collected under 23-4-202(4)(d) to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry.

(b) Each licensed simulcast facility shall pay to the department either 1% of the gross receipts of each day's parimutuel betting at each race meet or the actual cost to the board of regulating the simulcast race meet, whichever is higher. The money must be paid to the department within 5 days after receipt of the money by the licensee. At the end of each race meet the licensed simulcast facility shall prepare a report to the department showing the amount of the overpayments and underpayments. If the report shows the underpayments to be in excess of the overpayments, the balance must be paid to the department. Money paid to the department must be deposited in an account in the state special revenue fund and must be used for the administration of this chapter. The licensed simulcast facility shall, at the same time, pay to the department all funds collected under 23-4-202(4)(d) on exotic wagering on races. These funds must be deposited in ~~the board's agency fund~~ *a state special revenue* account. The board shall then distribute all funds collected under 23-4-202(4)(d) to live race purses or for other purposes that the board considers appropriate for the good of the existing horseracing industry.

(2) Prior to the beginning of the live racing season, funds collected under 23-4-202(4)(d) must be distributed by the department, after first passing through ~~the board's agency fund~~ *a state special revenue* account, to be used for race purses that are distributed to each live race meet by the board or for other purposes that the board considers appropriate for the good of the horseracing industry.

(3) *The funds collected under this section and deposited in a state special revenue account are statutorily appropriated to the board as provided in 17-7-502."*

The retirement system membership of an elected county superintendent of schools as of June 30, 1995, must remain unchanged for as long as the person continues to serve in the capacity of county superintendent of schools.

(3) In order to be eligible for active membership, a person described in subsection (1) or (2) must:

(1) The creditable service of a member begins on the date of ~~his~~ *the member's* employment in a capacity prescribed for his eligibility in 19-20-302 and accumulates to the member's credit on the basis of the retirement board's policy governing creditable service.

(2) The creditable service of a member includes the following:

(4) For a member completing only part-time service during the qualifying period, the first full year's teaching salary used to calculate the cost to purchase creditable service is the salary that ~~he~~ *the member* would have earned if ~~his~~ *the member's* first year part-time salary had been full-time."

Section 5. Section 19-20-407, MCA, is amended to read:

"19-20-407. No duplication of credit for same period of service. A member may not receive duplicate credit for the same period of service. *A retiree returning to active service may not be granted creditable service for the same period of time that the retiree was receiving a retirement benefit.*"

Section 6. Section 19-20-415, MCA, is amended to read:

“19-20-415. Procedure for purchase of service credit and pick up. (1)

A member who wishes to redeposit, pursuant to ~~19-20-602(3)~~ [section 9], amounts previously withdrawn or who is eligible to purchase service credit pursuant to this part shall make the following series of elections to accomplish the redeposit or purchase:

(a) The member may elect a lump-sum payment, a series of installment payments, or a combination of lump-sum payments and installment payments.

(b) If a series of installment payments is elected by the member, the member may elect to pay the installments directly to the board or to have the installments paid by payroll deduction or the member may select a combination of both.

(c) With respect to installments payable by payroll deduction, if the member's employer has adopted the resolution described in subsection (2), the member shall complete the irrevocable written application to purchase service provided for in subsection (4). If the member's employer has not adopted the resolution, the member may elect only a revocable written application to purchase service.

(2) An employer may adopt a resolution to pick up and pay the member's elective contributions made pursuant to a binding, irrevocable written application. The contributions picked up by the employer must be payable from the same source as is used to pay compensation to the member. The resolution must contain the following statements:

(a) that the member contributions, even though designated as member contributions for state law purposes, are being paid by the employer in lieu of the contributions by the member; and

(b) that the member may not choose to receive the contributed amounts directly instead of having them paid by the employer to the system.

(3) (a) With respect to any member's elective contributions, the effective date of the employer pickup is the later of:

(i) the adoption of the employer's resolution; or

(ii) the date that the irrevocable written application is signed by both the member and the member's employer.

(b) The pickup does not apply to a contribution made before the effective date of the employer's resolution. A written application to purchase additional service that is in effect on the effective date of the employer's resolution is void, and the provisions of subsection (1) apply.

(4) The irrevocable written application to purchase service must be signed by the member and the member's employer and filed with the board. Subject to any maximum amounts or duration established by state or federal law, the irrevocable written application must specify:

(a) the amount of the deduction;

(b) the number of installments;

(c) the number of years and type of service that the member is purchasing; and

(d) that the contributions being picked up, although designated as member contributions, are being paid by the employer directly to the board in lieu of contributions by the member.

(5) The minimum duration of the installments required by subsection (4)(b) is 3 months, and the maximum duration is 5 years. The maximum number of years that may be purchased may not exceed the total number of years that the member is eligible to purchase.

(6) The irrevocable written application does not give the member the option of receiving the deduction amounts directly instead of having them paid by the employer to the system. A member may not prepay any amounts under a binding, irrevocable written application.

(7) If a member terminates or dies prior to completion of the installment payments, the binding, irrevocable written application expires and the board shall prorate the service credit purchased based upon the amount paid as of the date of termination or death. In the case of a termination, the member may make a lump-sum contribution for the balance of the service subject to the limitations of section 415 of the Internal Revenue Code. In the case of the member's death, the payment to purchase service may be made from the member's estate subject to the limitations of section 415 of the Internal Revenue Code."

Section 7. Creditable service for employment under optional retirement program. (4) The provisions of 19-20-405 apply to creditable service purchased under this section.

Section 8. Section 19-20-602, MCA, is amended to read:

(1) The annuity savings fund is a fund in which the contributions for the members to provide for their retirement allowance or benefits must be accumulated in individual accounts for each member. The normal contribution of each member is 7.15% of the member's earned compensation.

(2) Contributions to and payments from the annuity savings fund must be made in the following manner:

(a) Each employer, pursuant to section 414(h)(2) of the Internal Revenue Code:

(i) shall pick up and pay the contributions that would be payable by the member under this subsection (2) for service rendered after June 30, 1985;

(ii) shall pick up and pay the contributions that would be paid in the manner provided in 19-20-716; and

(iii) may pick up and pay the contributions that would be payable by the member pursuant to 19-20-415.

(b) The member's contributions picked up by the employer must be designated for all purposes of the retirement system as the member's contributions, except for the determination of a tax upon a distribution from the retirement system. These contributions must become part of the member's accumulated contributions but must be accounted for separately from those previously accumulated.

(c) The member's contributions picked up by the employer must be payable from the same source as is used to pay compensation to the member and must be included in the member's earned compensation as defined in 19-20-101. (d) The deductions must be made notwithstanding that the minimum compensation provided by law for a member may be reduced by the deductions. Each member is considered to consent to the deductions prescribed by this section, and payment of salary or compensation less the deductions is a complete discharge of all claims for the services rendered by the member during the period covered by the payment, except as to the benefits provided by the retirement system.

~~(3) In addition to the normal contributions, subject to the approval of the retirement board, and to the extent permitted by section 415(k)(3) of the Internal Revenue Code, a member may redeposit in the annuity savings fund, by a single payment or by an increased rate of contribution, an amount equal to accumulated contributions that the member has previously withdrawn, plus interest in the amount the contributions would have earned had the contributions not been withdrawn. The redeposit must be made in accordance with 19-20-415.~~

~~(4)(3)~~ The accumulated contributions of a member withdrawn by the member or paid to the member's estate or to the member's designated beneficiary in event of the member's death must be paid from the annuity savings fund. Upon the retirement of a member, the member's accumulated contributions must be transferred from the annuity savings fund to the pension accumulation fund."

Section 9. Redeposit of contributions previously withdrawn. In addition to the normal contributions required under 19-20-602, subject to the approval of the retirement board, and to the extent permitted by section 415(k)(3) of the Internal Revenue Code, a member may redeposit in the annuity savings fund, by a single payment or by an increased rate of contribution, an amount equal to the accumulated contributions that the member has previously withdrawn, plus interest in the amount that the contributions would have earned had the contributions not been withdrawn. The redeposit must be made in accordance with 19-20-415.

Section 10. Section 19-20-716, MCA, is amended to read:

(a) Option 1—The member may use the total termination pay in the calculation of the member's average final compensation. The member and the employer shall pay contributions to the retirement system as determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time of termination.

(b) Option 2—The member may use a yearly amount of the total termination pay added to each of the 3 consecutive years' salary used in the calculation of the member's average final compensation. To determine the amount of termination pay used in the calculation of average final compensation, termination pay must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer shall pay contributions on the termination pay according to the rates provided for in 19-20-602 and 19-20-605(1). The contributions must be made at the time of termination.

(c) Option 3—The member may exclude the termination pay from the average final compensation. A contribution is not required of either the member or the employer.

(2) A binding, irrevocable written election required by this section must be signed by both the member and the employer at least 90 days prior to the member's termination date and must contain statements with regard to the contributions required to be made by the member under subsections (1)(a) and (1)(b) that:

(a) the contributions being picked up, although designated as member contributions, are being paid by the employer directly to the system in lieu of contributions by the member and that the picked up contributions are paid from the same source as compensation is paid;

(b) the member may not choose to directly receive the amounts deducted from the member's termination pay instead of having them paid by the employer to the system;

(c) the member may not prepay any portion of the contributions; and

The effective date must be at least 90 days prior to the date of the member's termination. The pickup does not apply to a contribution made before the effective date of the pickup.

(3) Pursuant to subsection (2), contributions required under subsection (1)(a) or (1)(b) must be:

(4) A member's contributions greater than the total amount of the member's termination pay may not be picked up by the employer and are subject to the limitations of section 415 of the Internal Revenue Code.

~~(4)(5)~~ If a member and the member's employer fail to sign the written election within the time period required in subsection (1) ~~or if the member's~~

(b) If the board's option in subsection (1)(a) will not avoid a contribution in excess of the limits in section 415(c) of the Internal Revenue Code, the board may direct the excess contribution to the qualified governmental excess benefit arrangement pursuant to section 415(m) of the Internal Revenue Code if a qualified governmental excess benefit arrangement has been established pursuant to 19-20-212.

(2) If the board's options in subsections (1)(a) and (1)(b) will not avoid a contribution in excess of the limits of section 415(c) of the Internal Revenue Code, the board shall reduce or refuse the contribution.

(3) The board shall use the provisions of section 415(n) of the Internal Revenue Code, as the provisions apply to a government plan, to facilitate member's service purchases. An eligible participant in a retirement plan, as defined by section 1526 of the Taxpayer Relief Act of 1997, 26 U.S.C. 415, may purchase service credit without regard to the limitations of section 415(c)(1) of the Internal Revenue Code under the Montana statutes in effect on August 5, 1997.

Section 1. Section 17-5-805, MCA, is amended to read:

“17-5-805. Bond, grant, or revenue anticipation notes — when issued — payment of principal and interest. (1) When the board has been authorized to issue and sell bonds under this part, it may, pending the issuance of the bonds, issue in the name of the state temporary notes in anticipation of:

- (b) *the money to be received from the federal government for the program for which bonds may be issued; or*
- (c) *other money to be received as revenue for the specified program.*

(2) The notes must be designated as “bond anticipation notes”, “*grant anticipation notes*”, or “*revenue anticipation notes*”. The proceeds of the sale of the ~~bond anticipation~~ notes may be used only for the purposes for which the proceeds of the bonds, *grants, or revenue* could be used, including costs of issuance. If, prior to the issuance of the bonds *or receipt of the proceeds of the grants or revenue*, it becomes necessary to *pay or* redeem outstanding notes, additional ~~bond anticipation~~ notes may be issued to redeem the outstanding notes.  - (iii) the maturity date or maximum maturity date of the notes.

~~(3)(4)~~ Subject to the limitations contained in this section and the standards and limitations prescribed in the authorizing resolution, the board in its discretion may provide for the notes described in subsection ~~(2)~~ (3) to be issued and sold, in whole or in part, from time to time, and may delegate to the state treasurer the power to determine the time or times of sale, the manner of sale, the amounts, the maturities, the rate or rates of interest, and ~~such~~ other terms and details of the notes ~~as that~~ may be considered appropriate by the board; or

the state treasurer in the event of ~~such a~~ delegation. The board in its discretion, but subject to the limitations contained in this section, may also provide in the resolution authorizing the issuance of notes for:

(a) the employment of one or more persons or firms to assist the board in the sale of the notes;

(b) the appointment of one or more banks or trust companies, either in or outside of the state, as depository for safekeeping and as agent for the delivery and payment of the notes;

Amounts drawn on ~~such~~ lines of credit may be evidenced by negotiable or nonnegotiable notes or other evidences of indebtedness, containing ~~such~~ terms and conditions ~~as~~ that the board may authorize in the resolution approving them."

Section 2. Section 75-5-1122, MCA, is amended to read:

"75-5-1122. Creation of debt. The legislature, through the enactment of this law by a two-thirds vote of the members of each house, authorizes the creation of state debt in an amount not to exceed \$40 million ~~and the issuance and sale in principal amount of general obligation bonds in this amount outstanding from time to time for the purpose of:~~

(1) providing the state's share of the program; *and*

(2) *funding portions of loans on an interim basis pending receipt of:*

(a) *grant payments from the environmental protection agency for which federal legislation appropriating the proceeds of the grants has been enacted; or*

(b) *other revenue for the program."*

Section 3. Section 75-6-226, MCA, is amended to read:

"75-6-226. Loan subsidy for disadvantaged communities. (1) Notwithstanding any other provision in this part, if the program makes a loan pursuant to 75-6-221(1) to a disadvantaged community or to a community that the department expects to become a disadvantaged community as a result of a proposed project, the department may provide additional subsidization in the form of a reduced interest rate, *the forgiveness of principal, or a combination of both.*

(e) Installment payments initiated by contract prior to July 1, 1999, may be paid by payroll deduction only if the member files a written application and authorization for payroll deductions pursuant to this section. If the member does not file a written application and authorization for payroll deductions pursuant to this section, the installment contract payments agreed to by the member must be paid by the member directly to the board.

(f) A member may file more than one irrevocable payroll deduction agreement and authorization as long as a subsequent deduction authorization does not amend a previous irrevocable authorization. A member may not prepay an amount under an irrevocable payroll deduction, except when a member with an existing contract to purchase service credit elects to transfer to the defined contribution retirement plan pursuant to 19-3-2111(7) or to the optional retirement program pursuant to 19-3-2112(2)(j).

(a) (i) a member who is an active member of the defined benefit plan on the date that the defined contribution plan becomes effective may, within 12 months

after that date, elect to transfer to and become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates covered employment and plan membership within the 12-month period;

(ii) a member who was an inactive member of the defined benefit plan on the date that the defined contribution plan becomes effective and who is rehired into covered employment after the plan effective date may, within 12 months after the member's rehire date, elect to transfer to and become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates covered employment and plan membership within the 12-month period;

(2) (a) Elections made pursuant to this section must be made on a form prescribed by the board.

(b) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(c) An election under this section, including the default election pursuant to subsection (2)(b), is a one-time irrevocable election. Subject to 19-3-2113, this subsection (2)(c) does not prohibit a new election after a member has terminated membership in either plan and returned to covered employment.

(3) A member in either the defined benefit plan or the defined contribution plan who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(4) A system member may not simultaneously be a member of the defined benefit plan and the defined contribution plan and must be a member of either the defined benefit plan or the defined contribution plan. A period of service may not be credited in more than one retirement plan within the system.

(5) The provisions of this part do not prohibit the board from adopting rules to allow an employee to elect the defined contribution plan from the first day of covered employment.

(6) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the defined contribution plan unless the order is modified to apply under the defined contribution plan.

(7) (a) A member of the defined benefit plan who is purchasing service credit through installment payments, either made directly to the board or pursuant to a payroll deduction agreement, may not transfer membership to the defined contribution plan unless the member first completes or terminates the contract for purchase of service credit.

(b) A member who files an election to transfer membership may make a lump-sum payment for up to the balance of the service credit remaining to be purchased prior to transferring, subject to the limitations of section 415 of the Internal Revenue Code. The lump-sum payment, unless made by a rollover pursuant to 19-2-708, must be made with after-tax dollars.

(c) If a member who files an election to transfer membership fails to complete or terminate the contract for purchase of service credit by the end of

the member's 12-month election window, the board shall terminate the service purchase contract and credit the member with the prorated amount of service credit purchased under the contract."

Section 29. Section 19-3-2112, MCA, is amended to read:

"19-3-2112. Plan choices for members employed by university system—amount available to transfer—effect on rights. (1) If a member who is employed by the Montana university system is eligible to make an election under this part to transfer to the defined contribution plan, the employee may, instead of electing the defined contribution plan, elect to transfer membership to the university system's optional retirement program provided for under chapter 21 of this title.

(2) Except as otherwise provided in this part, an election to transfer membership to the optional retirement program must be made in accordance with the following provisions:

(a) (i) A member employed by the university system who is an active member of the defined benefit plan on the effective date of the defined contribution plan may, within 12 months after that date, elect to transfer to and become a member of the optional retirement program regardless of whether the member remains active, becomes inactive, or terminates ~~covered~~ employment and plan membership within the 12-month period.

(ii) A member who was an inactive member of the defined benefit plan on the effective date of the defined contribution plan and who is hired or rehired into covered employment with the university system after that date may, within 12 months after the member's hire or rehire date, elect to transfer to and become a member of the optional retirement program regardless of whether the member remains active, becomes inactive, or terminates ~~covered~~ employment and plan membership within the 12-month period.

(iii) A member who is initially hired into covered employment with the university system on or after the effective date of the defined contribution plan may, within 12 months of the member's hire date, elect to become a member of the optional retirement program regardless of whether the member remains active, becomes inactive, or terminates ~~covered~~ employment and plan membership within the 12-month period.

(b) Elections made pursuant to this section must be made on a form prescribed by the board.

(c) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(d) An election under this section, including the default election pursuant to subsection (2)(c), is a one-time irrevocable election. (e) A member in either the defined benefit plan or the optional retirement program who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(f) Except as provided in subsection (2)(g), a university employee in a position covered under the system may not simultaneously be a member of more than one retirement plan under chapters 3 and 21 of this title, but must be a member of the defined benefit plan, the defined contribution plan, or the

optional retirement program as provided by applicable provisions of this title. The same period of service may not be credited in more than one retirement system or plan.

(g) A university system employee who is or has been a member of the optional retirement program and returns to or accepts covered employment other than with the university system may make an election pursuant to 19-3-2111. (h) The provisions of this part do not prohibit the board from adopting rules to allow an eligible employee to elect the optional retirement program from the first day of covered employment.

(i) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the optional retirement program unless the order is modified to apply under the optional retirement program.

(j) (i) A member of the defined benefit plan who is purchasing service credit through installment payments, either made directly to the board or pursuant to a payroll deduction agreement, may not transfer membership to the optional retirement program unless the member completes or terminates the contract for purchase of service credit.

(ii) A member who files an election to transfer membership may make a lump-sum payment for up to the balance of the service credit remaining to be purchased prior to transferring, subject to the limitations of section 415 of the Internal Revenue Code. The lump-sum payment, unless made by a rollover pursuant to 19-2-708, must be made with after-tax dollars.

(iii) If a member who files an election to transfer fails to complete or terminate the contract for purchase of service credit by the end of the member's 12-month election window, the board shall terminate the service purchase contract and credit the member with the prorated amount of service credit purchased under the contract.

(3) For an employee electing to transfer membership to the optional retirement program, the board shall transfer to the optional retirement program the amount that the employee would have been able to transfer to the defined contribution plan under 19-3-2114.

(4) An election to become a member of the optional retirement program pursuant to this section is a waiver of all rights and benefits under the public employees' retirement system."

Section 30. Section 19-3-2114, MCA, is amended to read:

"19-3-2114. Amount available to transfer. (1) (a) For an employee who was ~~a system~~ *an active member of the system* on the day before the effective date of the defined contribution plan and who elects to transfer to the plan:

Section 31. Section 19-3-2116, MCA, is amended to read:

"19-3-2116. Vesting — mandatory termination of membership — forfeitures. (1) A member's contribution account includes the member's contributions and the income on those contributions and is vested from the date that the employee becomes a member of the plan.

(2) A member's employer contribution account includes the employer's contributions and the income on those contributions and is vested only when the member has a total of 5 years of membership service under the system.

(3) A member's account for other contributions includes the member's rollovers of contributions made pursuant to 19-3-2115 and income on those contributions and is vested from the date that the contribution is credited to the account.

(4) A member who terminates ~~covered employment service~~ after becoming a vested member may terminate plan membership as provided in 19-3-2123.

(5) A member who terminates ~~covered employment service~~ before becoming a vested member shall terminate plan membership as provided in 19-3-2123 and subject to 19-3-2126.

(6) If the member's employer contribution account is not vested upon termination of ~~covered employment plan membership, as provided in 19-3-2123~~, the employer contributions and income are forfeited and must be allocated as provided in 19-3-2117."

Section 32. Section 19-3-2117, MCA, is amended to read:

"19-3-2117. Allocation of contributions and forfeitures. (1) ~~Each plan member's retirement account must be credited with the~~ *The member contributions made under 19-3-315 and additional contributions paid by the member for the purchase of service must be allocated to the plan member's retirement account.*

(2) Subject to adjustment by the board as provided in 19-3-2121, ~~beginning on the plan's effective date,~~ of the employer contributions under 19-3-316 *received on or after July 1, 2002*, an amount equal to:

(a) 4.19% of compensation must be allocated to the member's retirement account;

(b) 2.37% of compensation must be allocated to the defined benefit plan as the plan choice rate; ~~and~~

(c) 0.04% of compensation must be allocated to the education fund as provided in 19-3-112(1)(b); ~~and~~

~~(3)(d) Subject to adjustment by the board pursuant to 19-3-2121(6) and beginning on the plan's effective date, of the employer contributions under 19-3-316, 0.3% of compensation must be allocated to the long-term disability plan trust fund established pursuant to 19-3-2141.~~

~~(4)(3) Forfeitures of employer contributions and investment income on the employer contributions may not be used to increase a member's retirement account. The board shall allocate the forfeitures under 19-3-2116 to meet the plan's administrative expenses, including startup expenses."~~

Section 33. Section 19-3-2121, MCA, is amended to read:

"19-3-2121. Determination and adjustment of plan choice rate and contribution allocations. (1) The board shall periodically review the sufficiency of the plan choice rate and shall adjust the allocation of contributions under 19-3-2117 as specified in this section. The board shall collect and maintain the data necessary to comply with this section.

(2) The plan choice rate set in 19-3-2117(2)(b) must be adjusted as provided in this section, taking into account:

(a) as determined under subsection (3), the change in the normal cost contribution rate in the defined benefit plan that is the result of member selection of the defined contribution plan; and

(b) as determined under subsection (4), the sufficiency of the plan choice rate to actuarially fund the defined contribution plan member's appropriate share of the defined benefit plan's unfunded liabilities.

(3) The change in the normal cost contribution rate must be an amount equal to the difference between the normal cost contribution rate in the defined benefit plan that would have resulted if all system members remained in the defined benefit plan and the normal cost contribution rate in the defined benefit plan for the actual members of the defined benefit plan, multiplied by the ~~covered payroll compensation paid to all of the~~ members in the defined benefit plan, divided by the ~~covered payroll compensation paid to all of the~~ members in the defined contribution plan. The measurements under this subsection must be based on the defined benefit plan in effect on the effective date of the defined contribution plan until the board determines that the defined benefit plan has been amended in a manner that significantly affects plan choices available to system members. After a board determination that the defined benefit plan has been significantly changed, the measurements in this subsection with respect to members entering the system after the significant change must be made on the basis of the defined benefit plan, as amended.

(4) The sufficiency of the plan choice rate to actuarially fund the appropriate share of the defined benefit plan's unfunded liabilities must be determined as follows:

(a) The board shall determine the number of years required to actuarially fund the defined benefit plan's unfunded liabilities as of the June 30, 1998, actuarial valuation, which must be the initial schedule for the defined contribution plan to actuarially fund the plan's share of the unfunded liabilities. The board shall reduce the schedule by 1 year each biennium.

(b) During each subsequent actuarial valuation of the defined benefit plan conducted pursuant to 19-2-405, the board shall determine whether the plan choice rate minus the amount provided in subsection (2)(a) of this section is sufficient to pay the unfunded liability obligations within the schedule determined under subsection (4)(a) of this section. If the amount is insufficient to fund the liability over a period of 10 years longer than the scheduled period or is more than sufficient to fund the liability over a period of 10 years earlier than the scheduled period, the board shall determine to the nearest 0.1% the amount of the increase or decrease in the plan choice rate that is required to actuarially fund the liabilities according to the established schedule.

(5) If the board determines that the plan choice rate should be increased or decreased, the plan choice rate under 19-3-2117(2)(b) must be increased or decreased accordingly. If the plan choice rate is increased, the allocation of employer contributions to member accounts under 19-3-2117(2)(a) must be decreased by that amount. If the plan choice rate is decreased, the allocation of employer contributions to member accounts under 19-3-2117(2)(a) must be increased by that amount.

(6) If the board determines that the contribution rate to the disability plan under 19-3-2117(2)(d) should be increased, the employer contribution to each member's account under 19-3-2117(2)(a) must be decreased by that amount. If the board determines that the contribution rate to the disability plan under 19-3-2117(2)(d) should be decreased, the employer contribution to each member's account under 19-3-2117(2)(a) must be increased by that amount.

(7) By November 1 of the year of a determination pursuant to this section that the allocation of employer contributions under 19-3-2117(2) must be changed, the board shall notify system members, participating employers, employee and employer organizations, the governor, and the legislature of its determination and of the changes required.

(8) Effective January 1 of the year after the regular legislative session that immediately follows a determination under this section, the plan choice rate and the allocation of contributions under 19-3-2117(2) must be adjusted according to the board's determination."

Section 34. Section 19-3-2126, MCA, is amended to read:

"19-3-2126. Refunds — minimum account balance — adjustment by rule. (1) Before termination of service, a member may not receive a refund of any portion of the member's vested account balance.

(2) Except as provided in 19-3-2142, a member who terminates ~~from~~ service and whose vested account balance is less than \$200 must be paid the vested account balance in a lump sum. If the member's employer contribution account is not vested, the employer contributions and income are forfeited and must be allocated as provided in 19-3-2117. The payment must be made as soon as administratively feasible ~~after the member's termination~~ without a written application from the member.

(3) Except as provided in 19-3-2142, unless a written application is made pursuant to subsection (4)(a), a member who terminates ~~from~~ service and whose vested account balance is between \$200 and \$5,000 must be paid the vested account balance in a lump sum. The payment must be made as soon as administratively feasible ~~after the member's termination~~. If the member's employer contribution account is not vested, the employer contributions and income are forfeited and must be allocated as provided in 19-3-2117.

(4) (a) Except as provided in 19-3-2142, upon the written application of a ~~terminating~~ member *terminating service* whose vested account balance is \$200 or more, the board shall make a direct rollover distribution pursuant to section 401(a)(31) of the Internal Revenue Code of the eligible portion of that balance. To receive the direct rollover distribution, the member is responsible for correctly designating, on forms provided by the board, an eligible retirement plan that allows the rollover under applicable federal law.

(b) The direct rollover distribution must be paid directly to the eligible retirement plan.

(5) A member who terminates service with an account balance greater than \$5,000, whether vested or not, may remain in the plan.

(6) The board may by rule adjust the minimum account balance provided in this section as necessary to maintain reasonable administrative costs and to account for inflation."

Section 35. Section 19-5-103, MCA, is amended to read:

"19-5-103. Call of retired judges and justices and inactive vested members for duty. (1) (a) If physically and mentally able, a retired judge or justice who has voluntarily retired after at least 8 years of service is subject to call for duty by the chief justice to aid and assist any district court or any water court under directions that the chief justice may give or to serve as water judge.

(b) When called, a retired judge's or justice's duties include the examination of the facts, cases, and authorities cited and the preparation of opinions for and on behalf of the court to which the judge or justice is called to serve. The opinions, when and if and to the extent approved by the court, may be ordered by the court to constitute the opinion of the court. The court and the retired judge or justice may, subject to any rule that the supreme court may adopt, perform any

duties preliminary to the final disposition of cases that are not inconsistent with the constitution of the state.

(2) (a) A retired judge or justice, when called to duty, must be reimbursed for actual expenses, if any, in responding to the call.

(b) In addition, a retired judge or justice is entitled to receive compensation in an amount equal to:

(i) the daily salary then currently applicable to the judicial position in which the duty is rendered for each day of duty rendered, up to a total of 180 days in a calendar year; and

(ii) for each day of duty after 180 days in a calendar year, one-twentieth of the monthly salary then currently applicable to the judicial position in which the duty is rendered minus an amount equal to one-twentieth of the monthly retirement benefit that the retired judge or justice is receiving, if any.

(3) A judge or justice who is an inactive vested member, who has voluntarily ~~terminated~~ *discontinued* service as an active judge after 8 years of service, and who, by reason of age, is not eligible to receive a retirement benefit under this chapter may be called for duty as provided in subsection (1). A judge or justice called to duty under this subsection must be reimbursed as provided in subsection (2)(a) and compensated as provided in subsection (2)(b)(i) regardless of the number of days served in a calendar year."

Section 36. Section 19-5-402, MCA, is amended to read:

"19-5-402. Member's contribution. (1) Each member shall contribute ~~into the fund a sum equal to member's contribution is~~ 7% of the member's monthly compensation ~~beginning on the first day of the member's term.~~

(2) Each employer, pursuant to section 414(h)(2) of the Internal Revenue Code, as amended and applicable on July 1, 1991, shall pick up and pay the contributions that would be payable by the member under subsection (1) for service rendered after June 30, 1991.

(3) The member's contribution picked up by the employer is the member's contribution for all purposes of the retirement system, except for the determination of a tax upon a distribution from the retirement system. The contributions must become part of the member's accumulated contributions but must be accounted for separately from the previously accumulated contributions.

(4) The member's contributions picked up by the employer are payable from the same source used to pay compensation to the member and must be included in the member's monthly compensation. The employer shall deduct from the member's compensation an amount equal to the amount of the member's contributions picked up by the employer and remit the total of the contributions to the board."

Section 37. Section 19-5-404, MCA, is amended to read:

"19-5-404. Contributions by state ~~State employer contribution.~~ (1) Except as provided in subsection (2), the state of Montana shall contribute ~~monthly to the pension trust fund a sum equal to pay as employer contributions~~ 25.81% of the compensation of each member ~~paid to all of the employer's employees, except those properly excluded from membership.~~

(2) The state of Montana shall contribute monthly from the renewable resource grant and loan program account in the state special revenue fund to the

judges' pension trust fund an amount equal to 25.81% of the compensation paid to the chief water court judge. The judiciary shall include in its budget and shall request for legislative appropriation an amount necessary to defray the state's portion of the costs of this section."

Section 38. Section 19-5-410, MCA, is amended to read:

"19-5-410. Application to purchase military service credit. (1) *(a)* Except as ~~otherwise~~ provided in ~~this section~~ *subsection (1)(b)* and subject to 19-5-411, a member with at least 5 years of membership service may, at any time prior to retirement, file a written application with the board to purchase *service credit and membership service* for up to 5 years of the member's active service in the armed forces of the United States ~~for the purpose of calculating retirement benefits.~~

~~(2) To purchase this military service, the member shall pay the actuarial cost of the service, based on the system's most recent actuarial valuation.~~

~~(3)(b)~~ A member is not eligible to purchase *active* military service credit and membership service under ~~this section~~ *subsection (1)(a)* if the member:

~~(b)(ii)~~ is eligible, pursuant to 19-2-707, to receive credit in the system for that service; or

~~(c)(iii)~~ is eligible to receive credit for that service in any other retirement system or plan.

(2) (a) Except as provided in subsection (2)(b) and subject to 19-5-411, a member with at least 5 years of membership service may, at any time prior to retirement, file a written application with the board to purchase service credit and membership service for up to 5 years of the member's reserve military service in the armed forces of the United States.

(3) To purchase service credit and membership service under this section, the member shall pay the actuarial cost of the member's active or reserve military service credit based on the system's most recent actuarial valuation."

Section 39. Section 19-5-701, MCA, is amended to read:

"19-5-701. Optional forms of benefits — designation of contingent annuitant. Section 2. Appropriation of bond proceeds and other funds. The amount of \$5,100,000 is appropriated from other funding sources to the department of administration for capital projects, described as statewide equipment storage buildings for the department of transportation, contingent upon the respective authorization of general obligation long-range building program bonds by the 59th legislature and the sale of bonds by the board of examiners.

Section 3. Authorization of bonds. The board of examiners is authorized to issue and sell general obligation long-range building program bonds in an amount not exceeding \$5,100,000 for the capital projects described in [section 2] over and above the amount of general obligation long-range building program bonds outstanding on January 1, 2005. The bonds must be issued in accordance with the terms and in the manner required by Title 17, chapter 5, part 8. The authority granted to the board by this section is in addition to any other authorization to the board to issue and sell general obligation long-range building program bonds.

Section 4. Agreement with department of transportation. The board of examiners and the department of transportation may enter into an agreement for the construction of equipment storage buildings, under which the department shall pay the state treasurer, for deposit in accordance with 17-2-101 through 17-2-107, an amount, as determined by the state treasurer, that is sufficient to pay the principal and interest due on the bonds and notes from which the appropriation was made. The agreement must further provide that income from the investment of bond proceeds, unused principal, and the

reserves not required for construction costs may be credited against the department's payment obligation. Payment by the department must be made from available funds.

Section 5. Planning and design. The department of administration may proceed with the planning and design of capital projects prior to the receipt of other funding sources. The department may use interaccount loans in accordance with 17-2-107 to pay planning and design costs incurred before the receipt of other funding sources.

Section 6. Capital projects — contingent funds. If the capital projects authorized in [section 2] are financed, in whole or in part, with appropriations contingent upon the receipt of other funding sources, the department of administration may not let the projects for bid until the department of transportation has submitted a financial plan for approval by the director of the department of administration. (1) the level of funding provided under the financial plan deviates substantially from the funding level provided in [section 2] for that project; or

(2) the scope of the project is substantially altered or revised from the preliminary plans presented for that project in the 2007 biennium long-range building program presented to the 59th legislature.

Section 7. Legislative consent. The appropriation authorized in [section 2] constitutes legislative consent for the capital projects contained in [section 2] within the meaning of 18-2-102.

Section 8. Requirement for approval of state debt. Because [section 3] authorizes the creation of state debt, a vote of two-thirds of the members of each house of the legislature is required for enactment of [section 3]. If [section 3] is not approved by the required vote, [this act] is void.

Section 9. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. Effective date. [This act] is effective on passage and approval.

If the applicant provides a written statement pursuant to this subsection (4)(c)(v)(C), the agreement must be amended to require the applicant to pay all undisputed increased cost and 75% of the disputed increased cost and to provide that the agency is responsible for 25% of the disputed increased cost. If the applicant does not provide the statement, the agreement must be amended to require the applicant to pay all increased costs.*

(d) *If the applicant does not agree with costs determined under subsection (4)(c)(i) or proposed under subsection (4)(c)(v), the applicant may initiate the informal review process pursuant to 75-1-208(3). If the applicant does not agree to a time extension proposed by the agency under subsection (4)(c)(v), the agency*

may initiate an informal review by an appropriate board under 75-1-208(3). The period of time for completion of the environmental impact statement provided in the agreement is tolled from the date of submission of a request for a review by the appropriate board until the date of completion of the review by the appropriate board. However, the agency shall continue to work on preparation of the environmental impact statement during this period if the applicant has advanced money to pay for this work.

(5) All fees and costs collected under this part ~~shall~~ *must* be deposited in the state special revenue fund as provided in 17-2-102. All fees and costs paid pursuant to this part ~~shall~~ *must* be used as ~~herein~~ *provided in this part*. Upon completion of the necessary work, each agency ~~will~~ *shall* make an accounting to the applicant of the funds expended and refund all unexpended funds without interest."

Section 3. Section 75-1-207, MCA, is amended to read:

"75-1-207. Major facility siting applications excepted. (1) *Except as provided in subsection (2), a* ~~No~~ fee as prescribed by this part may *not* be assessed against any person, corporation, partnership, firm, association, or other private entity filing an application for a certificate under the provisions of the Montana Major Facility Siting Act, Title 75, chapter 20 ~~of this title~~.

(2) *The department may require payment of costs under 75-1-205(1)(a) by a person who files a petition under 75-20-201(5)."*

Section 4. Section 75-1-208, MCA, is amended to read:

"75-1-208. Environmental review procedure. (1) (a) Except as provided in 75-1-205(4) and subsection (1)(b) of this section, an agency shall comply with this section when completing any environmental review required under this part.

(b) To the extent that the requirements of this section are inconsistent with federal requirements, the requirements of this section do not apply to an environmental review that is being prepared jointly by a state agency pursuant to this part and a federal agency pursuant to the National Environmental Policy Act or to an environmental review that must comply with the requirements of the National Environmental Policy Act.

(2) A project sponsor may, after providing a 30-day notice, appear before the environmental quality council at any regularly scheduled meeting to discuss issues regarding the agency's environmental review of the project. The environmental quality council shall ensure that the appropriate agency personnel are available to answer questions.

(3) If a project sponsor experiences problems in dealing with the agency or any consultant hired by the agency regarding an environmental review, the project sponsor may submit a written request to the agency director requesting a meeting to discuss the issues. The written request must sufficiently state the issues to allow the agency to prepare for the meeting. If the issues remain unresolved after the meeting with the agency director, the project sponsor may submit a written request to appear before the appropriate board, if any, to discuss the remaining issues. A written request to the appropriate board must sufficiently state the issues to allow the agency and the board to prepare for the meeting.

(4) (a) Subject to the requirements of subsection (5), to ensure a timely completion of the environmental review process, an agency is subject to the time limits listed in this subsection (4) unless other time limits are provided by law.

All time limits are measured from the date the agency receives a complete application. An agency has:

- (i) 60 days to complete a public scoping process, if any;
- (ii) 90 days to complete an environmental review unless a detailed statement pursuant to 75-1-201(1)(b)(iv) or 75-1-205(4), is required; and
- (iii) 180 days to complete a detailed statement pursuant to 75-1-201(1)(b)(iv).

(b) The period of time between the request for a review by a board and the completion of a review by a board under 75-1-201(1)(b)(iv)(C)(III) or (8) or subsection (10) of this section may not be included for the purposes of determining compliance with the time limits established for conducting an environmental review under this subsection or the time limits established for permitting in 75-2-211, 75-2-218, 75-10-922, 75-20-216, 75-20-231, 76-4-125, 82-4-122, 82-4-231, 82-4-337, and 82-4-432.

(5) An agency may extend the time limits in subsection (4) by notifying the project sponsor in writing that an extension is necessary and stating the basis for the extension. The agency may extend the time limit one time, and the extension may not exceed 50% of the original time period as listed in subsection (4). After one extension, the agency may not extend the time limit unless the agency and the project sponsor mutually agree to the extension.

(6) If the project sponsor disagrees with the need for the extension, the project sponsor may request that the appropriate board, if any, conduct a review of the agency's decision to extend the time period. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue.

(7) (a) Except as provided in subsection (7)(b), if an agency has not completed the environmental review by the expiration of the original or extended time period, the agency may not withhold a permit or other authority to act unless the agency makes a written finding that there is a likelihood that permit issuance or other approval to act would result in the violation of a statutory or regulatory requirement.

(b) Subsection (7)(a) does not apply to a permit granted under Title 75, chapter 2, or under Title 82, chapter 4, parts 1 and 2.

(8) Under this part, an agency may only request that information from the project sponsor that is relevant to the environmental review required under this part.

(9) An agency shall ensure that the notification for any public scoping process associated with an environmental review conducted by the agency is presented in an objective and neutral manner and that the notification does not speculate on the potential impacts of the project.

(10) An agency may not require the project sponsor to provide engineering designs in greater detail than that necessary to fairly evaluate the proposed project. The project sponsor may request that the appropriate board, if any, review an agency's request regarding the level of design detail information that the agency believes is necessary to conduct the environmental review. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue.

(11) An agency shall, when appropriate, consider the cumulative impacts of a proposed project. However, related future actions may only be considered when these actions are under concurrent consideration by any agency through

preimpact statement studies, separate impact statement evaluations, or permit processing procedures.”

Section 5. Section 75-2-104, MCA, is amended to read:

“75-2-104. Limitations — personal cause of action unabridged — venue. (1) This chapter may not be construed to:

(a) grant to the board any jurisdiction or authority with respect to air contamination existing solely within commercial and industrial plants, works, or shops;

(b) affect the relations between employers and employees with respect to or arising out of any condition of air contamination or air pollution;

(c) supersede or limit the applicability of any law or ordinance relating to sanitation, industrial health, or safety; or

(d) abridge, limit, impair, create, enlarge, or otherwise affect substantively or procedurally the right of a person to damages or other relief on account of injury to persons or property and to maintain an action or other appropriate proceeding.

(2) A judicial challenge to a permit issued pursuant to this chapter by a party other than the permit applicant or permitholder must include the party to whom the permit was issued unless otherwise agreed to by the permit applicant or permitholder. All judicial challenges of permits for projects with a project cost, as determined ~~under 75-1-203 by the court~~, of more than \$1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.

(3) An action to challenge a permit decision pursuant to this chapter must be brought in the county in which the permitted activity will occur. If an activity will occur in more than one county, the action may be brought in any of the counties in which the activity will occur.”

Section 6. Section 75-2-211, MCA, is amended to read:

“75-2-211. (Temporary) Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(2) Except as provided in 75-1-208(4)(b) and 75-2-234, not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department except as provided in subsection (12).

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-205(4) and 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application ~~within:~~

(i) *within 180 days after the department's receipt of a filed application, as provided in subsection (8), ~~if the department prepares the environmental impact statement; if the department prepares the environmental impact statement;~~*

(ii) *within 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or*

(iii) if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, *within* 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.

(b) If an application does not require the preparation of an environmental impact statement, is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(d) Except as provided in subsection (9)(e), if an application does not require the preparation of an environmental impact statement and is subject to the provisions of 75-2-215, the department shall notify the applicant of its approval or denial of the application, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8).

(e) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall prepare a single environmental review document pursuant to Title 75, chapter 1, for the permit required under this section and the license or permit required under 75-10-221 or 75-10-406 and act on the applications within the time period provided for in 75-2-215(3)(e).

(f) The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(g) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) (a) The department's decision on the application is not final until 15 days have elapsed from the date of the decision.

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) (a) Except as provided in subsections (12)(b) and (12)(c), an applicant who has received a written notice that its application is considered filed pursuant to subsection (8) may:

(i) for a temporary power generation unit or units with a total electrical generation capacity of not more than 125 megawatts, construct the unit or units. Operation of the unit or units may commence upon the department's issuance of a permit under this section.

(ii) for a temporary power generation unit or units with a total electrical generating capacity of 10 megawatts or less, construct and operate the unit or units.

(b) The construction or operation of a temporary power generation unit or units described in subsection (12)(a) is not in violation of this part unless the operation of the temporary power generation unit or units continues after a department decision to deny the permit application becomes final as provided in this section.

(c) (i) A permit applicant shall discontinue construction or operation of a temporary power generation unit or units if the applicant is notified by the department in writing that the applicant has failed to submit by the department's deadline any additional information that is necessary to process the permit application.

(ii) The operation of a permit applicant's temporary power generation unit or units described in subsection (12)(a) may not violate ambient air quality standards.

(d) A permit issued under this part and pursuant to the provisions of this subsection (12) must expire no later than 2 years from the date that the department received the permit application and must require removal of the temporary power generation unit or units upon expiration of the permit unless an air quality permit for permanent operation has been issued.

(13) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

(b) are subject to the requirements of 75-2-215; or

(c) require the preparation of an environmental impact statement.

(14) (a) The board may adopt rules for issuance, modification, suspension, revocation, renewal, or creation of:

(i) general permits covering multiple similar sources; or

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (14)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department. (Terminates July 1, 2005—sec. 4, Ch. 588, L. 2001.)

75-2-211. (Effective July 1, 2005) Permits for construction, installation, alteration, or use. (1) The board shall by rule provide for the issuance, modification, suspension, revocation, and renewal of a permit issued under this part.

(2) Except as provided in 75-1-208(4)(b) and 75-2-234, not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility that the board finds may directly or indirectly cause or contribute to air pollution or that is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(3) The permit program administered by the department pursuant to this section must include the following:

(a) requirements and procedures for permit applications, including standard application forms;

(b) requirements and procedures for submittal of information necessary to determine the location, quantity, and type of emissions;

(c) procedures for public notice and opportunity for comment or public hearing, as appropriate;

(d) procedures for providing notice and an opportunity for comment to contiguous states and federal agencies, as appropriate;

(e) requirements for inspection, monitoring, recordkeeping, and reporting;

(f) procedures for the transfer of permits;

(g) requirements and procedures for suspension, modification, and revocation of permits by the department;

(h) requirements and procedures for appropriate emission limitations and other requirements, including enforceable measures necessary to ensure compliance with those limitations and requirements;

(i) requirements and procedures for permit modification and amendment; and

(j) requirements and procedures for issuing a single permit authorizing emissions from similar operations at multiple temporary locations, which permit may include conditions necessary to ensure compliance with the requirements of this chapter at all authorized locations and a requirement that the owner or operator notify the department in advance of each change in location.

(4) This section does not restrict the board's authority to adopt regulations providing for a single air quality permit system.

(5) Department approval of an application to transfer a portable emission source from one location to another is exempt from the provisions of 75-1-201(1).

(6) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(7) The department shall require that applications for permits be accompanied by any plans, specifications, and other information that it considers necessary.

(8) An application is not considered filed until the applicant has submitted all fees required under 75-2-220 and all information and completed application forms required pursuant to subsections (2), (3), and (7) of this section. If the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(9) (a) Except as provided in 75-1-205(4) and 75-1-208(4)(b), if an application for a permit requires the preparation of an environmental impact statement under the Montana Environmental Policy Act, Title 75, chapter 1, parts 1 through 3, the department shall notify the applicant in writing of the approval or denial of the application ~~within:~~

(i) *within 180 days after the department's receipt of a filed application, as provided in subsection (8), ~~if the department prepares the environmental impact statement; if the department prepares the environmental impact statement;~~*

(ii) *within 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement; or*

(iii) *if the application is for a machine, equipment, a device, or a facility at an operation that requires a permit under Title 82, chapter 4, part 1, 2, or 3, within 30 days of issuance of the final environmental impact statement in accordance with time requirements of Title 82, chapter 4, part 1, 2, or 3.*

(b) If an application does not require the preparation of an environmental impact statement, is not subject to the provisions of 75-2-215, and is not subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant in writing within 60 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(c) If an application does not require the preparation of an environmental impact statement and is subject to the federal air permitting provisions of 42 U.S.C. 7475, 7503, or 7661, the department shall notify the applicant, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8), of its approval or denial of the application.

(d) Except as provided in subsection (9)(e), if an application does not require the preparation of an environmental impact statement and is subject to the provisions of 75-2-215, the department shall notify the applicant of its approval or denial of the application, in writing, within 75 days after its receipt of a filed application, as provided in subsection (8).

(e) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall prepare a single environmental review document pursuant to Title 75, chapter 1, for the permit required under this section and the license or permit required under 75-10-221 or 75-10-406 and act on the applications within the time period provided for in 75-2-215(3)(e).

(f) The time for notification may be extended for 30 days by written agreement of the department and the applicant. Additional 30-day extensions may be granted by the department upon the request of the applicant. Notification of approval or denial may be served personally or by certified mail on the applicant or the applicant's agent.

(g) Failure by the department to act in a timely manner does not constitute approval or denial of the application. This does not limit or abridge the right of any person to seek available judicial remedies to require the department to act in a timely manner.

(10) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request a hearing before the board. The request for hearing must be filed within 15 days after the department renders its decision and must include an affidavit setting forth the grounds for the request. The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing before the board under this subsection.

(11) (a) The department's decision on the application is not final until 15 days have elapsed from the date of the decision.

(b) The filing of a request for hearing does not stay the department's decision. However, the board may order a stay upon receipt of a petition and a finding, after notice and opportunity for hearing, that:

(i) the person requesting the stay is entitled to the relief demanded in the request for a hearing; or

(ii) continuation of the permit during the appeal would produce great or irreparable injury to the person requesting the stay.

(c) Upon granting a stay, the board may require a written undertaking to be given by the party requesting the stay for the payment of costs and damages incurred by the permit applicant and its employees if the board determines that the permit was properly issued. When requiring an undertaking, the board shall use the same procedures and limitations as are provided in 27-19-306(2) through (4) for undertakings on injunctions.

(12) The board shall provide, by rule, a period of 30 days in which the public may submit comments on draft air quality permits for applications that:

(a) are subject to the federal air quality permitting provisions of 42 U.S.C. 7475, 7503, or 7661;

(i) general permits covering multiple similar sources; or

(ii) other permits covering multiple similar sources.

(b) Rules adopted pursuant to subsection (13)(a) may provide for construction and operation under the permit upon authorization by the department or upon notice to the department."

“75-10-922. Study, evaluation, and report on proposed facility. (1)

After receipt of an application, the department shall within 90 days notify the applicant in writing that:

(a) the application is accepted as complete; or

(b) the application is not complete and list the deficiencies. Upon correction of these deficiencies and resubmission by the applicant, the department shall within 30 days notify the applicant in writing that the application is in compliance and is accepted as complete.

(2) Upon receipt of an application complying with 75-10-913, 75-10-914, and 75-10-916 through 75-10-922, the department shall commence an intensive study and evaluation of the proposed facility and its effects, considering all applicable criteria listed in 75-10-929. The department shall use, to the extent it considers applicable, valid and useful existing studies and reports submitted by the applicant or compiled by a state or federal agency.

(3) Except as provided in *75-1-205(4)* and *75-1-208(4)(b)*, within 1 year following acceptance of a complete application for a facility, the department shall make a report to the board that must contain the department's studies, evaluations, recommendations, other pertinent documents resulting from its study and evaluation, and an environmental impact statement or analysis prepared pursuant to the Montana Environmental Policy Act, Title 75, chapter 1, if applicable.”

Section 8. Section 75-20-201, MCA, is amended to read:

“75-20-201. Certificate required — operation in conformance — certificate for nuclear facility — applicability to federal facilities. (1)

Except for a facility under diligent onsite physical construction or in operation on January 1, 1973, a person may not commence to construct a facility in the state without first applying for and obtaining a certificate of compliance issued with respect to the facility by the department.

(2) A facility with respect to which a certificate is issued may not be constructed, operated, or maintained except in conformity with the certificate and any terms, conditions, and modifications contained within the certification.

(3) A certificate may only be issued pursuant to this chapter.

(4) If the department decides to issue a certificate for a nuclear facility, it shall report the recommendation to the applicant and may not issue the certificate until the recommendation is approved by a majority of the voters in a statewide election called by initiative or referendum according to the laws of this state.

(5) A person that proposes to construct an energy-related project that is not defined as a facility pursuant to 75-20-104(8) may petition the department to review the energy-related project under the provisions of this chapter.

A decision, opinion, order, certification, or permit, with or without conditions, must be made under those laws. Nevertheless, the department retains authority to make the determination required under 75-20-301(1)(c) or (3). The decision, opinion, order, certification, or permit must be used in the final site selection process. Prior to the issuance of a preliminary decision by the board and pursuant to rules adopted by the department, the department shall provide an opportunity for public review and comment.

(4) Except as provided in 75-1-205(4), 75-1-208(4)(b), and 75-20-231, within 9 months following acceptance of an application for a facility, the department shall issue a report that must contain the department’s studies, evaluations, recommendations, other pertinent documents resulting from its study and evaluation. An environmental impact statement or analysis prepared pursuant to the Montana Environmental Policy Act may be included in the department findings if compelling evidence indicates that adverse environmental impacts are likely to result due to the construction and operation of a proposed facility. If the application is for a combination of two or more facilities, the department shall issue its report within the greater of the lengths of time provided for in this subsection for either of the facilities.

(5) For projects subject to joint review by the department and a federal land management agency, the department’s certification decision may be timed to correspond to the record of decision issued by the participating federal agency.

(6) The departments of transportation; fish, wildlife, and parks; natural resources and conservation; revenue; and public service regulation shall report to the department information relating to the impact of the proposed site on each department’s area of expertise. The report may include opinions as to the advisability of granting, denying, or modifying the certificate. The department shall allocate funds obtained from filing fees to the departments making reports

to reimburse them for the costs of compiling information and issuing the required report.”

Section 10. Section 75-20-401, MCA, is amended to read:

“75-20-401. Additional requirements by other governmental agencies not permitted after issuance of certificate — exceptions — venue for challenging certificate issuance. (1) Notwithstanding any other law, a state or regional agency or municipality or other local government may not require any approval, consent, permit, certificate, or other condition for the construction, operation, or maintenance of a facility authorized by a certificate issued pursuant to this chapter, except that the department and board retain the authority that they have or may be granted to determine compliance of the proposed facility with state and federal standards and implementation plans for air and water quality and to enforce those standards.

(2) This chapter does not prevent the application of state laws for the protection of employees engaged in the construction, operation, or maintenance of a facility.

(3) A judicial challenge to a certificate issued pursuant to this chapter by a party other than the certificate holder or applicant must include the party to whom the certificate was issued as provided in this chapter unless otherwise agreed to by the certificate holder or applicant. All judicial challenges of certificates for projects with a project cost, as determined ~~under 75-1-203 by the court~~, of more than \$1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.

(4) An action to challenge the issuance of a certificate pursuant to this chapter must be brought in the county in which the activity authorized by the certificate will occur. If an activity will occur in more than one county, the action may be brought in any of the counties in which the activity will occur.”

Section 11. Section 75-20-406, MCA, is amended to read:

“75-20-406. Judicial review of board decisions. (1) A person aggrieved by the final decision of the board on an application for a certificate may obtain judicial review of that decision by the filing of a petition in a state district court of competent jurisdiction. A challenge to the issuance of a certificate must be brought in the county in which the activity authorized by the certificate will occur. If an activity will occur in more than one county, the action may be brought in any of the counties in which the activity will occur.

(2) The judicial review procedure is the procedure for contested cases under the Montana Administrative Procedure Act.

(3) A judicial challenge to a certificate issued pursuant to this chapter by a party other than the certificate holder or applicant must include the party to whom the certificate was issued as provided in this chapter unless otherwise agreed to by the certificate holder or applicant. All judicial challenges of certificates for projects with a project cost, as determined ~~under 75-1-203 by the court~~, of more than \$1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.”

Section 12. Section 76-4-125, MCA, is amended to read:

“76-4-125. Review of subdivision application — land divisions excluded from review. (1) Except as provided in subsection (2), an application for review of a subdivision must be submitted to the reviewing authority. The review by the reviewing authority must be as follows:

(a) At any time after the developer has submitted an application under the Montana Subdivision and Platting Act, the developer shall present a subdivision application to the reviewing authority. The application must include preliminary plans and specifications for the proposed development, whatever information the developer feels necessary for its subsequent review, and information required by the reviewing authority. Subdivision fees assessed by the reviewing authority must accompany the application. If the proposed development includes onsite sewage disposal facilities, the developer shall notify the designated agent of the local board of health prior to presenting the subdivision application to the reviewing authority. The agent may conduct a preliminary site assessment to determine whether the site meets applicable state and local requirements.

(b) Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall make a final decision on the proposed subdivision within 60 days after the submission of a complete application and payment of fees to the reviewing authority unless an environmental impact statement is required, at which time this deadline may be increased to 120 days. The reviewing authority may not request additional information for the purpose of extending the time allowed for a review and final decision on the proposed subdivision. If the department approves the subdivision, the department shall issue a certificate of subdivision approval indicating that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction.

(2) A subdivision excluded from the provisions of chapter 3 must be submitted for review according to the provisions of this part, except that the following divisions or parcels, unless the exclusions are used to evade the provisions of this part, are not subject to review:

(a) the exclusions cited in 76-3-201 and 76-3-204;

(b) divisions made for the purpose of acquiring additional land to become part of an approved parcel, provided that water or sewage disposal facilities may not be constructed on the additional acquired parcel and that the division does not fall within a previously platted or approved subdivision;

(c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule;

(d) divisions located within jurisdictional areas that have adopted growth policies pursuant to chapter 1 or within first-class or second-class municipalities for which the governing body certifies, pursuant to 76-4-127, that adequate storm water drainage and adequate municipal facilities will be provided; and

(e) subject to the provisions of subsection (3), a remainder of an original tract created by segregating a parcel from the tract for purposes of transfer if:

(i) the remainder is served by a public or multiple-user sewage system approved before January 1, 1997, pursuant to local regulations or this chapter; or

(ii) the remainder is 1 acre or larger and has an individual sewage system that was constructed prior to April 29, 1993, and, if required when installed, was approved pursuant to local regulations or this chapter.

(3) Consistent with the applicable provisions of 50-2-116(1)(i), a local health officer may require that, prior to the filing of a plat or a certificate of survey subject to review under this part for the parcel to be segregated from the remainder referenced in subsection (2)(e)(ii), the remainder include acreage or features sufficient to accommodate a replacement drainfield."

Section 13. Section 82-4-122, MCA, is amended to read:

"82-4-122. Application and approval of permit. (1) A person desiring a mine-site location permit shall file with the department an application that must contain a reclamation plan for any preparatory work and any other information the department considers necessary to determine if the proposed area to be affected by the operation is appropriate for the location of a new strip mine or a new underground mine. The department may require any information included in but not limited to an application for a strip-mining permit or underground-mining permit as required by part 2 of this chapter.

(2) Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall notify the applicant within 365 days of receipt of a complete application if the proposed site is an acceptable location for development of a new strip mine or a new underground mine. If the site is approved, the department shall issue the applicant a mine-site location permit. If the location is not approved, the department shall notify the applicant in writing, setting forth reasons why the location is not acceptable. The department shall also notify the applicant within 365 days of receipt of a complete application whether the proposed reclamation plan is or is not acceptable. If the plan is not acceptable, the department shall set forth the reasons for nonacceptance of the plan. It may propose modifications, delete areas, or reject the entire plan."

Section 14. Section 82-4-231, MCA, is amended to read:

"82-4-231. Submission of and action on reclamation plan. (1) As rapidly, completely, and effectively as the most modern technology and the most advanced state of the art will allow, each operator granted a permit under this part shall reclaim and revegetate the land affected by the operation, except that underground tunnels, shafts, or other subsurface excavations need not be revegetated. Under the provisions of this part and rules adopted by the board, an operator shall prepare and carry out a method of operation, a plan of grading, backfilling, highwall reduction, subsidence stabilization, water control, and topsoiling and a reclamation plan for the area of land affected by the operation. In developing a method of operation and plans of grading, backfilling, highwall reduction, subsidence stabilization, water control, topsoiling, and reclamation, all measures must be taken to eliminate damages to landowners and members of the public, their real and personal property, public roads, streams, and all other public property from soil erosion, subsidence, landslides, water pollution, and hazards dangerous to life and property.

(2) The reclamation plan must set forth in detail the manner in which the applicant intends to comply with 82-4-232 through 82-4-234 and this section and the steps to be taken to comply with applicable air and water quality laws and rules and any applicable health and safety standards.

(3) The application for permit or major revision of a permit, which must contain the reclamation plan, must be submitted to the department.

(4) The department shall determine whether the application is administratively complete. An application is administratively complete if it contains information addressing each application requirement in 82-4-222 and

the rules implementing that section and all information necessary to initiate processing and public review. The department shall notify the applicant in writing of its determination no later than 90 days after submittal of the application. If the department determines that the application is not administratively complete, it shall specify in the notice those items that the application must address. The application is presumed administratively complete as to those requirements not specified in the notice.

(5) If the department determines that an environmental impact statement on the application is required, it shall notify the applicant in writing at the same time it gives the applicant notice pursuant to subsection (4).

(6) After the applicant receives notice that the application is administratively complete, the applicant shall publish notice of filing of the application once a week for 4 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. The department shall notify various local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies in the locality in which the proposed mining will take place of the application and provide a reasonable time for them to submit written comments. Any person having an interest that is or may be adversely affected or the officer or head of any federal, state, or local governmental agency or authority may file written objections to the proposed initial or revised application for permit or major revision within 30 days of the applicant's published notice. If written objections are filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 30 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons for its decision within 60 days of the informal conference. The department may arrange with the applicant upon request by any party to the administrative proceeding for access to the proposed mining area for the purpose of gathering information relevant to the proceeding.

(7) The filing of written objections or a request for an informal conference may not preclude the department from proceeding with its review of the application as specified in subsection (8).

(8) (a) The department shall review each administratively complete application and determine the acceptability of the application. During the review, the department may propose modifications to the application or delete areas from the application in accordance with the requirements of 82-4-227. A complete application is considered acceptable when the application is in compliance with all of the applicable requirements of this part and the regulatory program pursuant to this part.

(b) If the applicant significantly modifies the application after the application has been determined administratively complete in accordance with subsection (4), the department shall under this section either deny the application or conduct a new review, including an administrative completeness determination, public notice, and objection period.

(c) If an environmental impact statement is determined to be necessary prior to making a permit decision, the department shall complete and publish the final environmental impact statement at least 15 days prior to the date of issuance of the written findings pursuant to subsection (8)(f).

(d) Except as provided in 75-1-205(4) and 75-1-208(4)(b), within 120 days after it determines that an application is administratively complete, the

department shall notify the applicant in writing whether the application is or is not acceptable. If the application is not acceptable, the department shall set forth the reasons why it is not acceptable, and it may propose modifications, delete areas, or reject the entire application. All items not specified as unacceptable in the department's notification are presumed to be acceptable. Except as provided in 75-1-208(4)(b), if the applicant revises the application in response to a notice of unacceptability, the department shall review the revised application and notify the applicant in writing within 120 days of the date of receipt whether the revised application is acceptable. If the revision constitutes a significant modification under subsection (8)(b), the department shall conduct a new review, beginning with an administrative completeness determination.

(e) When the application is determined to be acceptable, the department shall publish notice of its determination once a week for 2 consecutive weeks in a newspaper of general circulation in the locality of the proposed operation. Any person having an interest that is or may be adversely affected may file a written objection to the determination within 10 days of the department's last published notice. If a written objection is filed and an objector requests an informal conference, the department shall hold an informal conference in the locality of the proposed operation within 20 days of receipt of the request. The department shall notify the applicant and all parties to the informal conference of its decision and the reasons for the decision within 10 days of the informal conference.

(f) Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall prepare written findings granting or denying the permit or major revision application in whole or in part not later than 45 days from the date the application is determined acceptable. However, if lands subject to the federal lands program are included in the application for permit or major revision, the department shall prepare and submit written findings to the federal regulatory authority. If the department's decision is to grant the permit, the department shall issue the permit on the date of its written finding or, if any federal concurrence is necessary, on the date when the concurrence is obtained. If the application is denied, specific reasons for the denial must be set forth in the written notification to the applicant.

(g) If the department fails to act within the times specified in this subsection (8), it shall immediately notify the board in writing of its failure to comply and the reasons for the failure to comply.

(9) The applicant, a landowner, or any person with an interest that is or may be adversely affected by the department's permit decision may within 30 days of that decision submit a written notice requesting a hearing. The notice must contain the grounds upon which the requester contends that the decision is in error. The hearing must be held within 30 days of the request. For purposes of a hearing, the department may order site inspections of the area pertinent to the application. The department shall within 20 days of the hearing notify the person who requested the hearing, by certified mail, and all other persons, by regular mail, of the findings and decisions. A person who presided at the informal conference may not preside at the hearing or participate in the decision.

(10) In addition to the method of operation, grading, backfilling, highwall reduction, subsidence stabilization, water control, topsoiling, and reclamation requirements of this part and rules adopted under this part, the operator, consistent with the directives of subsection (1), shall:

(a) bury under adequate fill all toxic materials, shale, mineral, or any other material determined by the department to be acid-producing, toxic, undesirable, or creating a hazard;

(b) as directed by rules, seal off tunnels, shafts, or other openings or any breakthrough of water creating a hazard;

(c) impound, drain, or treat all runoff or underground mine waters so as to reduce soil erosion, damage to grazing and agricultural lands, and pollution of surface and subsurface waters;

(d) remove or bury all metal, lumber, and other refuse resulting from the operation;

(e) use explosives in connection with the operation only in accordance with department regulations designed to minimize noise, damage to adjacent lands, and water pollution and ensure public safety and for other purposes;

(f) adopt measures to prevent land subsidence unless the department approves a plan for inducing subsidence into an abandoned operation in a predictable and controlled manner, with measures for grading, topsoiling, and revegetating the subsided land surface. In order for a controlled subsidence plan to be approved, the applicant is required to show that subsidence will not cause a direct or indirect hazard to any public or private buildings, roads, facilities, or use areas, constitute a hazard to human life or health or to domestic livestock or a viable agricultural operation, or violate any other restrictions the department may consider necessary.

(g) stockpile and protect from erosion all mining and processing wastes until these wastes can be disposed of according to the provisions of this part;

(h) deposit as much stockpiled waste material as possible back into the mine voids upon abandonment in a manner that will prevent or minimize land subsidence. The remaining waste material must be disposed of as provided by this part and the rules of the board.

(i) seal all portals, entryways, drifts, shafts, or other openings between the surface and underground mine workings when no longer needed;

(j) to the extent possible using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values and achieve enhancement of those resources when practicable;

(k) minimize the disturbances to the prevailing hydrologic balance at the mine site and in adjacent areas and to the quality and quantity of water in surface water and ground water systems both during and after strip- or underground-coal-mining operations and during reclamation as necessary to support postmining land uses and to prevent material damage to the hydrologic balance in the adjacent area by:

(i) avoiding acid or other toxic mine drainage by measures including but not limited to:

(A) preventing or removing water from contact with toxic-producing deposits;

(B) treating drainage to reduce toxic content that adversely affects downstream water upon being released to watercourses;

(C) casing, sealing, or otherwise managing boreholes, shafts, and wells and keeping acid or other toxic drainage from entering ground and surface waters;

(ii) (A) conducting strip- or underground-mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but the contributions may not be in excess of requirements set by applicable state or federal law;

(B) constructing any siltation structures pursuant to subsection (10)(k)(ii)(A) prior to commencement of strip- or underground-mining operations, with the structures to be certified by a qualified registered engineer and to be constructed as designed and as approved in the reclamation plan;

(iii) cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized and depositing the silt and debris at a site and in a manner approved by the department;

(iv) restoring recharge capacity of the mined area to approximate premining conditions;

(v) avoiding channel deepening or enlargement in operations that requires the discharge of water from mines;

(vi) preserving throughout the mining and reclamation process the essential hydrologic functions of alluvial valley floors in the arid and semiarid areas of the country;

(vii) designing and constructing reclaimed channels of intermittent streams and perennial streams to ensure long-term stability; and

(viii) any other actions that the department may prescribe to protect the hydrologic balance as necessary to support postmining land uses within the area affected and to prevent material damage to the hydrologic balance in adjacent areas;

(l) conduct strip- or underground-mine operations in accordance with the approved coal conservation plan;

(m) stabilize and protect all surface areas, including spoil piles, to effectively control air pollution;

(n) seal all auger holes with an impervious and noncombustible material in order to prevent drainage except when the department determines that the resulting impoundment of water in the auger holes may create a hazard to the environment or the public health and safety;

(o) develop contingency plans to prevent sustained combustion;

(p) refrain from construction of roads or other access ways up a streambed or drainage channel or in proximity to the channel so as to seriously alter the normal flow of water;

(q) meet other criteria that are necessary to achieve reclamation in accordance with the purposes of this part, taking into consideration the physical, climatological, and other characteristics of the site;

(r) with regard to underground mines, eliminate fire hazards and otherwise eliminate conditions that constitute a hazard to health and safety of the public;

(s) locate openings for all new drift mines working acid-producing or iron-producing coal seams in a manner that prevents a gravity discharge of water from the mine.

(11) An operator may not throw, dump, pile, or permit the throwing, dumping, or piling or otherwise placing of any overburden, stones, rocks, mineral, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land that is under permit and for which a bond has been posted under 82-4-223 or place the materials described in this section in a way that normal erosion or slides brought about by natural physical causes will permit the materials to go beyond or outside of that area of land. An operator shall conduct the strip- or underground-mining operation in a manner that protects areas outside the permit area. (Certain 2003 amendments void on occurrence of contingency—sec. 15, Ch. 204, L. 2003.)”

Section 15. Section 82-4-337, MCA, is amended to read:

“82-4-337. Inspection — issuance of operating permit — modification, amendment, or revision. (1) (a) The department shall review all applications for operating permits for completeness within 60 days of receipt of the initial application and within 30 days of receipt of responses to notices of deficiencies. The initial completeness notice must note all deficiency issues, and the department may not in a later completeness notice raise an issue pertaining to the initial application that was not raised in the initial notice. The department may, however, raise any deficiency during the adequacy review pursuant to subsection (1)(b). The department shall notify the applicant concerning completeness as soon as possible. An application is considered complete unless the applicant is notified of any deficiencies within the appropriate review period.

(b) Except as provided in 75-1-205(4) and 75-1-208(4)(b), unless the review period is extended as provided in this section, the department shall review the adequacy of the proposed reclamation plan and plan of operation within 30 days of the determination that the application is complete or within 60 days of receipt of the application if the department does not notify the applicant of any deficiencies in the application. If the applicant is not notified of deficiencies or inadequacies in the proposed reclamation plan and plan of operation within the time period, the operating permit must be issued upon receipt of the bond as required in 82-4-338 and pursuant to the requirements of subsection (1)(c). The department shall promptly notify the applicant of the form and amount of bond that will be required.

(c) A permit may not be issued until:

- (i) sufficient bond has been submitted pursuant to 82-4-338;
- (ii) the information and certification have been submitted pursuant to 82-4-335(9); and
- (iii) the department has found that permit issuance is not prohibited by 82-4-335(8) or 82-4-341(7).

(d) (i) Prior to issuance of a permit, the department shall inspect the site unless the department has failed to act on the application within the time prescribed in subsection (1)(b). If the site is not accessible because of extended adverse weather conditions, the department may extend the time period prescribed in subsection (1)(b) by not more than 180 days to allow inspection of the site and reasonable review. The department shall serve written notice of extension upon the applicant in person or by certified mail, and any extension is subject to appeal to the board in accordance with the Montana Administrative Procedure Act.

(ii) Except as provided in 75-1-208(4)(b), if the department determines that additional time is needed for analysis to determine whether a detailed environmental impact statement is necessary under 75-1-201, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 75 days to permit reasonable analysis. The applicant may by written waiver extend this period.

(iii) Except as provided in 75-1-208(4)(b), if the department determines that additional time is needed to review the application and reclamation plan for a major operation, the department and the applicant shall negotiate to extend the period prescribed in subsection (1)(b) by not more than 365 days in order to permit reasonable review. The applicant may by written waiver extend this time period.

(iv) If the department decides to hire a third-party contractor to prepare an environmental impact statement on the application, the department shall prepare a list of no fewer than four contractors acceptable to the department and shall provide the applicant with a copy of the list. The applicant shall provide the department with a list of at least 50% of the contractors from the department's list. The department shall select its contractor from the list provided by the applicant.

(v) Failure of the department to act upon a complete application within the extension period constitutes approval of the application, and the permit must be issued promptly upon receipt of the bond as required in 82-4-338.

(2) The operating permit must be granted for the period required to complete the operation and is valid until the operation authorized by the permit is completed or abandoned unless the permit is suspended or revoked by the department as provided in this part.

(3) The operating permit must provide that the reclamation plan may be modified by the department, upon proper application of the permittee or after timely notice and opportunity for hearing, at any time during the term of the permit and for any of the following reasons:

(a) to modify the requirements so that they will not conflict with existing laws;

(b) when the previously adopted reclamation plan is impossible or impracticable to implement and maintain;

(c) when significant environmental problem situations are revealed by field inspection.

(4) (a) The modification of an operating permit may be a major or minor permit amendment or a permit revision. A modification of the operating permit, including a modification necessary to conform to the requirements of existing law as interpreted by a court of competent jurisdiction, must be processed in accordance with the procedures for an application for a permit amendment or revision that are established pursuant to 82-4-342 and this section, including any environmental analysis required by Title 75, chapter 1, part 2.

(b) The modification of an operating permit may not be finalized and an existing bond amount may not be increased until the permit modification procedures and analysis described in subsection (4)(a) are completed.

(5) During the term of an operating permit, an operator may apply for an amendment or revision to the permit. The operator may not apply for an amendment to delete disturbed acreage from the permit.

(6) Applications for major amendments must be processed in the same manner as applications for new permits.

(7) Major amendments are those that may significantly affect the environment. Minor amendments are those that will not significantly affect the environment. The board may by rule establish criteria for classification of amendments as major or minor. The rules must establish requirements for the content of applications for amendments and revisions and procedures for processing of minor amendments.

(8) If the department demonstrates that a revision may result in a significant environmental impact that was not previously and substantially evaluated in an environmental impact statement, the application must be processed in the same manner as is provided for new permits. Except as provided in 75-1-208(4)(b), applications for minor amendments and other revisions must be processed within 30 days of receipt of an application.”

Section 16. Section 82-4-349, MCA, is amended to read:

“82-4-349. Limitations of actions — venue. (1) Legal actions seeking review of a department decision granting or denying an exploration license or operating permit issued under this part must be filed within 90 days after the decision is made. Summons must be issued and process served on all defendants within 60 days after the action is filed.

(2) An action to challenge the issuance of a license or permit pursuant to this part must be brought in the county in which the exploration or permitted activity is proposed to occur. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the exploration or activity is proposed to occur.

(3) A judicial challenge to an exploration license or operating permit issued pursuant to this part by a party other than the license or permit holder or applicant must include the party to whom the license or permit was issued unless otherwise agreed to by the license or permit holder or applicant. All judicial challenges of licenses or permits for projects with a project cost, as determined ~~under 75-1-203~~ *by the court*, of more than \$1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action.”

Section 17. Section 82-4-427, MCA, is amended to read:

“82-4-427. Hearing — appeal — venue. (1) A person who is aggrieved by a final decision of the department under this part is entitled to a hearing before the board, if a written request is submitted to the board within 30 days of the department’s decision.

(2) The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, apply to a hearing held under this section.

(3) An action to challenge the issuance of a permit pursuant to this section must be brought in the county in which the permitted activity is proposed to occur. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the activity is proposed to occur.

(4) A judicial challenge to a permit issued pursuant to this part by a party other than the permit holder or applicant must include the party to whom the

permit was issued unless otherwise agreed to by the permit holder or applicant. All judicial challenges of permits for projects with a project cost, as determined ~~under 75-1-203 by the court~~, of more than \$1 million must have precedence over any civil cause of a different nature pending in that court. If the court determines that the challenge was without merit or was for an improper purpose, such as to harass, to cause unnecessary delay, or to impose needless or increased cost in litigation, the court may award attorney fees and costs incurred in defending the action."

Section 18. Section 82-4-436, MCA, is amended to read:

"82-4-436. Plan amendments — venue. (1) Unless an amendment to a plan of operation, reclamation plan, or other permit is proposed by the operator, the department may modify only the terms of a plan or permit in compliance with this section.

(2) If the department believes, based on credible evidence, that continued operation under the terms of an existing plan or permit would violate a substantive numerical or narrative state standard or regulation or otherwise violate a purpose of this part, it may propose to the operator an amendment to the plan or permit.

(3) The department shall notify the operator of the proposed amendment in writing. The notice must include:

- (a) an identification of the existing plan or permit;
- (b) the justification for the amendment, including all test results or other credible evidence that the department relied on in proposing the amendment; and
- (c) the text of the proposed amendment.

(4) The operator may, within 15 days of receipt of the department's amendment notice, request a review of the amendment by the department director. The amendment is not effective or enforceable until 15 days following the issuance of the department's amendment notice or until after the department director affirms or modifies the amendment if a review by the director is requested. A decision by the department director is subject to the contested case provisions of the Montana Administrative Procedure Act, provided for in Title 2, chapter 4, parts 6 and 7.

(5) If the operator does not appeal the proposed amendment, the amendment becomes effective and enforceable 15 days after the operator receives the notification.

(6) An action to challenge the issuance of an amendment pursuant to this section must be brought in the county in which the activity is proposed to occur. If an activity is proposed to occur in more than one county, the action may be brought in any of the counties in which the activity is proposed to occur.

The bonds do not constitute and may not be included as an indebtedness or liability of the district for purposes of any statutory debt limitation but are subject to the limitations of this section.

(3) Bonds may be issued under this section only if:

(a) the bonds are issued in the principal amounts and on terms that stipulate that the amount of principal and interest due in any fiscal year on the bonds and any other revenue or special assessment bonds of the district and issued under this section do not exceed the amount of the revenue or special assessment pledged to the payment of the bonds and received in that fiscal year as estimated by the board of directors of the district in the resolution authorizing the issuance of the bonds; and

(b) the final maturity of the bonds is not later than 40 years after the date of issuance of the bonds or the useful life of the project financed from the proceeds of the bonds, as determined by the board of directors.

Section 13. Establishment of subdistricts. (1) The board of directors may establish one or more subdistricts within a district to provide for and finance the cost of water or sewer projects, improvements, or extensions that would benefit land in the subdistrict but not other land in the district. Before establishing a subdistrict, the board shall conduct a public hearing on the establishment of the proposed subdistrict after 10 days' notice published in a newspaper of general circulation in the district. The notice of public hearing must contain a description of the subdistrict and the proposed water or sewer project and its estimated cost. After the public hearing, the board of directors may, by resolution, establish the subdistrict if it finds that it is in the best interests of the owners of the land in the subdistrict and the district wishing to establish the subdistrict, that the subdistrict constitutes all land in the district benefited by the proposed water or sewer project, and that the establishment of the subdistrict and the financing of water or sewer projects for the benefit of the

subdistrict will not violate any covenants of the district made with owners of outstanding bonds of the district.

(2) The board shall describe in the resolution establishing the subdistrict the land to be included in the subdistrict. The land does not need to be contiguous but must be located within the district and must constitute all of the land in the district benefited by the proposed water or sewer project.

(3) Following the establishment of a subdistrict, the board of directors may undertake and finance water or sewer projects, improvements, or extensions that benefit land in the subdistrict but not other land in the district, as provided in Title 7, chapter 13, parts 22 and 23, including but not limited to the incurrence of bonded indebtedness to finance costs and the levy of special assessments or the imposition of rates and charges, all subject to any covenants made with owners of outstanding bonds of the district. If general obligation bonds are to be issued to finance the costs of the projects, the subdistrict must be treated as the district for the purposes of 7-13-2331.

(4) The powers granted in this section are supplementary to the powers otherwise granted to county water and sewer districts.

Section 14. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

[HB 684]

AN ACT EXEMPTING VEHICLES TRAVELING ON U.S. HIGHWAY 93 WITHIN 10 MILES OF THE BORDER BETWEEN MONTANA AND CANADA FROM THE WEIGHT LIMITS DETERMINED BY THE FEDERAL BRIDGE FORMULA; VOIDING THE ACT IF THE EXEMPTION WOULD RESULT IN A SANCTION OF FEDERAL HIGHWAY FUNDS; AND AMENDING SECTION 61-10-107, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-107, MCA, is amended to read:

“61-10-107. Maximum gross weight. (1) (a) An axle may not carry a load in excess of 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart may carry a load in excess of 34,000 pounds. An axle load is the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle. For purposes of this section, axles 40 inches or less apart are considered to be a single axle. ~~The~~ *Except as provided in subsection (1)(b), the* maximum gross weight allowed on a vehicle, group of axles, or combination of vehicles must be determined by the formula:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

in which W equals gross weight, L equals wheel base in feet, and N equals number of axles, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more. The maximum gross weight allowed on a vehicle may not exceed the weight limits adopted by the department. The department shall adopt rules for weight limits based upon the most recent version of 23 CFR, part 658, appendix c, for vehicles operating in Montana.

(b) *A vehicle traveling on U.S. highway 93 from the border between Canada and the United States to 10 miles south of the border is subject to the specific maximum allowable gross weight limit provided in rules adopted by the department but is not subject to maximum gross weight limits determined by the formula in subsection (1)(a).*

(2) (a) Notwithstanding a vehicle's conformance with the requirements of subsection (1), except for the steering axle, all axles weighing over 11,000 pounds must have at least four tires or have wide-base tires. The maximum load on an axle, other than a steering axle, equipped with wide-base tires is limited to 500 pounds for each inch of tire width.

(b) The provisions of subsection (2)(a) do not apply to passenger buses.

(c) For the purposes of this section, wide-base tires are tires that are 14 or more inches in nominal width. The maximum tire weight limit is computed for wide-base tires based on the number of inches shown on the tire marking, or if the tire marking is shown by metric size, the tire weight limit is computed by conversion of the metric size.

(3) This section does not apply to highways that are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes."

Section 2. Contingent voidness. (1) If the department of transportation is notified by the federal highway administration that the exemption provided in [section 1(1)(b)] would result in a sanction of federal highway funds, [this act] is void.

(2) The department of transportation shall notify the code commissioner if it receives notification from the federal highway administration, as provided in subsection (1), and shall indicate the date that notification was received.

[HB 772]

AN ACT CREATING THE CATASTROPHICALLY INJURED WORKER'S TRAVEL ASSISTANCE ACT; ESTABLISHING A PROGRAM TO MATCH FUNDS RAISED BY NONPROFIT ORGANIZATIONS WITH UP TO \$2,500

FROM INSURERS TO ASSIST CATASTROPHICALLY INJURED WORKERS; PROVIDING THAT THE DEPARTMENT OF LABOR AND INDUSTRY SHALL ADMINISTER THE PROGRAM; PROVIDING RULEMAKING AUTHORITY; PROVIDING AN APPROPRIATION; AMENDING SECTION 39-71-704, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 4] may be cited as the “Catastrophically Injured Worker’s Travel Assistance Act”.

Section 2. Purpose and intent. The purpose of [sections 1 through 4] is to assist catastrophically injured workers and their families by providing that funds raised by community service organizations may be matched with funds from insurers to help the workers and their families defray the costs of travel and lodging expenses incurred by family members or, if a family member is unavailable, by a person designated by the injured worker or approved by the insurer when traveling to be with the worker.

Section 3. Definitions. As used in [sections 1 through 4], the following definitions apply:

(1) “Catastrophically injured” means a physical injury or occupational disease incurred by a worker to the extent that treatment for the injury or occupational disease:

(a) requires inpatient care for at least 21 consecutive days in a hospital or rehabilitation center that is in Montana but that is more than 100 miles from the worker’s place of residence; or

(b) requires inpatient care for at least 21 consecutive days in a hospital or rehabilitation center that is located outside Montana; and

(c) occurs within 90 days of the accident or events causing the worker to be catastrophically injured.

(2) “Community service organization” means a community-based, nonprofit, tax-exempt organization under section 501(c)(3) of the Internal Revenue Code that raises money to assist the catastrophically injured worker.

(3) “Worker” has the meaning as provided in 39-71-118.

Section 4. Catastrophically injured worker’s travel assistance program — rulemaking authority. (1) Pursuant to subsection (3), the department of labor and industry shall establish criteria to certify that the funds raised by community service organizations are eligible for matching funds from an insurer.

(2) Money raised by community service organizations to pay travel expenses for a catastrophically injured worker pursuant to this section may not be used by community service organizations to require matching funds by an insurer in an amount greater than \$2,500 for each catastrophic injury.

(3) The department shall adopt rules to administer 39-71-704 and this section.

Section 5. Section 39-71-704, MCA, is amended to read:

“39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate

and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department. Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a medical provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment was required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker's family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed \$2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

~~(f)~~ Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the benefits provided for in this section terminate when they are not used for a period of 60 consecutive months.

~~(f)~~(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under subsection ~~(1)(f)~~ (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

~~(g)~~(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) The department shall annually establish a schedule of fees for medical services not provided at a hospital that are necessary for the treatment of injured workers. Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule.

(3) (a) The department shall establish rates for hospital services necessary for the treatment of injured workers.

(b) Except as provided in subsection (3)(g), rates for services provided at a hospital must be the greater of:

(i) 69% of the hospital's January 1, 1997, usual and customary charges; or

(ii) the discount factor established by the department that was in effect on June 30, 1997, for the hospital. The discount factor for a hospital formed by the merger of two or more existing hospitals is computed by using the weighted average of the discount factors in effect at the time of the merger.

(c) Except as provided in subsection (3)(g), the department shall adjust hospital discount factors so that the rate of payment does not exceed the annual percentage increase in the state's average weekly wage, as defined in 39-71-116.

(d) The department may establish a fee schedule for hospital outpatient services rendered. The fee schedule must, in the aggregate, provide for fees that are equal to the statewide average discount factors paid to hospitals to provide the same or equivalent procedure to workers' compensation hospital outpatients.

(e) The discount factors established by the department pursuant to this subsection (3) may not be less than medicaid reimbursement rates.

(f) For services available in Montana, insurers are not required to pay facilities located outside Montana rates that are greater than those allowed for services delivered in Montana.

(g) For a hospital licensed as a medical assistance facility or a critical access hospital pursuant to Title 50, chapter 5, the rate for services is the hospital's usual and customary charge. Fees paid to a hospital licensed as a medical assistance facility are not subject to the limitation provided in subsection (4).

(4) The percentage increase in medical costs payable under this chapter may not exceed the annual percentage increase in the state's average weekly wage, as defined in 39-71-116.

(5) Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

(6) Disputes between an insurer and a medical service provider regarding the amount of a fee for medical services must be resolved by a hearing before the department upon written application of a party to the dispute.

(7) (a) After the initial visit, the worker is responsible for \$25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(b) "Visit", as used in this subsection (7), means each time that the worker obtains services relating to a compensable injury or occupational disease from:

- (i) a treating physician;
- (ii) a physical therapist;
- (iii) a psychologist; or
- (iv) hospital outpatient services available in a nonhospital setting.

(c) A worker is not responsible for the cost of a subsequent visit pursuant to subsection (7)(a) if the visit is for treatment requested by an insurer."

Section 6. Appropriation. There is appropriated \$1,000 from the worker's compensation administration fund to the department of labor and industry for the biennium ending June 30, 2007, to produce information to notify appropriate agencies and groups of the financial assistance available to catastrophically injured workers under the Catastrophically Injured Worker's Travel Assistance Act.

Section 7. Codification instruction. [Sections 1 through 4] are intended to be codified as an integral part of Title 39, and the provisions of Title 39 apply to [sections 1 through 4].

(2) (a) Except as provided in subsection (2)(c), proceedings for review must be instituted by filing a petition in district court within 30 days after service of the final *written* decision of the agency or, if a rehearing is requested, within 30 days after the *written* decision is rendered. (c) If a petition for review is filed pursuant to 33-16-1012(2)(c), the workers’ compensation court, rather than the district court, has jurisdiction and the provisions of this part apply to the workers’ compensation court in the same manner as the provisions of this part apply to the district court.

The agency may grant or the reviewing court may order a stay upon terms that it considers proper, following notice to the affected parties and an opportunity for hearing. A stay may be issued without notice only if the provisions of 27-19-315, ~~27-19-316, and~~ through 27-19-317 are met.

A separate notice to the court stating the statutory time deadline for a hearing must accompany any petition to which the time deadline applies.

(b) If a proceeding under this chapter involves an Indian child and is subject to the federal Indian Child Welfare Act, a qualified expert witness is required to testify that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

~~(b)~~(c) The court may grant an extension of time for a show cause hearing only upon a showing of substantial injustice and shall order an appropriate remedy that considers the best interests of the child.

(2) The person filing the petition has the burden of presenting evidence establishing probable cause for the issuance of an order for temporary investigative authority after the show cause hearing, except as provided by the federal Indian Child Welfare Act, if applicable.

(3) At the show cause hearing, the court may consider all evidence and shall provide an opportunity for a parent, guardian, or other person having physical or legal custody of the child to provide testimony. Hearsay evidence of statements made by the affected child is admissible at the hearing. The parent, guardian, or other person may be represented by legal counsel. The court may permit testimony by telephone, audiovisual means, or other electronic means.

(4) At the show cause hearing, the court shall explain the procedures to be followed in the case and explain the parties' rights, including the right to request appointment of counsel if indigent or if appointment of counsel is required under the federal Indian Child Welfare Act, if applicable, and the right to challenge the allegations contained in the petition. The parent, guardian, or other person having physical or legal custody of the child must be given the opportunity to admit or deny the allegations contained in the petition at the show cause hearing. Inquiry must be made to determine whether the notice requirements of the federal Indian Child Welfare Act, if applicable, have been met.

(5) The court shall make written findings on issues including but not limited to the following:

(a) whether the child should be returned home immediately if there has been an emergency removal or remain in temporary out-of-home care or be removed from the home;

(b) if removal is ordered or continuation of removal is ordered, why continuation of the child in the home would be contrary to the child's best interests and welfare;

(c) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child's home;

(d) financial support of the child, including inquiry into the financial ability of the parents, guardian, or other person having physical or legal custody of the child to contribute to the costs for the care, custody, and treatment of the child and requirements of a contribution for those costs pursuant to 41-3-446; and

(e) whether another hearing is needed and, if so, the date and time of the next hearing.

(8) If a child who has been removed from the child's home is not returned home after the show cause hearing or if removal is ordered, the parents or parent, guardian, or other person or agency having physical or legal custody of the child named in the petition may request that a citizen review board, if available pursuant to part 10 of this chapter, review the case within 30 days of the show cause hearing and make a recommendation to the district court, as provided in 41-3-1010.

(9) Adjudication of a child as a youth in need of care may be made at the show cause hearing if the requirements of 41-3-437(2) are met. If not made at the show cause hearing, adjudication under 41-3-437 must be made within the time limits required by 41-3-437 unless adjudication occurs earlier by stipulation of the parties pursuant to 41-3-434 and order of the court."

"41-3-437. Adjudication — temporary disposition — findings — order. (1) Upon the filing of an appropriate petition, an adjudicatory hearing must be held within 90 days of a show cause hearing under 41-3-432. Adjudication may take place at the show cause hearing if the requirements of subsection (2) are met or may be made by prior stipulation of the parties pursuant to 41-3-434 and order of the court. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays, stipulation by the parties pursuant to 41-3-434, and unforeseen personal emergencies.

(2) The court may make an adjudication on a petition under 41-3-422 if the court determines by a preponderance of the evidence, except as provided in the federal Indian Child Welfare Act, if applicable, that the child is a youth in need of care. Except as otherwise provided in this part, the Montana Rules of Civil Procedure and the Montana Rules of Evidence apply to adjudication and to an adjudicatory hearing. Adjudication must determine the nature of the abuse and neglect and establish facts that resulted in state intervention and upon which disposition, case work, court review, and possible termination are based.

(3) The court shall hear evidence regarding the residence of the child, paternity, if in question, the whereabouts of the parents, guardian, or nearest adult relative, and any other matters the court considers relevant in determining the status of the child. Hearsay evidence of statements made by the affected youth is admissible according to the Montana Rules of Evidence.

(4) In a case in which abandonment has been alleged by the county attorney, the attorney general, or an attorney hired by the county, the court shall hear offered evidence, including evidence offered by a person appearing pursuant to 41-3-422(9)(a) or (9)(b), regarding any of the following subjects:

(a) the extent to which the child has been cared for, nurtured, or supported by a person other than the child's parents; and

(b) whether the child was placed or allowed to remain by the parents with another person for the care of the child, and, if so, then the court shall accept evidence regarding:

(i) the intent of the parents in placing the child or allowing the child to remain with that person; and

(ii) the circumstances under which the child was placed or allowed to remain with that other person, including:

(A) whether a parent requesting return of the child was previously prevented from doing so as a result of an order issued pursuant to Title 40, chapter 15, part 2, or of a conviction pursuant to 45-5-206; and

(B) whether the child was originally placed with the other person to allow the parent to seek employment or attend school.

(5) In all civil and criminal proceedings relating to abuse or neglect, the privileges related to the examination or treatment of the child do not apply, except the attorney-client privilege granted by 26-1-803 and the mediation privilege granted by 26-1-813.

(6) (a) If the court determines that the child is not an abused or neglected child, the petition must be dismissed and any order made pursuant to 41-3-427 or 41-3-432 must be vacated.

(b) If the child is adjudicated a youth in need of care, the court shall set a date for a dispositional hearing to be conducted within 20 days, as provided in 41-3-438(2), and order any necessary or required investigations. The court may issue a temporary dispositional order pending the dispositional hearing. The temporary dispositional order may provide for any of the forms of relief listed in 41-3-427(2).

(7) (a) Before making an adjudication, the court may make oral findings, and following the adjudicatory hearing, the court shall make written findings on issues, including but not limited to the following:

(i) which allegations of the petition have been proved or admitted, if any;

(ii) whether there is a legal basis for continued court and department intervention; and

(iii) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child's home.

(b) The court may order:

(i) terms for visitation, support, and other intrafamily communication pending disposition if the child is to be placed or to remain in temporary out-of-home care prior to disposition;

(ii) examinations, evaluations, or counseling of the child or parents in preparation for the disposition hearing that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(iii) the department to evaluate the noncustodial parent or relatives as possible caretakers, if not already done;

(iv) the perpetrator of the alleged child abuse or neglect to be removed from the home to allow the child to remain in the home; and

(v) the department to continue efforts to notify noncustodial parents.

(8) If a proceeding under this chapter involves an Indian child and is subject to the federal Indian Child Welfare Act, a qualified expert witness is required to testify that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child."

Section 5. Section 41-3-609, MCA, is amended to read:

"41-3-609. Criteria for termination. (1) The court may order a termination of the parent-child legal relationship upon a finding established by clear and convincing evidence, except as provided in the federal Indian Child Welfare Act, if applicable, that any of the following circumstances exist:

(b) the child has been abandoned by the parents;

(c) the parent is convicted of a felony in which sexual intercourse occurred or is a minor adjudicated a delinquent youth because of an act that, if committed by an adult, would be a felony in which sexual intercourse occurred and, as a result of the sexual intercourse, the child is born;

(d) the parent has subjected a child to any of the circumstances listed in 41-3-423(2)(a) through (2)(e);

(e) the putative father meets any of the criteria listed in 41-3-423(3)(a) through (3)(c); or

(2) In determining whether the conduct or condition of the parents is unlikely to change within a reasonable time, the court shall enter a finding that continuation of the parent-child legal relationship will likely result in continued abuse or neglect or that the conduct or the condition of the parents renders the parents unfit, unable, or unwilling to give the child adequate parental care. In making the determinations, the court shall consider but is not limited to the following:

(a) emotional illness, mental illness, or mental deficiency of the parent of a duration or nature as to render the parent unlikely to care for the ongoing physical, mental, and emotional needs of the child within a reasonable time;

(b) a history of violent behavior by the parent;

(c) excessive use of intoxicating liquor or of a narcotic or dangerous drug that affects the parent's ability to care and provide for the child; and

(d) present judicially ordered long-term confinement of the parent.

(3) In considering any of the factors in subsection (2) in terminating the parent-child relationship, the court shall give primary consideration to the physical, mental, and emotional conditions and needs of the child.

(4) A treatment plan is not required under this part upon a finding by the court following hearing if:

(a) the parent meets the criteria of subsections (1)(a) through (1)(e);

(b) two medical doctors or clinical psychologists submit testimony that the parent cannot assume the role of parent within a reasonable time;

(c) the parent is or will be incarcerated for more than 1 year and reunification of the child with the parent is not in the best interests of the child because of the child's circumstances, including placement options, age, and developmental, cognitive, and psychological needs; or

(d) the death or serious bodily injury, as defined in 45-2-101, of a child caused by abuse or neglect by the parent has occurred.

(5) *If a proceeding under this chapter involves an Indian child and is subject to the federal Indian Child Welfare Act, a qualified expert witness is required to testify that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.*

Section 6. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

CHAPTER NO. 350

[SB 110]

AN ACT IMPLEMENTING CERTAIN RECOMMENDATIONS OF THE MONTANA PUBLIC HEALTH CARE REDESIGN PROJECT TO PROVIDE FOR IMPROVED COVERAGE OF THE HEALTH CARE AND RELATED NEEDS OF PARTICULAR GROUPS OF PERSONS; PROVIDING AUTHORITY FOR THE ESTABLISHMENT OF HEALTH INSURANCE FLEXIBILITY AND ACCOUNTABILITY DEMONSTRATION INITIATIVES AND OTHER DEMONSTRATION PROJECTS UPON APPROVAL OF WAIVER OF FEDERAL LAW; AMENDING SECTIONS 53-2-101 AND 53-4-601, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Montana public health care redesign project has studied health care and related services funded with state and federal money and has recommended the implementation of a set of measures to ensure that the expenditure of state and federal money more effectively benefits those citizens who are most in need of health care and other public assistance services; and

WHEREAS, the State of Montana has through the Montana public health care redesign project determined that the implementation of federally authorized health insurance flexibility and accountability (HIFA) demonstration initiatives or other demonstration projects under the waiver authority of section 1115 of Title XI of the Social Security Act, 42 U.S.C. 1315, is in the best interest of the citizens of Montana; and

WHEREAS, the section 1115 waiver is intended to foster more appropriate use of state general fund money and federal money in funding state-administered health care and related services; and

WHEREAS, the section 1115 waiver would allow for the expansion of coverage for children covered under Title XXI of the Social Security Act, 42 U.S.C. 1397aa, et seq., state children's health insurance program (CHIP), for the expansion of Medicaid coverage for children who cannot be covered through CHIP because of limits on enrollment, for the implementation of new programs of assistance to a significant number of persons in Montana who are chronically unable to obtain health insurance coverage, and for improvements in the funding for and delivery of certain health care services, such as prescription drugs and mental health services to specific populations.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-2-101, MCA, is amended to read:

"53-2-101. Definitions. Unless the context requires otherwise, in this chapter, the following definitions apply:

Section 2. Section 53-4-601, MCA, is amended to read:

"53-4-601. Demonstration project — purpose. (1) The department is authorized to administer a demonstration project pursuant to section 1115 of the Social Security Act, 42 U.S.C. 1315, to provide assistance under Title IV of that act, 42 U.S.C. 601, et seq., to families who are currently receiving, eligible for, or at risk of becoming eligible for financial assistance. This demonstration project may be cited as the families achieving independence in Montana (FAIM) project.

(2) The purpose of the demonstration project is to promote self-sufficiency and responsibility of participants by providing supports and incentives, such as child-care assistance, training, education, medical assistance, and resource referrals, and to make procedures and requirements less complex and more uniform in the financial assistance, food stamp, and medicaid programs.

(3) *The department is authorized, in accordance with the provisions of [section 3], to amend the demonstration project authorized under 53-6-101 and*

this part to expand the demonstration project to implement the purposes authorized in [section 3].”

Section 3. Social Security Act section 1115 waiver. (1) The department may pursue approval from the U.S. department of health and human services for implementation in Montana of a health insurance flexibility and accountability demonstration initiative and other demonstration projects through section 1115 waivers.

(2) The department may implement a demonstration project upon approval of a section 1115 waiver by the U.S. department of health and human services. The department may:

(a) coordinate a demonstration project with a program approved through a section 1915 waiver; or

(b) terminate and subsume in a new section 1115 waiver an existing managed care or access program approved through a section 1915(b) waiver, an optional state plan medicaid service authorized under 53-6-101, an optional state plan eligibility group authorized under 53-6-131, or an existing program approved by a section 1115 waiver, inclusive of the demonstration program authorized by 53-4-202 and Title 53, chapter 4, part 6, that is administered by the department.

(3) The department may amend the existing section 1115 demonstration project authorized in 53-4-601 and 53-6-101 to expand the demonstration project to implement the purposes of this section.

(4) The department may initiate and administer section 1115 waivers to more efficiently apply available state general fund money, other available state and local public and private funding, and federal money to the development and maintenance of medicaid-funded programs of health services and of other public assistance services and to structure those programs or services for more efficient and effective delivery to specific populations.

(5) (a) In establishing programs or services in a demonstration project approved through a section 1115 waiver, the department shall administer the expenditures under each demonstration project within the state spending authority that is available for that demonstration project. The department may limit enrollments in each program within a demonstration project, reduce the per capita expenditures available to enrollees, and modify and reduce the types and amounts of services available through each program when the department determines that expenditures can be reasonably expected to exceed the available state spending authority.

(b) The department shall develop a contingency plan if there is a spending cap as a condition of the waiver and the spending cap is exceeded. The contingency plan must address the effects on new programs, services, or eligibility groups.

(6) The department may coordinate the state children's health insurance program authorized under Title 53, chapter 4, part 10, with a section 1115 waiver for the purpose of increasing the state funding match available under the waiver and expanding the number of participants in the state children's health insurance program.

(7) The department, subject to the terms and conditions of the section 1115 waiver:

[(a) shall establish the eligibility groups based upon the funding principles stated in [LC 281];]

(b) may provide medicaid coverage for one or more optional medicaid eligibility groups;

(c) may provide medicaid coverage for one or more specific populations of persons who are not within the federally authorized medicaid eligibility groups but who are within the requirements of subsection (8);

(d) may establish the service coverage, eligibility requirements, financial participation requirements, and other features for the administration and delivery of services to each section 1115 waiver eligibility group;

(e) shall set limits on the number of participants for each section 1115 waiver eligibility group;

(f) shall set limits on the total expenditures under each demonstration project; and

(g) shall set the limits on the total expenditures on the services to be provided to each section 1115 waiver eligibility group.

(8) The categories of persons that the department may consider for establishment as a section 1115 waiver eligibility group include but are not limited to:

(a) low-income parents of children who are eligible to participate in medicaid under 53-6-131 or in the state children's health insurance program authorized under Title 53, chapter 4, part 10;

(b) persons who because of low income and health-care needs are unable to procure health insurance coverage and are eligible to participate in a comprehensive health association plan authorized under Title 33, chapter 22, part 15;

(c) children who, because of limits on enrollment, may not be covered through the state children's health insurance program authorized under Title 53, chapter 4, part 10;

(d) children who are eligible to participate in the state children's health insurance program authorized under Title 53, chapter 4, part 10; and

(e) other specific groups of persons who are participants in programs or services funded solely or primarily through state general funds or who the department determines are in need of specific types of health care and related services, such as prescription drugs, reproductive health care, and mental health services, and are without adequate financial means to procure health insurance coverage of those needs.

(9) Children participating in a section 1115 waiver eligibility group or children who would be eligible to participate in the state children's health insurance program are subject to the eligibility criteria applicable under 53-4-1004, except as provided in subsection (10) of this section, for participation in the state children's health insurance program and must receive benefits as provided through the state children's health insurance program under 53-4-1005.

(10) (a) Except as provided in this subsection (10), the eligibility for the section 1115 waiver eligibility groups may not exceed 150% of the federal poverty level.

(b) The department may establish eligibility at greater than 150% but no more than 200% of the federal poverty level for any of the following groups established for purposes of a section 1115 waiver:

- (i) participants in the state children's health insurance program;
- (ii) participants in a group that may be covered under the state children's health insurance program;
- (iii) participants in a family planning program;
- (iv) participants in a group composed of persons previously served through a program funded with state general fund money and other nonmedicaid money; or
- (v) participants in a group composed of persons with a significant need for particular services that are not readily available to that population through insurance products or because of personal financial limitations.

(c) In establishing the eligibility criteria based upon federal poverty levels, the department shall select levels to ensure that the resulting expenditures will remain within the available funding and will conform with the terms and conditions of approval by the U.S. department of health and human services.

(d) The department may adopt additional programmatic and financial eligibility criteria for a section 1115 waiver eligibility group in order to appropriately define the subject population, to limit use for fiscal and programmatic purposes, to prevent improper use, and to conform the administration of the program with the terms and conditions of the section 1115 waiver.

(e) Eligibility criteria applicable to a section 1115 waiver eligibility group need not conform to the criteria applicable to another section 1115 waiver eligibility group or to a medicaid eligibility group that is not encompassed within the demonstration project.

(11) (a) For each section 1115 waiver eligibility group, the department shall establish the program benefit or benefits to be available to the participants in the group.

(b) Program benefits may be in the form of:

- (i) assistance in the payment of health insurance premiums for health care coverage through an employer or other existing group coverage available to the program enrollee;
- (ii) assistance in the payment of health insurance premiums for health care coverage that meets a set of defined standards and limitations adopted by the department in consultation with the commissioner of insurance and obtained from participating private insurers or through self-insured pools;
- (iii) premium purchase for insurance coverage on behalf of children who are 18 years of age or younger for the defined set of health care and related services adopted by the department for the state children's health insurance program authorized in Title 53, chapter 4, part 10; or

(iv) coverage of a defined set of health care and related services administered directly by the department on a fee-for-service basis.

(c) The department may limit the types of program benefits available to enrollees in a program. For programs in which the department provides for more than one type of program benefit, the department may require that enrollees, either as a whole or on an individual basis based on certain

circumstances, use certain types of program benefits in lieu of using other types of program benefits.

(d) The department shall, as necessary to maintain expenditures for a program within the available funding for that program, set monetary limitations on the total benefit amounts available on a periodic basis for an enrollee through that program, whether that benefit is in the form of premium assistance, premium purchase, or a set of covered services.

(12) The benefits for a section 1115 waiver eligibility group may be in the form of a defined set of covered services consisting of one or more of the mandatory and optional medicaid state plan services specified in 53-6-101 or other health-care related services. The department may select the types of services that constitute a defined set of covered services for a section 1115 waiver eligibility group. The department may provide coverage of a service not specified in 53-6-101 if the department determines the service to be appropriate for the particular section 1115 waiver eligibility group. The department may define the nature, components, scope, amount, and duration of each covered service to be made available to a section 1115 waiver eligibility group. The nature, components, scope, amount, and duration of a covered service made available to a section 1115 waiver eligibility group need not conform to those aspects of that service as defined by the department for delivery as a covered service to another section 1115 waiver eligibility group or to a medicaid eligibility group that is not encompassed within a section 1115 waiver.

(13) The department may adopt financial participation requirements for enrollees in a section 1115 eligibility group to foster appropriate use among enrollees and to maintain the fiscal accountability of the program. The department may adopt financial participation requirements, including but not limited to copayments, payment of monthly or yearly enrollment fees, or deductibles. The requirements may vary among the section 1115 waiver eligibility groups. In adopting financial participation requirements for enrollees selecting coverage as provided in subsection (11)(b)(iv), the department may not adopt cost-sharing amounts that exceed the nominal deductible, coinsurance, copayment, or similar charges adopted by the department to apply to categorically or medically needy persons for a service pursuant to the state medicaid plan.

(14) The department shall adopt rules as necessary for the implementation of a section 1115 waiver. Rules may include but are not limited to:

- (a) designation of programs and activities for implementation of a section 1115 waiver;
- (b) features and benefit coverage of the programs;
- (c) the nature, components, scope, amount, and duration of each program service;
- (d) appropriate insurance products and coverage as benefits;
- (e) required enrollee eligibility information;
- (f) enrollee eligibility categories, criteria, requirements, and related measures;
- (g) limits upon enrollment;
- (h) requirements and limitations for service costs and expenditures;

(i) measures to ensure the appropriateness and quality of services to be delivered;

(j) provider requirements and reimbursement;

(k) financial participation requirements for enrollees;

(l) use measures; and

(m) other appropriate provisions necessary for administration of a demonstration project and for implementation of the conditions placed upon approval of a section 1115 waiver by the U.S. department of health and human services.

(15) The department shall administer the programs and activities that are subject to a section 1115 waiver in accordance with the terms and conditions of approval by the U.S. department of health and human services. The department may modify aspects of established programs and activities administered by the department as may be necessary to implement a section 1115 waiver as provided in this section.

(16) The department may seek an initial duration and durational extensions for a section 1115 waiver as the department determines appropriate for demonstration and fiscal considerations.

(17) The department shall provide a report to the legislature, as provided in 5-11-210, on the conditions of approval and the status of implementation for each section 1115 waiver approved by the U.S. department of health and human services. For any proposed section 1115 waiver not approved by the U.S. department of health and human services, the department shall provide to the next legislative session a report on the basis for disapproval and an analysis of the fiscal costs and programmatic impacts of serving the persons within the proposed section 1115 waiver eligibility groups through eligibility under one of the optional medicaid eligibility categories established in federal law and authorized by 53-6-131.

(18) The department shall present a section 1115 waiver proposal to the appropriate medicaid advisory council, which must include consumer advocates, prior to the submission of the proposal to the federal government.

(19) The department shall present a section 1115 waiver proposal to the house appropriations committee or, during the interim, the children, families, health, and human services interim committee for review and comment at a public hearing prior to the submission of the proposal to the federal government for formal approval and shall also present the section 1115 waiver after final approval from the federal government.

(20) (a) The department shall provide for a public comment period on the proposed section 1115 waiver at least 60 days before the submission of the section 1115 waiver application to the federal government for formal approval.

(b) The department shall give notice of the proposal by announcing the pending submittal, stating its general purpose, and informing the public that information on the proposal is available on the department's website.

(c) The department shall provide for public comment through electronic means or mail and shall provide for a public forum in at least one location at which members of the public can submit views on the proposal. The department shall consider comments received and make any appropriate changes to the waiver request before submitting it to the federal government.

(d) The department shall post on its website the waiver concept paper, formal correspondence regarding a waiver proposal, and the final approved waiver, including documents received from the center for medicare and medicaid services.

Section 4. Codification instruction. [Section 3] is intended to be codified as an integral part of Title 53, chapter 2, part 2, and the provisions of Title 53, chapter 2, part 2, apply to [section 3].

Section 5. Coordination instruction. If Senate Bill No. 41 is not passed and approved, then the bracketed language in [section 3] is void.
